

# China Penicillin Industry Research Report (2016–2021), Market Demand & Investment Forecast

## 目 录

### CONTENTS

#### Chapter 1: Overview of development of China's penicillin industry

##### 1.1 definition and classification of penicillin industry

1.1.1 concept and definition of the industry

1.1.2 classification of major products of the industry

##### 1.2 analysis of industrial chain of penicillin industry

1.2.1 introduction of industrial chain of penicillin industry

1.2.2 analysis of the upstream raw material market of penicillin industry

(1) analysis of the grain market and price trends

(2) supply and demand situation of grain market

1) supply and demand situation corn market

1. the scale of corn planting

1.1) analysis of output of corn

1.2) analysis of consumption volume of corn

1.3) analysis of import and export of corn

1.4) analysis of market price of corn

2) supply and demand situation of soybean market

1. the scale of soybean planting

1.1) analysis of output of soybean

1.2) analysis of consumption volume of soybean

1.3) analysis of import and export of soybean

1.4) analysis of market price of soybean

(3) analysis of crude oil market and price trends

1) supply situation of oil

2) demand situation of oil

3) oil import and export

4) dependence on foreign oil

5) analysis of oil price trends

(4) analysis of development of medical packaging market

(5) analysis of development of energy market

1) analysis of supply and demand situation of coal industry

1. supply situation of coal

2. demand situation of coal

3. analysis of coal price trends

4. coal import and export

2) analysis of supply and demand situation of electricity industry

1. power capacity

2. the scale of power generation

3. power consumption

4. investment of power construction

(6) analysis of impact of development of the upstream raw material market

1.2.3 analysis of downstream market of penicillin industry

(1) analysis of development of the pharmaceutical distribution industry

(2) analysis of development of drug terminal market

1) analysis of impact of the development of downstream industries

#### Chapter 2: Analysis of development of penicillin industry

##### 2.1 analysis of development of China's penicillin industry

2.1.1 general overview of the development of China's penicillin industry

2.1.2 main features of the development of China's penicillin industry

##### 2.2 analysis of supply and demand of China's penicillin industry

- 2.2.1 analysis of supply of China's penicillin industry
- 2.2.2 analysis of demand of China's penicillin industry
  - (1) market scale of penicillin product samples in hospital
  - (2) structure of market demand for penicillin product samples in hospital
  - (3) demand for key penicillin products
- 2.2.3 forecast of the development of penicillin market
- 2.3 analysis of China's penicillin market price**
- 2.3.1 China's penicillin market price changes
- 2.3.2 analysis of factors influencing penicillin price
- 2.3.3 forecast of China's penicillin market price

### Chapter 3: Analysis of market environment of penicillin industry

- 3.1 analysis of policy environment of the industry**
  - 3.1.1 analysis of management system of the industry
    - (1) regulatory authorities of the industry
    - (2) regulatory policies of the industry
  - 3.1.2 interpretation of related development policies of the industry
    - (1) related policies on management of clinical use of antibiotics
    - (2) National Essential Drugs List in.....2012
- 3.2 analysis of economic environment of the industry**
  - 3.2.1 GDP growth
  - 3.2.2 analysis of residents' income and medical expenses
  - 3.2.3 analysis of the impact of economic environment
- 3.3 analysis of trade development environment of the industry**
  - 3.3.1 status quo of the international trade environment
  - 3.3.2 development trends of the international trade environment of the industry
  - 3.3.3 strategies to deal with changes in the international trade environment
- 3.4 analysis of social environment of the industry**
  - 3.4.1 coordinating between industry development and social economy
  - 3.4.2 environmental issues facing the industry development
  - 3.4.3 imbalances of regional development of the industry

### Chapter 4: Analysis of development of technology of penicillin industry

- 4.1 status quo of technical level of penicillin industry**
  - 4.1.1 process of production technology of the industry
  - 4.1.2 main production technologies of penicillin
    - (1) the traditional semi-synthetic penicillin technology
    - (2) enzymatic technology
  - 4.1.3 penicillin wastewater treatment technology
    - (1) chemical treatment technology
    - (2) physical and chemical process technology
    - (3) biological treatment technology
- 4.2 gap between main product technologies of penicillin industry with foreign countries**
  - 4.2.1 gap between main product technologies of the industry with foreign countries
  - 4.2.2 main reasons for causing the gap with foreign products
- 4.3 development trends of new technologies of main products of penicillin industry**
  - 4.3.1 development trends of new technologies of the international penicillin industry
  - 4.3.2 development trends of new technologies of the domestic penicillin industry

### Chapter 5: Analysis of market competition of penicillin industry

- 5.1 analysis of the international penicillin market competition**
  - 5.1.1 development of the international penicillin market
  - 5.1.2 development of penicillin industry in some countries and regions
    - (1) analysis of development of penicillin industry in America
    - (2) analysis of development of penicillin industry in Europe
    - (3) analysis of development of penicillin industry in Japan
    - (4) analysis of development of penicillin industry in India
  - 5.1.3 the international penicillin market competition
  - 5.1.4 development trends of the international penicillin market
- 5.2 competitive strategies of transnational corporations in China's penicillin market**
  - 5.2.1 investment layout of major multinational companies in China's market
    - (1) investment layout of DSM in China

- (2) investment layout of GlaxoSmithKline in China
- (3) investment layout of Eli Lilly Company in China
- (4) investment layout of Pfizer in China
- (5) investment layout of American Bristol-Myers Squibb Company in China

#### 5.2.2 analysis of competitive strategy of multinational companies in China

- (1) merger and expansion strategy
- (2) branding strategy
- (3) marketing and channel strategy
- (4) R & D and innovation
- (5) human resources strategy

#### 5.3 analysis of the overall competition of domestic penicillin industry

##### 5.3.1 overall competitive landscape of domestic penicillin industry

##### 5.3.2 analysis of Porter's five-force model of penicillin industry

- (1) competition within existing enterprises
- (2) analysis of potential entrants
- (3) analysis of the threat of alternatives
- (4) analysis of the upstream bargaining power
- (5) analysis of the downstream bargaining power

#### 5.4 analysis of mergers and acquisitions of China's pharmaceutical industry

##### 5.4.1 overview of merger and reorganization of pharmaceutical industry

##### 5.4.2 merger and reorganization of international pharmaceutical companies

##### 5.4.3 merger and reorganization of domestic pharmaceutical companies

##### 5.4.4 features for judgment of merger and reorganization of pharmaceutical industry

### Chapter 6: Analysis of market of major products of penicillin industry

#### 6.1 analysis of penicillin industrial salt market

##### 6.1.1 analysis of production and marketing of penicillin industrial salt

##### 6.1.2 analysis of export of penicillin industrial salt

##### 6.1.3 market price trends of penicillin industrial salt

##### 6.1.4 market outlook for penicillin industrial salt

#### 6.2 analysis of amoxicillin market

##### 6.2.1 analysis of production and marketing of amoxicillin

##### 6.2.2 analysis of export of amoxicillin

##### 6.2.3 market price trends of amoxicillin

##### 6.2.4 market outlook for amoxicillin

#### 6.3 analysis of ampicillin market

##### 6.3.1 analysis of production and marketing of ampicillin

##### 6.3.2 analysis of export of ampicillin

##### 6.3.3 market price trends of ampicillin

##### 6.3.4 market outlook for ampicillin

#### 6.4 analysis of 6-APA market

##### 6.4.1 analysis of production and marketing of 6-APA

##### 6.4.2 analysis of export of 6-APA

##### 6.4.3 market price trends of 6-APA
