

China Vanadium Industry Report (2016–2021), Development Prospect and Investment Strategic Planning

目 录

CONTENTS

Chapter 1: Overview of development of China's vanadium industry

1.1 definition of vanadium industry

1.1.1 definition of vanadium industry

1.1.2 classification of vanadium products

1.1.3 scope of research of the report

1.2 processes and methods of mineral selection and extraction of vanadium industry

1.2.1 processes of mineral selection of vanadium

1.2.2 processes of extraction of vanadium

1.2.3 principles and methods of extraction

1.3 analysis of market environment of vanadium industry

1.3.1 economic environment of vanadium industry

(1) analysis of the international macro economic environment

(2) analysis of the national macro economic environment

(3) summary of macro economic environment of the industry

1.3.2 policy environment of vanadium industry

(1) analysis of policy of mining of vanadium industry

(2) analysis of import and export policies of vanadium products

(3) analysis of impact of related policies of vanadium

1.4 environmental problems of vanadium mining and measures

1.4.1 environmental problems of vanadium mining

1.4.2 measures for solving environmental problems of vanadium mining

Chapter 2: Analysis of distribution and price of China's vanadium resources

2.1 analysis of vanadium reserves and distribution

2.1.1 global vanadium reserves and distribution

(1) analysis of vanadium reserves

(2) geographical distribution of vanadium resources

2.1.2 China's vanadium reserves and distribution

(1) analysis of vanadium reserves

(2) geographical distribution of vanadium resources

2.2 analysis of output and demand of vanadium

2.2.1 global vanadium output and distribution

(1) analysis of vanadium output

(2) path of production of vanadium resources

(3) analysis of demand for vanadium resources

2.2.2 China's vanadium output and distribution

(1) analysis of vanadium output

(2) analysis of source of vanadium resources

(3) analysis of demand for vanadium resources

2.3 analysis of vanadium price

2.4 analysis of factors affecting vanadium prices

2.4.1 analysis of price trend of vanadium

Chapter 3: Analysis of product market and technology of China's vanadium industry

3.1 analysis of the international vanadium market

3.1.1 global vanadium output and distribution

3.1.2 analysis of global supply and demand of vanadium products

(1) analysis of supply and forecast

(2) analysis of demand and forecast

(3) analysis of supply and demand balance and forecast

3.2 main vanadium markets and forecast

- 3.2.1 vanadium slag
 - (1) analysis of supply of vanadium slag
 - (2) analysis of demand for vanadium slag
 - (3) analysis of price trend of vanadium slag
 - (4) analysis of major producers of vanadium slag
 - (5) level and direction of vanadium slag technology
 - (6) forecast of demand for vanadium slag
- 3.2.2 vanadium pentoxide
 - (1) analysis of supply of vanadium pentoxide
 - (2) analysis of demand for vanadium pentoxide
 - (3) analysis of price trend of vanadium pentoxide
 - (4) analysis of major producers of vanadium pentoxide
 - (5) level and direction of vanadium pentoxide technology
 - (6) forecast of demand for vanadium pentoxide
- 3.2.3 vanadium trioxide
 - (1) analysis of supply of vanadium trioxide
 - (2) analysis of demand for vanadium trioxide
 - (3) analysis of price trend of vanadium trioxide
 - (4) analysis of major producers of vanadium trioxide
 - (5) level and direction of vanadium trioxide technology
 - (6) forecast of demand for vanadium trioxide
- 3.2.4 vanadium iron
 - (1) analysis of supply of vanadium iron
 - (2) analysis of demand for vanadium iron
 - (3) analysis of price trend of vanadium iron
 - (4) analysis of major producers of vanadium iron
 - (5) level and direction of vanadium iron technology
 - (6) forecast of demand for vanadium iron
- 3.2.5 vanadium nitride
 - (1) analysis of supply of vanadium nitride
 - (2) analysis of demand for vanadium nitride
 - (3) analysis of price trend of vanadium nitride
 - (4) analysis of major producers of vanadium nitride
 - (5) level and direction of vanadium nitride technology
 - (6) forecast of demand for vanadium nitride

Chapter 4: Analysis of demand for China's vanadium industry and forecast

- 4.1 structure of demand of vanadium industry
- 4.2 forecast of demand for vanadium in steel industry
 - 4.2.1 analysis of application of vanadium in steel industry
 - 4.2.2 forecast of development of steel industry
 - (1) forecast of development of carbon steel
 - 1) analysis of scale of development of carbon steel
 - 2) analysis of development trends of carbon steel
 - 3) forecast of development of carbon steel
 - (2) forecast of development of HSLA steel
 - 1) analysis of scale of development of HSLA steel
 - 2) analysis of development trends of HSLA steel
 - 3) forecast of development of HSLA steel
 - (3) forecast of development of high-alloy steel
 - 1) analysis of scale of development of high-alloy steel
 - 2) analysis of development trends of high-alloy steel
 - 3) forecast of development of high-alloy steel
 - (4) forecast of development of tool steel
 - 1) analysis of scale of development of tool steel
 - 2) analysis of development trends of tool steel
 - 3) forecast of development of tool steel
 - 4.2.3 analysis of buyers of steel industry
 - (1) Panzhihua New Steel and Vanadium Corporation Limited
 - 1) the company's procurement

- 2) analysis of the company's procurement model
- (2) Hebei Iron and Steel Group
 - 1) the company's procurement
 - 2) analysis of the company's procurement model
- 4.2.4 analysis of influencing factors of demand for vanadium in steel industry
- 4.2.5 forecast of demand for vanadium in steel industry
- 4.3 forecast of demand for vanadium in VRB industry**
- 4.3.1 forecast of development of VRB industry
 - (1) analysis of scale of development of VRB industry
 - (2) analysis of development trends of VRB industry
 - (3) forecast of development of VRB industry
- 4.3.2 analysis of buyers of VRB industry
 - (1) Beijing Prudent Energy Technology Co., Ltd.
 - 1) analysis of the company's profile
 - 2) the company's operation
 - 3) the company's product structure and technical level
 - (2) Dalian Rongke Power Co. Ltd.
 - 1) analysis of the company's profile
 - 2) the company's operation
 - 3) the company's product structure and technical level
- 4.3.3 analysis of influencing factors of demand for vanadium in VRB industry
- 4.3.4 forecast of demand for vanadium in VRB industry
- 4.4 forecast of demand for vanadium in catalyst industry**
- 4.4.1 forecast of development of catalyst industry
 - (1) analysis of scale of development of catalyst industry
 - (2) analysis of development trends of catalyst industry
 - (3) forecast of development of catalyst industry
- 4.4.2 analysis of buyers of catalyst industry
 - (1) BASF Catalysts (Shanghai) Co., Ltd.
 - 1) analysis of the company's profile
 - 2) the company's operation
 - 3) the company's product structure and technical level
 - (2) Johnson Matthey (Shanghai) Catalyst Co., Ltd.
 - 1) analysis of the company's profile
 - 2) the company's operation
 - 3) the company's product structure and technical level
- 4.4.3 analysis of influencing factors of demand for vanadium in catalyst industry
- 4.4.4 forecast of demand for vanadium in catalyst industry
- 4.5 forecast of demand for vanadium in other industries**
- 4.5.1 forecast of demand for vanadium in the field of military aviation
 - (1) scale of investment in the field of military aviation and forecast
 - (2) analysis of demand for vanadium in the field of military aviation
- 4.5.2 forecast of demand for vanadium in the field of alloy
 - (1) scale of investment in the field of alloy and forecast
 - (2) forecast of demand for vanadium in the field of alloy
- 4.5.3 forecast of demand for vanadium in the field of medicine
 - (1) scale of investment in the field of medicine and forecast
 - (2) analysis of demand for vanadium in the field of medicine

Chapter 5: Analysis of import and export markets of China's vanadium industry

- 5.1 summary of import and export of vanadium industry**
- 5.2 analysis of export market of vanadium industry**
 - 5.2.1 analysis of export of vanadium industry
 - (1) overall situation of export of the industry
 - (2) structure of export product of the industry
 - 5.2.2 analysis of export of vanadium industry
 - (1) overall situation of export of the industry
 - (2) structure of export product of the industry
- 5.3 analysis of import market of vanadium industry**
 - 5.3.1 analysis of import of vanadium industry

- (1) overall situation of import of the industry
- (2) structure of import product of the industry
- 5.3.2 analysis of import of vanadium industry
 - (1) overall situation of import of the industry
 - (2) structure of import product of the industry
- 5.4 forecast of import and export of vanadium industry**
- 5.4.1 forecast of export of vanadium industry
- 5.4.2 forecast of import of vanadium industry

Chapter 6: Analysis of market competition of China's vanadium industry

- 6.1 analysis of competition trend of vanadium industry**
 - 6.1.1 analysis of bargaining power of the industry
 - 6.1.2 analysis of threat of substitutes of the industry
 - 6.1.3 analysis of potential entrants of the industry
 - 6.1.4 analysis of competitive landscape of the industry
- 6.2 SWOT analysis of vanadium industry**
 - 6.2.1 analysis of competitive advantages of vanadium industry
 - 6.2.2 analysis of competitive disadvantages of vanadium industry
 - 6.2.3 analysis of potential opportunities of vanadium industry
 - 6.2.4 analysis of external threats of vanadium industry

Chapter 7: Analysis of operation of major enterprises of China's vanadium industry

- 7.1 analysis of key vanadium enterprises**
 - 7.1.1 Pangang Group Vanadium Titanium & Resources Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and R&D capability
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's operation
 - 1) analysis of major economic indicators
 - 2) analysis of the company's profitability capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's solvency capability
 - 5) analysis of the company's development capability
 - (5) analysis of advantages and disadvantages of the company's operation
 - (6) analysis of the company's latest development trend
 - 7.1.2 Hebei Iron and Steel Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and R&D capability
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's operation
 - 1) analysis of the company's capabilities of production and marketing
 - 2) analysis of the company's profitability capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's solvency capability
 - 5) analysis of the company's development capability
 - (5) analysis of advantages and disadvantages of the company's operation
 - (6) analysis of the company's latest development trend
 - 7.1.3 Xining Special Steel Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and R&D capability
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's operation
 - 1) analysis of major economic indicators
 - 2) analysis of the company's profitability capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's solvency capability
 - 5) analysis of the company's development capability
 - (5) analysis of advantages and disadvantages of the company's operation
 - (6) analysis of the company's latest development trend
 - 7.1.4 Chuanwei Group Co., Ltd.
 - (1) brief introduction of the company's development

- (2) analysis of the company's product structure and R&D capability
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's operation
 - 1) analysis of the company's capabilities of production and marketing
 - 2) analysis of the company's profitability capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's solvency capability
 - 5) analysis of the company's development capability
 - (5) analysis of advantages and disadvantages of the company's operation
 - (6) analysis of the company's latest development trend
- 7.1.5 Xichang New Steel Co., Ltd. of Pangang Group
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and R&D capability
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's operation
 - 1) analysis of the company's capabilities of production and marketing
 - 2) analysis of the company's profitability capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's solvency capability
 - 5) analysis of the company's development capability
 - (5) analysis of advantages and disadvantages of the company's operation
 - (6) analysis of the company's latest development trend
- 7.1.6 Beihai Special Ferroalloy Co., Ltd. of Pangang Group
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and R&D capability
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's operation
 - 1) analysis of the company's capabilities of production and marketing
 - 2) analysis of the company's profitability capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's solvency capability
 - 5) analysis of the company's development capability
 - (5) analysis of advantages and disadvantages of the company's operation
 - (6) analysis of the company's latest development trend

7.2 case study of leading enterprises of the international vanadium industry

- 7.2.1 South African Highveld &Vanadium Corporation
- (1) analysis of the company's profile
 - (2) analysis of the company's operation
 - (3) analysis of the company's investment trend
- 7.2.2 American Strategic Minerals
- (1) analysis of the company's profile
 - (2) analysis of the company's operation
 - (3) analysis of the company's investment trend
- 7.2.3 Denison Mining Company
- (1) analysis of the company's profile
 - (2) analysis of the company's operation
 - (3) analysis of the company's investment trend
- 7.2.4 Evraz Group
- (1) analysis of the company's profile
 - (2) analysis of the company's operation
 - (3) analysis of the company's investment trend
- 7.2.5 Swiss Sudelektra Company
- (1) analysis of the company's profile
 - (2) analysis of the company's operation
 - (3) analysis of the company's investment trend

7.3 case study of leading enterprises of domestic vanadium industry

- 7.3.1 Chengde Xinxin Vanadium and Titanium Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and R&D capability

- (3) analysis of the company's sales channels and network
 - (4) analysis of the company's operation
 - 1) analysis of major economic indicators
 - 2) analysis of the company's profitability capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's solvency capability
 - 5) analysis of the company's development capability
 - (5) analysis of advantages and disadvantages of the company's operation
 - (6) analysis of the company's latest development trend
- 7.3.2 Panzhihua Xingchen Vanadium and Titanium Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and R&D capability
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's operation
 - 1) analysis of the company's capabilities of production and marketing
 - 2) analysis of the company's profitability capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's solvency capability
 - 5) analysis of the company's development capability
 - (5) analysis of advantages and disadvantages of the company's operation
 - (6) analysis of the company's latest development trend
- 7.3.3 Jinzhou Vanadium Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and R&D capability
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's operation
 - 1) analysis of the company's capabilities of production and marketing
 - 2) analysis of the company's profitability capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's solvency capability
 - 5) analysis of the company's development capability
 - (5) analysis of advantages and disadvantages of the company's operation
 - (6) analysis of the company's latest development trend
- 7.3.4 Jiangxi Yongsheng Mining Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and R&D capability
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's operation
 - 1) analysis of the company's capabilities of production and marketing
 - 2) analysis of the company's profitability capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's solvency capability
 - 5) analysis of the company's development capability
 - (5) analysis of advantages and disadvantages of the company's operation
 - (6) analysis of the company's latest development trend
- 7.3.5 Huili Caitong Iron and Titanium Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and R&D capability
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's operation
 - 1) analysis of the company's capabilities of production and marketing
 - 2) analysis of the company's profitability capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's solvency capability
 - 5) analysis of the company's development capability
 - (5) analysis of advantages and disadvantages of the company's operation
 - (6) analysis of the company's latest development trend
- 7.3.6 Shenyang Huarui Vanadium Co., Ltd.
- (1) brief introduction of the company's development

- (2) analysis of the company's product structure and R&D capability
- (3) analysis of the company's sales channels and network
- (4) analysis of the company's operation
 - 1) analysis of the company's capabilities of production and marketing
 - 2) analysis of the company's profitability capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's solvency capability
 - 5) analysis of the company's development capability
- (5) analysis of advantages and disadvantages of the company's operation
- (6) analysis of the company's latest development trend

7.3.7 Hunan Xinhongda Vanadium Co., Ltd.

- (1) brief introduction of the company's development
- (2) analysis of the company's product structure and R&D capability
- (3) analysis of the company's sales channels and network
- (4) analysis of the company's operation
 - 1) analysis of the company's capabilities of production and marketing
 - 2) analysis of the company's profitability capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's solvency capability
 - 5) analysis of the company's development capability
- (5) analysis of advantages and disadvantages of the company's operation
- (6) analysis of the company's latest development trend

7.3.8 Dalian Galaxy Metal Material Co., Ltd.

- (1) brief introduction of the company's development
- (2) analysis of the company's product structure and R&D capability
- (3) analysis of the company's sales channels and network
- (4) analysis of the company's operation
 - 1) analysis of the company's capabilities of production and marketing
 - 2) analysis of the company's profitability capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's solvency capability
 - 5) analysis of the company's development capability
- (5) analysis of advantages and disadvantages of the company's operation
- (6) analysis of the company's latest development trend

7.3.9 Panzhihua Daxinan Industrial Co., Ltd.

- (1) brief introduction of the company's development
- (2) analysis of the company's product structure and R&D capability
- (3) analysis of the company's sales channels and network
- (4) analysis of the company's operation
 - 1) analysis of the company's capabilities of production and marketing
 - 2) analysis of the company's profitability capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's solvency capability
 - 5) analysis of the company's development capability
- (5) analysis of advantages and disadvantages of the company's operation
- (6) analysis of the company's latest development trend

7.3.10 Nanjing Yongfu Special Ferroalloy Plant

- (1) brief introduction of the company's development
- (2) analysis of the company's product structure and R&D capability
- (3) analysis of the company's sales channels and network
- (4) analysis of the company's operation
 - 1) analysis of the company's capabilities of production and marketing
 - 2) analysis of the company's profitability capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's solvency capability
 - 5) analysis of the company's development capability
- (5) analysis of advantages and disadvantages of the company's operation
- (6) analysis of the company's latest development trend

7.3.11 Huaihua Hongjiang Textile Accessories Ferroalloy Plant

- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and R&D capability
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's operation
 - 1) analysis of the company's capabilities of production and marketing
 - 2) analysis of the company's profitability capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's solvency capability
 - 5) analysis of the company's development capability
 - (5) analysis of advantages and disadvantages of the company's operation
 - (6) analysis of the company's latest development trend
7. 3. 12 Jishou Huifeng Mining Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and R&D capability
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's operation
 - 1) analysis of the company's capabilities of production and marketing
 - 2) analysis of the company's profitability capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's solvency capability
 - 5) analysis of the company's development capability
 - (5) analysis of advantages and disadvantages of the company's operation
 - (6) analysis of the company's latest development trend
7. 3. 13 Sichuan Jiangyou Dakang Metallurgical Plant
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and R&D capability
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's operation
 - 1) analysis of the company's capabilities of production and marketing
 - 2) analysis of the company's profitability capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's solvency capability
 - 5) analysis of the company's development capability
 - (5) analysis of advantages and disadvantages of the company's operation
 - (6) analysis of the company's latest development trend
7. 3. 14 Shaanxi Wuzhou Mining Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and R&D capability
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's operation
 - (5) analysis of advantages and disadvantages of the company's operation
 - (6) analysis of the company's latest development trend
7. 3. 15 Shaanxi Huayuan Mining Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and R&D capability
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's operation
 - (5) analysis of advantages and disadvantages of the company's operation
 - (6) analysis of the company's latest development trend
7. 3. 16 Hubei Youjin Vanadium Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and R&D capability
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's operation
 - (5) analysis of advantages and disadvantages of the company's operation
 - (6) analysis of the company's latest development trend

Chapter 8: Investment of China's vanadium industry and forecast

8. 1 analysis of risks of investment of China's vanadium industry

8. 1. 1 analysis of policy risk of vanadium industry

- 8.1.2 analysis of technical risk of vanadium industry
- 8.1.3 analysis of risk of supply and demand of vanadium industry
- 8.1.4 analysis of risk of macro economic fluctuation of vanadium industry
- 8.1.5 risk of related industries of vanadium industry
- 8.2 analysis of characteristics of investment of China's vanadium industry**
 - 8.2.1 analysis of entry barriers of vanadium industry
 - 8.2.2 analysis of exit barriers of vanadium industry
 - 8.2.3 analysis of success factors of vanadium industry
- 8.3 forecast of development of China's vanadium industry**
 - 8.3.1 analysis of development trends of vanadium industry
 - 8.3.2 forecast of development of vanadium industry
- 8.4 analysis of proposals for development of China's vanadium industry**
 - 8.4.1 expansion of application areas of vanadium
 - 8.4.2 guide enterprises to develop the deep processing of vanadium products
 - 8.4.3 strengthen supervision and integration efforts of domestic vanadium industry
