

China Biomaterial Industry Market Forecast and Investment Strategy Report, 2013–2017

目 录

CONTENTS

Chapter 1: Development Overview of China Biomaterial Industry

1.1 Industry Definition

- 1.1.1 Industry Definition
- 1.1.2 Explanation of Technical Terms Related to Industry
- 1.1.3 Definition of Report Research Scope

1.2 Analysis of Industry Features

- 1.2.1 Basic Features of Industry
- 1.2.2 Analysis of Industry Features
 - (1) High Risk
 - (2) High Profitability
 - (3) Knowledge- and Technology-intensive
 - (4) Cluster Effect of Industry Innovation

1.3 Analysis of Industry Significance

- 1.3.1 Analysis of Development Strategic Position of Biomaterial Industry
- 1.3.2 Biomaterial Application in Implantable Medical Device
- 1.3.3 Biomaterial's Position in Implantable Medical Device

1.4 Research Methods for Industry and Data Sources

- 1.4.1 Overview of Research Methods for Industry
- 1.4.2 Data Sources in the Industry

Chapter 2: Analysis of Market Environment for China Biomaterial Industry

2.1 Analysis of Policy Environment for Biomaterial Industry

- 2.1.1 Management System of Industry
- 2.1.2 Policies Related to Industry
 - (1) Key State Regulation of Medical Equipment Directory
 - (2) Act Outline for Biomedical Engineering Industrialization
 - (3) China's Policies to Promote Development of Bio Industry
 - (4) The State Council on Speeding up the Cultivation and Development of Strategic Emerging Industries

2.1.3 Development Planning of Industry

- (1) "Twelfth Five-year" Development Plan for Biotechnology
- (2) "Twelfth Five-year" Development Plan for New Materials Industry
- (3) "Twelfth Five-year" Development Plan for Medical Device Industry
- (4) National "Twelfth Five-year" Development Plan for Science and Technology
- (5) Outline of the National Plan for Medium- and Long-term Scientific and Technological Development (2006–2020)

2.2 Analysis of Economic Environment for Biomaterial Industry

- 2.2.1 China's Macro-economic Status
 - (1) China's GDP Growth
 - (2) GDP Per Capital Growth
 - (3) Growth of Resident's Income
 - (4) Household Consumption Expenditure
 - (5) Household Consumption Structure
- 2.2.2 China Macro-economic Prospects

2.3 Analysis of Demand Environment for Biomaterial Industry

- 2.3.1 Total Population Growth
- 2.3.2 Demographic Change
 - (1) Trend of Population Aging
 - (2) Urbanization Progress
- 2.3.3 Disease Prevalence for Resident

2.3.4 Health Care Level for Resident

2.4 Analysis of Technology Environment for Biomaterial Industry

2.4.1 Technology Level of Biomaterial Industry

2.4.2 Research Status of Biomaterial Industry

2.4.3 Research Priorities of Biomedical Materials

- (1) Biodegradation of Biomedical Materials
- (2) Develop New Medical Alloys and Materials
- (3) Enhance the Healing Property of Biomaterials
- (4) Improve the Histocompatibility of Biomaterials
- (5) Nano Biomaterial - A Research Hotspot
- (6) Biology Functionalization and Intellectualization
- (7) Research and Develop Biomaterials with Special Functions

2.4.4 Analysis of Research Progress of Biomaterial Industry

2.4.5 Analysis of Research Trend for Biomaterial Industry

Chapter 3: Analysis of Development Situation of China Biomaterial Industry

3.1 Development Status of Biomaterial Industry

3.1.1 Development History of Biomaterial Industry

3.1.2 Development Status of Biomaterial Industry

3.1.3 Supply and Demand Situation of Biomaterial Industry

- (1) Market Development Size
- (2) Market Demand Situation

3.1.4 Regional Distribution of Biomaterial Industry

3.1.5 Analysis of Biomaterial Application Fields

3.2 Industrialization Level of Biomaterial Industry

3.2.1 Biomaterial Industrialization Level

3.2.2 Progress of Biomaterial Industrialization

3.2.3 Restraint Factors of Biomaterial Industrialization

3.2.4 Problems in Biomaterial Industrialization

- (1) Smaller Size of Enterprise
 - (2) Raw Materials Depend on Import
 - (3) Irrational Technical Structure
 - (4) Slow Transformation of Research Achievements
 - (5) Trade Friction and Technical Barrier
- #### 3.2.5 Development Suggestions for Biomaterial Industry
- (1) Independent Innovation
 - (2) Protection of Knowledge Property
 - (3) Integrate Research Institution
 - (4) Improve Product Added
 - (5) Promote Transformation of Science and Technology Achievements
 - (6) Construct Testing and Evaluation Lab

3.3 Progress of Nano Biomaterial Industrialization

3.3.1 Procedure of Biomaterial Industrialization

3.3.2 Concept of Nano Biomaterial Industrialization

3.3.3 Progress of Nano Biomaterial Industrialization

3.3.4 Biomaterial Industrialization Base

3.3.5 Prospects for Biomaterial Industrialization

3.4 Evaluation on Biocompatibility of Biomaterials

3.4.1 Concept of Biocompatibility of Biomaterials

3.4.2 Classification of Biocompatibility of Biomaterials

- (1) Histocompatibility
- (2) Blood Compatibility

3.4.3 Evaluation on Biocompatibility of Biomaterials

- (1) Standards for Evaluation on Biocompatibility
- (2) Evaluation Projects for Biocompatibility
- (3) Evaluation Methods for Biocompatibility
 - 1) Cytotoxicity Test
 - 2) Blood Compatibility Test
 - 3) Genetic Toxicology and Carcinogenic Test

3.4.4 Prospects for Evaluation on Biocompatibility of Biomaterials

3.5 Analysis of Import and Export of Biomaterial Industry

- 3.5.1 Analysis of Import Trend for Biomaterial Industry
- 3.5.2 Analysis of Export Trend for Biomaterial Industry

3.6 Complementary of Biomaterials and Interventional Medical Device

- 3.6.1 Definition of Interventional Medical Device
- 3.6.2 Varieties of Interventional Medical Device
- 3.6.3 Development of Biomaterials and Industrialization of Interventional Medical Device
 - (1) Development of Biomaterials Lays the Foundation for Interventional Medical Device
 - (2) Development of Interventional Medical Device Industrialization Promotes Application of New

Materials

- 3.6.4 Thinking on the Development of China Interventional Medical Device Industrial Chain

Chapter 4: Analysis of Market Competition of Biomaterial Industry

4.1 Analysis of Overall Market Competition of Industry

4.2 Analysis of Competition of International Biomaterials Market

- 4.2.1 Development Status of International Biomaterial Industry
 - (1) Analysis of Size of International Biomaterials Market
 - (2) Analysis of International Biomaterial Product Market
- 4.2.2 Analysis of Competition of International Biomaterials Market
- 4.2.3 Development Trend for International Biomaterials Industry

4.3 Analysis of Competition of China Biomaterials Market

- 4.3.1 SWOT Analysis of China Biomaterial Industry
- 4.3.2 Analysis of Concentration of China Biomaterial Industry
- 4.3.3 Analysis of Five-force Model for China Biomaterial Industry
 - (1) Upstream Bargaining Power of Industry
 - (2) Downstream Bargaining Power of Industry
 - (3) Threat of New Entrants
 - (4) Threat of Substitutes
 - (5) Analysis of Competitive Landscape

Chapter 5: Analysis of Market Segments of Biomaterial Industry

5.1 Varieties and Features of Biomaterials

- 5.1.1 Classification of Biomaterials
- 5.1.2 Performance of Biomaterials
- 5.1.3 Features of Biomaterials

5.2 Analysis of Biomaterials Market by Material Property

- 5.2.1 Analysis of Biomedical Metallic Materials Market
 - (1) Classification of Biomedical Metallic Materials
 - (2) Clinic Application Information of Biomedical Metallic Materials
- 5.2.2 Analysis of Biomedical Polymer Materials Market
 - (1) Concept of Biomedical Polymer Materials
 - (2) Classification of Biomedical Polymer Materials
 - 1) Classification by Source
 - 1. Analysis of Natural Biomedical Polymer Materials
 - 2. Analysis of Synthetized Biomedical Polymer Materials
 - 2) Classification by Property
 - 1. Analysis of Non-Degradable Biomaterials Market
 - 2. Analysis of Degradable Biomaterials Market
- 5.2.3 Analysis of Biomedical Ceramic Materials Market
 - (1) Concept of Biomedical Ceramic Materials
 - (2) Classification of Biomedical Ceramic Materials
 - (3) Research Hotspots of Biomedical Ceramic Materials
 - (4) Clinic Application of Biomedical Ceramic Materials

5.3 Analysis of Biomaterials Market by Material Performance

- 5.3.1 Analysis of Biological Composite Materials Market
 - (1) Concept of Biological Composite Materials
 - (2) Classification of Biological Composite Materials
 - (3) Research Status of Biological Composite Materials
 - (4) Analysis of Application of Biological Composite Materials
 - (5) Development Trend for Biological Composite Materials
- 5.3.2 Analysis of Hybrid Biological Materials Market

- (1) Concept of Hybrid Biological Materials
- (2) Typical Products of Hybrid Biological Materials
- (3) Application Fields of Hybrid Biological Materials
- 5.3.3 Analysis of Bioinert Materials Market
- 5.3.4 Analysis of Bioactive Materials Market
- 5.3.5 Analysis of Biodegradable Materials Market

5.4 Analysis of Biomaterials Market by Material Use

- 5.4.1 Analysis of Hard Tissue Repair Materials
 - (1) Analysis of Bone Repair Materials Market
 - (2) Analysis of Artificial Joint Materials Market
- 5.4.2 Analysis of Soft Tissue Repair Materials Market
- 5.4.3 Analysis of Dental Restorative Materials Market
- 5.4.4 Problems and Suggestions for Tissue Repair Materials

5.5 Analysis of New Generation Biomaterials Market

- 5.5.1 Analysis of Nano Biomaterials Market
 - (1) Metal-nanoparticle Coated Biomaterials
 - 1) Gold Nanoparticle-coated Biomaterials
 - 2) Silver Nanoparticle-coated Biomaterials
 - 3) Iron Nanoparticle-coated Biomaterials
 - (2) Nano Non-metallic Biomaterials
 - 1) Nano-ceramic Biomaterials
 - 2) Carbon Nano-biomaterials
 - 3) Nano-magnetic Biomaterials
 - (3) Nano-polymer Biomaterials
 - 1) Natural Nano-polymer Biomaterials
 - 2) Synthesized Nano-polymer Biomaterials
 - (4) Nanocomposite Biomaterials
 - 1) Poly(lactic acid)-based Nano-biocomposites
 - 2) Chitosan Compo Sites Biomaterials
 - 3) Nano-hydroxyapatite Biocomposites
- 5.5.2 Analysis of Tissue Engineering Biomaterials
 - (1) Requirements for Tissue Engineering Biomaterials
 - (2) Product Classification of Tissue Engineering Biomaterials
 - 1) Tissue Engineering Cartilage Scaffolds Biomaterials
 - 2) Tissue Engineering Intravascular Scaffolds Biomaterials
 - 3) Other Biomaterials Related to Tissue Engineering
 - (3) Analysis of Tissue Engineering Biomaterials Technology
 - 1) Preparation Technology for Tissue Engineering Biomaterials
 - 2) Research Hotspots of Tissue Engineering Biomaterials
 - 3) Research Trend for Tissue Engineering Biomaterials
 - (4) Prospects Forecast for Tissue Engineering Biomaterials
- 5.5.3 Analysis of Drug-Controlled Release Materials Market
- 5.5.4 Analysis of Molecular diagnosis biomaterials Market
- 5.5.5 Analysis of Tissue Induction Biomaterials Market

Chapter 6: Analysis of Products Associated with Biomaterials in Clinic Application

6.1 Analysis of Gelatin Products Used in Clinic Application

- 6.1.1 Performance of Gelatin Products
- 6.1.2 Gelatin Products Used in Clinic Application
- 6.1.3 Gelatin Products Manufacturing Enterprises
- 6.1.4 Application Prospects for Gelatin Products

6.2 Analysis of Polylactic Acid Products Used in Clinic Application

- 6.2.1 Performance of Polylactic Acid Products
- 6.2.2 Polylactic Acid Products Used in Clinic Application
- 6.2.3 Polylactic Acid Products Used in Clinic Application
- 6.2.4 Polylactic Acid Products Manufacturing Enterprises
- 6.2.5 Application Prospects for Polylactic Acid Products

6.3 Analysis of Polyurethane Products Used in Clinic Application

- 6.3.1 Research Status of Medical Polyurethane Products
- 6.3.2 Application Advantages for Medical Polyurethane Products

- 6.3.3 Application Fields of Medical Polyurethane Products
- 6.3.4 Medical Polyurethane Products Used in Clinic Application
- 6.3.5 Medical Polyurethane Products Manufacturing Enterprises
- 6.3.6 Application Prospects for Medical Polyurethane Products

6.4 Performance of Collagen-based Products

- 6.4.1 Performance of Collagen-based Products
- 6.4.2 Application Fields of Collagen-based Products
- 6.4.3 Collagen-based Products Used in Clinic Application
- 6.4.4 Collagen-based Products Manufacturing Enterprises
- 6.4.5 Application Prospects for Collagen-based Products

Chapter 7: Analysis of Implanting Materials and Terminal Products Market

7.1 Analysis of Operation of Implanting Device Manufacturing Industry

- 7.1.1 Size of Implanting Device Manufacturing Industry
- 7.1.2 Production of Implanting Device Manufacturing Industry
- 7.1.3 Demand for Implanting Device Manufacturing Industry
- 7.1.4 Balance between Supply and Demand of Implanting Device Manufacturing Industry
- 7.1.5 Fiscal Operation of Implanting Device Manufacturing Industry
- 7.1.6 Operating Features and Trend for Implanting Device Manufacturing Industry

7.2 Analysis of Sports-supported Artificial Organs Market

- 7.2.1 Analysis of Artificial Bone Market
 - (1) Analysis of Demand for Artificial Bone
 - (2) Clinic Application Status of Artificial Bone
 - (3) Artificial Bone Manufacturing Enterprises
 - (4) Analysis of Artificial Bone (Injectable)
 - (5) Prospects Forecast for Artificial Bone Market
- 7.2.2 Analysis of Artificial Joint Market
 - (1) Analysis of Demand for Artificial Joint
 - (2) Artificial Joint Manufacturing Enterprises
 - (3) Prospects Forecast for Artificial Joint Market
- 7.2.3 Analysis of Artificial Limb Market
 - (1) Analysis of Demand for Artificial Limb
 - (2) Artificial Limb Manufacturing Enterprises
 - (3) Prospects Forecast for Artificial Limb Market
- 7.2.4 Analysis of Artificial Spine Market
 - (1) Analysis of Demand for Artificial Spine
 - (2) Artificial Spine Manufacturing Enterprises
 - (3) Prospects Forecast for Artificial Spine Market
- 7.2.5 Analysis of Artificial Tendon Market
 - (1) Concept of Artificial Tendon
 - (2) Biomaterials of Artificial Tendon
 - (3) Analysis of Artificial Tendon Application
 - (4) Market Prospects for Artificial Tendon

7.3 Analysis of Blood Circulation Function-based Artificial Organs Market

- 7.3.1 Analysis of Closure Device Market
 - (1) Analysis of Demand for Closure Device Market
 - (2) Competitive Landscape of Closure Device Market
 - (3) Major Closure Device Manufacturing Enterprises
 - (4) Profit Level of Closure Device Enterprises
 - (5) Prospects Forecast for Closure Device Market
- 7.3.2 Analysis of Artificial Blood Vessel Market
 - (1) Development Overview of Artificial Blood Vessel
 - (2) Classification of Artificial Blood Vessel Products
 - (3) Industrialization Level of Artificial Blood Vessel
 - (4) Prospects Forecast for Artificial Blood Vessel Market
- 7.3.3 Analysis of Artificial Heart Valve Market
 - (1) Analysis of Demand for Artificial Heart Valve Market
 - (2) Major Artificial Heart Valve Manufacturing Enterprises
 - (3) Competitive Landscape of Artificial Heart Valve Market
 - (4) Prospects Forecast for Artificial Heart Valve Market

7.4 Analysis of Respiratory System Function-based Artificial Organs Market

7.4.1 Analysis of Artificial Lung Market

- (1) Analysis of Demand for Artificial Lung Market
- (2) Analysis of Artificial Lung Manufacturing Enterprises
- (3) Prospects Forecast for Artificial Lung Market

7.4.2 Analysis of Artificial Larynx Market

- (1) Classification of Artificial Larynx Products
- (2) Analysis of Demand for Artificial Larynx Market
- (3) Major Artificial Larynx Manufacturing

7.5 Analysis of Sensor Conduction Function-based Artificial Organs Market

7.5.1 Analysis of Intraocular Lens Market

- (1) Analysis of Demand for Intraocular Lens Market
- (2) Major Intraocular Lens Manufacturing Enterprises
- (3) Prospects Forecast for Intraocular Lens Market

7.5.2 Analysis of Artificial Cornea Market

- (1) Analysis of Demand for Artificial Cornea Market
- (2) Development Overview of Artificial Cornea Market
- (3) Major Artificial Cornea Manufacturing Enterprises
- (4) Prospects Forecast for Artificial Cornea Market

7.5.3 Analysis of Artificial Cochlea Market

- (1) Analysis of Demand for Artificial Cochlea Market
- (2) Competitive Landscape of Artificial Cochlea Market
- (3) Major Artificial Cochlea Manufacturing Enterprises
- (4) Nationalization Process for Artificial Cochlea
- (5) Challenges for Nationalization of Artificial Cochlea
- (6) Development Potentials for Artificial Cochlea Market

7.6 Face-lift Function-based Artificial Organs Market

7.6.1 Analysis of Nose Prosthesis Market

- (1) Analysis of Demand for Nose Prosthesis Market
- (2) Major Nose Prosthesis Manufacturing Enterprises
- (3) Prospects Forecast for Nose Prosthesis Market

7.6.2 Analysis of Breast Prosthesis Market

- (1) Analysis of Demand for Breast Prosthesis Market
- (2) Major Breast Prosthesis Manufacturing Enterprises
- (3) Prospects Forecast for Breast Prosthesis Market

7.6.3 Analysis of Artificial Skin Market

- (1) Analysis of Demand for Artificial Skin Market
- (2) Analysis of Application Fields of Artificial Skin
- (3) Industrialization Level of Artificial Skin
- (4) Analysis of Market Prospects for Artificial Skin

7.6.4 Analysis of Artificial Dental Implant Market

- (1) Analysis of Demand for Artificial Dental Implant Market
- (2) Competitive Landscape of Artificial Dental Implant Market
- (3) Prospects Forecast for Artificial Dental Implant Market

7.7 Analysis of Other Types of Artificial Organs Market

7.7.1 Analysis of Artificial Pancreas Market

- (1) Analysis of Demand for Artificial Pancreas Market
- (2) Major Artificial Pancreas Manufacturing Enterprises
- (3) Prospects Forecast for Artificial Pancreas Market

7.7.2 Analysis of Artificial Liver Market

- (1) Analysis of Demand for Artificial Liver Market
- (2) Major Artificial Liver Manufacturing Enterprises
- (3) Prospects Forecast for Artificial Liver Market

7.7.3 Analysis of Artificial Kidney Market

- (1) Analysis of Demand for Artificial Kidney Market
- (2) Major Artificial Kidney Manufacturing Enterprises
- (3) Prospects Forecast for Artificial Kidney Market

7.7.4 Analysis of Cardiac Pacemaker Market

- (1) Analysis of Demand for Cardiac Pacemaker Market

- (2) Competitive Landscape of Cardiac Pacemaker Market
- (3) Prospects Forecast for Cardiac Pacemaker Market

7.8 Analysis of Other Major Biomaterial Products Market

7.8.1 Analysis of Medical Dressings Market

- (1) Major Varieties of Medical Dressings
 - 1) Traditional Bandage Dressing
 - 2) Biomaterial Medical Dressing
 - 3) Artificial Synthetic Dressing
 - 4) Mineral-based Dressing
 - 5) Growth Factor Dressing
 - 6) Nano-tech Dressing
- (2) Competitive Landscape of Medical Dressings Market
- (3) Demand Size of Medical Dressings Market
- (4) Operation of Medical Dressings Import & Export
- (5) Analysis of High-end Medical Dressings Market
 - 1) Demand Factors of Global High-end Medical Dressings Market
 - 2) Market Pattern of Global High-end Medical Dressings Market
 - 3) Major Fresh-type and High-end Medical Dressings around the World
 - 4) Market Pattern of China High-end Medical Dressings Market
 - 5) Market Opportunity for China High-end Medical Dressings Market
- (6) Problems in Medical Dressings Market
- (7) Development Trend for Medical Dressings Market
- (8) Demand Prospects for Medical Dressings Market

7.8.2 Analysis of Bone Plate Market

- (1) Analysis of Demand for Bone Plate Market
- (2) Major Bone Plate Manufacturing Enterprises
- (3) Prospects Forecast for Bone Plate Market
