

# China Civil Architecture Industry Development Prospect and Investment Strategic Planning Report, 2013-2017

## 目 录

### CONTENTS

#### Chapter 1: Overview of Civil Architecture Industry

- 1.1 Definition of Civil Architecture
- 1.2 Classification of Civil Architecture
- 1.3 Structure Constitution of Civil Architecture
  - 1.3.1 Analysis of Position of Civil Architecture Industry
- 1.4 Industry' s Position in Architecture Industry
- 1.5 Industry' s Position in National Economy
  - 1.5.1 Analysis of Policy Environment for Civil Architecture Industry
- 1.6 Laws and Regulations Related to Industry
  - 1.6.1 General Design Principle of Civil Architecture
  - 1.6.2 Design Standard for Energy Saving of Civil Architecture
- 1.7 Technical Standards for Industry
  - 1.7.1 Fire Prevention Code for Top-layer Civil Architecture
  - 1.7.2 Control Standards for Indoor Environment Pollution of Civil Architecture Engineering
- 1.8 Analysis of Impact of Central Bank Raising Interest Rate on the Industry
  - 1.8.1 Analysis of Economic Environment for Civil Architecture Industry
- 1.9 Analysis of International Macro-economic Environment
  - 1.9.1 Macro-economic Status in Europe and US
  - 1.9.2 Macro-economic Status in Japan
  - 1.9.3 Macro-economic Status in BRICS
- 1.10 Analysis of Domestic Macro-economic Environment
  - 1.10.1 Analysis of China' s GDP
  - 1.10.2 Analysis of Industrial Growth
  - 1.10.3 Analysis of CPI
  - 1.10.4 Analysis of Urban and Rural Residents' Income
  - 1.10.5 Analysis of Retail Sales of Consumer Goods
  - 1.10.6 Analysis of Social FAI
  - 1.10.7 Analysis of Industrial Producer Price
  - 1.10.8 Analysis of Import & Export and Growth
- 1.11 Analysis of Industry' s Macro-economic Environment
  - 1.11.1 Analysis of Social Environment for Civil Architecture Industry
- 1.12 Total Population Growth
- 1.13 Change of Population Structure
  - 1.13.1 Aged Tendency of Population
  - 1.13.2 Urbanization Process
- 1.14 Environmental Protection Problems in the Development of Industry
  - 1.14.1 Water Pollution
  - 1.14.2 Solid Pollution
  - 1.14.3 Noise Pollution

#### Chapter 2: Development of International Civil Architecture Industry and Its Enlightenment on China

- 2.1 Analysis of Overall Development of International Civil Architecture Industry
  - 2.1.1 Development Features of International Civil Architecture Industry
  - 2.1.2 Regional Development of International Civil Architecture Industry
  - 2.1.3 Analysis of Market Competition of International Civil Architecture Market
    - (1) Competition Structure of International Civil Architecture Market
    - (2) Competition of International Civil Architecture Market
  - 2.1.4 Development Trend for International Civil Architecture
    - (1) International Architecture Market

- (2) Private Infrastructure
- (3) Diversified Contractor Model
- (4) Integrated Project Management
- (5) Assimilation of All Parties

## 2.2 Analysis of Development of US Civil Architecture Industry

- 2.2.1 Overview of US Civil Architecture
- 2.2.2 Size of US Civil Architecture Market
- 2.2.3 Construction Fund Source of US Civil Architecture
- 2.2.4 Construction Model for US Civil Architecture
- 2.2.5 Development Trend for US Civil Architecture

## 2.3 Analysis of Development of Middle East Civil Architecture Industry

- 2.3.1 Overview of Middle East Civil Architecture Industry
- 2.3.2 Size of Middle East Civil Architecture Market
- 2.3.3 Construction Fund for Middle East Civil Architecture
- 2.3.4 Construction Model for Middle East Civil Architecture
- 2.3.5 Development Trend for Middle East Civil Architecture

## 2.4 Analysis of Development of Western Europe Civil Architecture Industry

- 2.4.1 Overview of Western Europe Civil Architecture
- 2.4.2 Size of Western Europe Civil Architecture Market
- 2.4.3 Construction Fund Source of Western Europe Civil Architecture
- 2.4.4 Construction Model for Western Europe Civil Architecture
- 2.4.5 Development Trend for Western Europe Civil Architecture

## 2.5 Analysis of Development of Japan Civil Architecture Industry

- 2.5.1 Overview of Japan Civil Architecture
- 2.5.2 Size of Japan Civil Architecture Market
- 2.5.3 Construction Fund Source of Japan Civil Architecture
- 2.5.4 Construction Model for Japan Civil Architecture
- 2.5.5 Development Trend for Japan Civil Architecture
- 2.5.6 Analysis of Operation Mechanism and Experiential Learning of International Civil

Architecture Industry

- (1) Quality Management Mechanism
- (2) Bidding Mechanism
- (3) Engineering Cost Mechanism

## 2.5.7 Analysis of Development Route and Experiential Learning of International Civil Architecture

Giants

- (1) Analysis of Development Route Adopted by US Architecture Giants
- (2) Analysis of Development Route Adopted by Europe and Japan Architecture Giants
- (3) Suggestion for Development Route Adopted by China Civil Architecture Enterprises

## Chapter 3: China Civil Architecture Industry Status and Development Potentials

### 3.1 Development Status of China Civil Architecture Industry

- 3.1.1 Development Overview of China Civil Architecture Industry
- 3.1.2 Development Feature of China Civil Architecture Industry
- 3.1.3 Factors of Impacting the Development of China Civil Architecture Industry
  - (1) Advantages
  - (2) Disadvantages

### 3.2 Analysis of Market Competition of China Civil Architecture Industry

- 3.2.1 Competition Trend for China Civil Architecture Industry
- 3.2.2 Analysis of Competitiveness of China Civil Architecture Enterprises

### 3.3 Analysis of Problems and Strategies of China Civil Architecture Industry

- 3.3.1 Problems in the Healthy Development of China Civil Architecture Industry
- 3.3.2 Specific Strategies for Healthy Development of China Civil Architecture Industry
  - (1) Qualification Management of Innovative Enterprises and Adjusting Industry Structure
  - (2) Further to Regulate Behavior Performed by Project's Legal Person
  - (3) Increase Efforts to Deal with Default on Construction Cost
  - (4) Increase Efforts to Manage Intermediary Institution
  - (5) Standard Payment of Tax Fee and Security Deposit to Reduce Burden of Enterprise
  - (6) Deepen Supervision on Architecture Market and Regulate Market Order

### 3.4 Research on Development Trend for China Civil Architecture's Energy Saving

- 3.4.1 Market Research on China Civil Architecture Industry

- (1) Total Areas of China Civil Architecture
- (2) Annual Area Growth of China Civil Architecture
- (3) Forecast for Areas of China Civil Architecture
- 3.4.2 Market Research on Energy Consumption in China Civil Architecture
  - (1) Market Research on Energy Consumption in China Civil Architecture
  - (2) Analysis of Per Capital Energy Consumption in China Civil Architecture
- 3.4.3 Market Research on Energy Saving in China Civil Architecture
  - (1) Total Energy-saving Areas of China Civil Architecture
  - (2) Newly Increased Energy-saving Areas of China Civil Architecture
- 3.4.4 Analysis of Energy Saving of China Public Building
  - (1) Analysis of Energy Saving of Public Building
  - (2) Analysis of Energy Consumption of Public Building
  - (3) Analysis of Energy Saving Trend for Public Building
- 3.4.5 Analysis of Energy Saving of Residential Building
  - (1) Analysis of Energy Saving Status of Residential Building
  - (2) Proportion of Energy Saving Status of Residential Building
  - (3) Laws Related to Energy Saving of Residential Building
  - (4) Analysis of Consumption Status of Residential Building
  - (5) Analysis of Energy Saving Trend for Residential Building

## Chapter 4: Structure Adjustment Strategy for China Civil Architecture Industry

### 4.1 Analysis of Structure Economy of China Civil Architecture Industry

- 4.1.1 Ownership Structure Change of Civil Architecture Industry
- 4.1.2 Analysis of Organization Structure of Civil Architecture Industry
  - (1) Size of Civil Architecture Enterprise
  - (2) Professional Level of Civil Architecture Enterprise
  - (3) Organization Structure of Civil Architecture Enterprise
- 4.1.3 Analysis of Layout Structure of Civil Architecture Industry
  - (1) Investment Structure of Civil Architecture Industry
  - (2) Regional Development Status of Civil Architecture Industry
  - (3) External Service of Civil Architecture Industry
- 4.1.4 Human Resource Structure of Civil Architecture Industry
  - (1) Front-line Operating Staff Structure in Civil Architecture Industry
  - (2) Management and Engineering Technical Staff Structure in Civil Architecture Enterprise
  - (3) Design Staff Status of Civil Architecture Industry
  - (4) Staff Status in Civil Architecture Intermediary and Consultancy Institution

### 4.2 Analysis of Structure Adjustment Trend for China Civil Architecture Industry

- 4.2.1 Structure Model of Civil Architecture Industry in Developed Countries
  - (1) Position of Civil Architecture in National Economy
  - (2) Size Structure of Civil Architecture Industry
- 4.2.2 Organization Structure Adjustment Direction for China Civil Architecture Industry
  - (1) Development Direction for Civil Architecture Construction Enterprise
  - (2) Development Direction for Engineering Consultancy Service Enterprise
  - (3) Structure Adjustment Direction for Civil Architecture Design Unit

## Chapter 5: Strategy for Improving Core Competitiveness of China Civil Architecture Enterprise

### 5.1 Analysis of Core Competitiveness of Civil Architecture Enterprise

- 5.1.1 Analysis of Core Competitiveness of Civil Architecture Enterprise
- 5.1.2 Case Study of Civil Architecture Enterprise Strengthening Core Competitiveness
  - (1) Case 1: Research on Shanghai Construction Group (SCG)
  - (2) Case 2: Research on Beijing Construction Engineering Group
  - (3) Case 3: Research on Beijing Urban Construction Group (BUCG)

### 5.2 Strategic Enlightenment from Key Competitive Factors of Civil Architecture Enterprise

- 5.2.1 Analysis of Technology Constitution of Civil Architecture Enterprise
  - (1) Technology Innovation
  - (2) Corporate Informationization
  - (3) Case Study of Corporate Technology Innovation and Informationization - SCG
- 5.2.2 Analysis of Financing and Innovation of Civil Architecture Enterprise
- 5.2.3 Analysis of Strategy for Civil Architecture Enterprise
  - (1) Case 1: Research on Strategy for CSC International

- (2) Case 2: Research on Strategy for China Guangsha
- 5.2.4 Analysis of Brand Building for Civil Architecture Enterprise
- 5.2.5 Case Study of Activating Operation Mechanism of Civil Architecture Enterprise
  - (1) Case 1: Research on Activating Operation Mechanism of Beijing Construction Engineering Group Co., Ltd.
  - (2) Case 2: Research on Activating Operation Mechanism of Qingdao Construction Group Co., Ltd.
- 5.2.6 Analysis of Talent System in Civil Architecture Enterprise
  - (1) Case 1: Research on Talent System in North China Power Engineering (Beijing) Co., Ltd.
  - (2) Case 2: Research on Talent System in Beijing Construction Engineering Group Co., Ltd.
- 5.2.7 Analysis of Scientific Management on Civil Architecture Enterprise
  - (1) Research on Scientific Management of China State Construction Engineering Corporation
  - (2) Research on Scientific Management of Shanghai No.7 Construction Co., Ltd.
- 5.3 Explanation of Optimization Approach to Competitive Factors in Civil Architecture Enterprise**
  - 5.3.1 Analysis of Value Chain Reorganization's Role Played in Civil Architecture Enterprise
  - 5.3.2 Analysis of Approach to Get Competitive Advantage for Civil Architecture Enterprise
  - 5.3.3 Analysis of Value Chain Optimization
  - 5.3.4 Research on Operation Model for Civil Architecture Virtual Enterprise
    - (1) Role of Virtual Enterprise Played in the Development of China's Construction Enterprise
    - (2) Analysis of
    - (3) Concept of SVL Organization Model for Civil Architecture Enterprise

## Chapter 6: Analysis of Market Segments of China Civil Architecture

### 6.1 Analysis of Residential Building Construction Market

- 6.1.1 Analysis of Operation Trend for Residential Building Construction Market
  - (1) Summary of Operation of Residential Building Construction Market, 2011-2012
  - (2) Analysis of Supply and Demand of Residential Building Construction Market, 2011-2012
  - (3) Analysis of Investment in Residential Building Construction Market, 2011-2012
- 6.1.2 Analysis of Operation of Regional Residential Building Markets
  - (1) Beijing Residential Building Construction Market
  - (2) Shanghai Residential Building Construction Market
  - (3) Guangzhou Residential Building Construction Market
  - (4) Shenzhen Residential Building Construction Market
  - (5) Tianjin Residential Building Construction Market
  - (6) Chongqing Residential Building Construction Market
  - (7) Chengdu Residential Building Construction Market
  - (8) Hangzhou Residential Building Construction Market
  - (9) Suzhou Residential Building Construction Market
  - (10) Shenyang Residential Building Construction Market
  - (11) Changsha Residential Building Construction Market

### 6.2 Analysis of Office Building Construction Market

- 6.2.1 Analysis of Operation Trend for Office Building Construction Market
  - (1) Summary of Operation of Office Building Construction Market, 2011-2012
  - (2) Analysis of Supply and Demand of Office Building Construction Market, 2011-2012
  - (3) Analysis of Investment in Office Building Construction Market, 2011-2012
- 6.2.2 Analysis of Operation of Regional Office Building Construction Markets
  - (1) Beijing Office Building Construction Market
  - (2) Shanghai Office Building Construction Market
  - (3) Guangzhou Office Building Construction Market
  - (4) Shenzhen Office Building Construction Market
  - (5) Tianjin Office Building Construction Market
  - (6) Chongqing Office Building Construction Market
  - (7) Chengdu Office Building Construction Market
  - (8) Hangzhou Office Building Construction Market
  - (9) Suzhou Office Building Construction Market
  - (10) Shenyang Office Building Construction Market
  - (11) Changsha Office Building Construction Market

### 6.3 Analysis of Healthcare Building Construction Market

- 6.3.1 Development Status of Healthcare Building Construction Market
  - (1) Market Size of China Healthcare Building Engineering Industry
  - (2) Analysis of Competitiveness of China Healthcare Building Construction Market

- 6.3.2 Construction of Healthcare Building
  - (1) Number of Healthcare Building
  - (2) Increment of Healthcare Building
  - (3) Regional Distribution of Healthcare Building
  - (4) Healthcare Building Construction Project in Planning or Progress
  - (5) Impact of New Healthcare Reform on Healthcare Building Construction
- 6.3.3 Analysis of Market Potentials for Healthcare Building Construction Market
  - (1) Health Expenditure
  - (2) Governmental Health Expenditure
  - (3) Urban and Rural Healthcare Expenditure for Residents
  - (4) Demand Potentials for Healthcare Building Construction Market

#### 6.4 Analysis of Garden and Park Construction Market

- 6.4.1 Analysis of Construction Feature of Garden and Park
- 6.4.2 Analysis of Competition in Garden and Park Construction Fields
- 6.4.3 Regional Distribution of Garden and Park Enterprise
- 6.4.4 Analysis of Regional Garden and Park Construction Markets
  - (1) Analysis of Development of Garden and Park in Beijing
  - (2) Analysis of Development of Garden and Park in Shanghai
  - (3) Analysis of Development of Garden and Park in Zhejiang
  - (4) Analysis of Development of Garden and Park in Guangdong
  - (5) Analysis of Development of Garden and Park in Jiangsu

#### 6.5 Analysis of Sports Building Construction Market

- 6.5.1 Overview of Sports Building Construction
- 6.5.2 Analysis of Operation and Benefit of Sports Building Construction
  - (1) Public Service of Sports Building
  - (2) Developing Sports Building for Profit
  - (3) Perspective for Benefit of Sports Building
  - (4) Major Problems and Strategies of Sports Building
- 6.5.3 Future Development Trend and Strategy for Sports Building Construction
  - (1) Future Development Trend for China Stadium Operation Industry
  - (2) Strategy for China Stadium Operation Industry
- 6.5.4 Analysis of Regional Sports Building Construction Market
  - (1) Analysis of Development of Guangzhou Sports Building Construction
  - (2) Analysis of Development of Tianjin Sports Building Construction
  - (3) Analysis of Development of Haikou Sports Building Construction
  - (4) Analysis of Development of Jiangsu Sports Building Construction
  - (5) Analysis of Development of Zhejiang Sports Building Construction
  - (6) Analysis of Development of Shaanxi Sports Building Construction
- 6.5.5 Analysis of Base Construction for National Sports Industry
  - (1) Analysis of Base Construction for Beijing Longtan Lake National Sports Industry
  - (2) Analysis of Base Construction for Shenzhen National Sports Industry
  - (3) Analysis of Base Construction for Chengdu National Sports Industry
  - (4) Analysis of Base Construction for Jinjiang National Sports Industry
  - (5) Analysis of Base Construction for Leling National Sports Industry

### Chapter 7: Analysis of Operation of Major Enterprises in China Civil Architecture Industry

#### 7.1 Perspective for Development of China Civil Architecture Enterprises

#### 7.2 Analysis of Operation of Comprehensive Civil Architecture Enterprises

- 7.2.1 Analysis of Shanghai Construction Group Co., Ltd.
  - (1) Analysis of Development Profile
  - (2) Analysis of Major Economic Index
  - (3) Analysis of Debt-paying Ability
  - (4) Analysis of Operation Capability
  - (5) Analysis of Profitability
  - (6) Analysis of Development Capability
  - (7) Analysis of Project Performance
  - (8) Analysis of Main Business and Qualification
  - (9) Analysis of Operational Advantages and Disadvantages
  - (10) Analysis of Investment, M&A and Restructuring

- (11) Analysis of Latest Development Trend
- 7.2.2 Analysis of Hongrun Construction Group Co., Ltd.
  - (1) Analysis of Development Profile
  - (2) Analysis of Major Economic Index
  - (3) Analysis of Debt-paying Ability
  - (4) Analysis of Operation Capability
  - (5) Analysis of Profitability
  - (6) Analysis of Development Capability
  - (7) Analysis of Project Performance
  - (8) Analysis of Main Business and Qualification
  - (9) Analysis of Operational Advantages and Disadvantages
  - (10) Analysis of Latest Development Trend
- 7.2.3 Analysis of China State Construction Engineering Corporation
  - (1) Analysis of Development Profile
  - (2) Analysis of Major Economic Index
  - (3) Analysis of Debt-paying Ability
  - (4) Analysis of Operation Capability
  - (5) Analysis of Profitability
  - (6) Analysis of Development Capability
  - (7) Analysis of Project Performance
  - (8) Analysis of Main Business and Qualification
  - (9) Analysis of Operational Advantages and Disadvantages
  - (10) Analysis of Investment, M&A and Restructuring
  - (11) Analysis of Latest Development Trend
- 7.2.4 Analysis of Guangdong Foundation Engineering Company
  - (1) Analysis of Development Profile
  - (2) Analysis of Organization Structure
  - (3) Analysis of Operation
  - (4) Analysis of Project Performance
  - (5) Analysis of Main Business and Qualification
  - (6) Analysis of Operational Advantages and Disadvantages
  - (7) Analysis of Latest Development Trend
- 7.2.5 Analysis of Xinjiang Urban Construction Co., Ltd.
  - (1) Analysis of Development Profile
  - (2) Analysis of Major Economic Index
  - (3) Analysis of Debt-paying Ability
  - (4) Analysis of Operation Capability
  - (5) Analysis of Profitability
  - (6) Analysis of Development Capability
  - (7) Analysis of Project Performance
  - (8) Analysis of Main Business and Qualification
  - (9) Analysis of Operational Advantages and Disadvantages
- 7.2.6 Analysis of North China Construction Group Co., Ltd.
  - (1) Analysis of Development Profile
  - (2) Analysis of Organization Structure
  - (3) Analysis of Project Performance
  - (4) Analysis of Main Business and Qualification
  - (5) Analysis of Operational Advantages and Disadvantages
  - (6) Analysis of Latest Development Trend
- 7.2.7 Analysis of Fujian Sanjian Engineering Co., Ltd.
  - (1) Analysis of Development Profile
  - (2) Analysis of Organization Structure
  - (3) Analysis of Project Performance
  - (4) Analysis of Main Business and Qualification
  - (5) Analysis of Operational Advantages and Disadvantages
  - (6) Analysis of Latest Development Trend
- 7.2.8 Analysis of Beijing Urban Construction Investment Development Co., Ltd.
  - (1) Analysis of Development Profile
  - (2) Analysis of Major Economic Index

- (3) Analysis of Debt-paying Ability
  - (4) Analysis of Operation Capability
  - (5) Analysis of Profitability
  - (6) Analysis of Development Capability
  - (7) Analysis of Project Performance
  - (8) Analysis of Main Business and Qualification
  - (9) Analysis of Operational Advantages and Disadvantages
  - (10) Analysis of Latest Development Trend
- 7.2.9 Analysis of Guangsha Construction Group Co., Ltd.
- (1) Analysis of Development Profile
  - (2) Analysis of Organization Structure
  - (3) Analysis of Operation
  - (4) Analysis of Project Performance
  - (5) Analysis of Main Business and Qualification
  - (6) Analysis of Operational Advantages and Disadvantages
  - (7) Analysis of Latest Development Trend
- 7.2.10 Analysis of Longyuan Construction Group Co., Ltd.
- (1) Analysis of Development Profile
  - (2) Analysis of Major Economic Index
  - (3) Analysis of Debt-paying Ability
  - (4) Analysis of Operation Capability
  - (5) Analysis of Profitability
  - (6) Analysis of Development Capability
  - (7) Analysis of Project Performance
  - (8) Analysis of Main Business and Qualification
  - (9) Analysis of Operational Advantages and Disadvantages
  - (10) Analysis of Investment, M&A and Restructuring
  - (11) Analysis of Latest Development Trend
- 7.2.11 Analysis of Beijing Construction Engineering Group
- (1) Analysis of Development Profile
  - (2) Analysis of Organization Structure
  - (3) Analysis of Operation
  - (4) Analysis of Project Performance
  - (5) Analysis of Main Business and Qualification
  - (6) Analysis of Operational Advantages and Disadvantages
  - (7) Analysis of Latest Development Trend
- 7.2.12 Analysis of CSC International Construction Co., Ltd.
- (1) Analysis of Development Profile
  - (2) Analysis of Organization Structure
  - (3) Analysis of Project Performance
  - (4) Analysis of Main Business and Qualification
  - (5) Analysis of Operational Advantages and Disadvantages
  - (6) Analysis of Latest Development Trend
- 7.2.13 Analysis of Qingjian Group Co., Ltd.
- (1) Analysis of Development Profile
  - (2) Analysis of Organization Structure
  - (3) Analysis of Project Performance
  - (4) Analysis of Main Business and Qualification
  - (5) Analysis of Operational Advantages and Disadvantages
  - (6) Analysis of Latest Development Trend
- 7.2.14 Analysis of China IPPR International Engineering Corporation
- (1) Analysis of Development Profile
  - (2) Analysis of Organization Structure
  - (3) Analysis of Project Performance
  - (4) Analysis of Main Business and Qualification
  - (5) Analysis of Operational Advantages and Disadvantages
  - (6) Analysis of Latest Development Trend
- 7.2.15 Analysis of Palm Landscape Architecture Co., Ltd.
- (1) Analysis of Development Profile

- (2) Analysis of Major Economic Index
- (3) Analysis of Debt-paying Ability
- (4) Analysis of Operation Capability
- (5) Analysis of Profitability
- (6) Analysis of Development Capability
- (7) Analysis of Project Performance
- (8) Analysis of Main Business and Qualification
- (9) Analysis of Operational Advantages and Disadvantages
- (10) Analysis of Latest Development Trend

### 7.3 Analysis of Operation of Civil Architecture Design Enterprises

#### 7.3.1 Analysis of XIANDAI Architectural Design (Group) Co., Ltd.

- (1) Analysis of Development Profile
- (2) Analysis of Organization Structure
- (3) Analysis of Main Business and Qualification
- (4) Analysis of Design Project
- (5) Analysis of Operational Advantages and Disadvantages
- (6) Analysis of Latest Development Trend

#### 7.3.2 Analysis of China United Engineering Corporation

- (1) Analysis of Development Profile
- (2) Analysis of Organization Structure
- (3) Analysis of Main Business and Qualification
- (4) Analysis of Design Project
- (5) Analysis of Human Resource
- (6) Analysis of Operational Advantages and Disadvantages
- (7) Analysis of Latest Development Trend

#### 7.3.3 Analysis of Architectural Design and Research Institute of Tongji University

- (1) Analysis of Development Profile
- (2) Analysis of Organization Structure
- (3) Analysis of Main Business and Qualification
- (4) Analysis of Design Project
- (5) Analysis of Human Resource
- (6) Analysis of Operational Advantages and Disadvantages
- (7) Analysis of Latest Development Trend

#### 7.3.4 Analysis of China Architecture Design & Research Group

- (1) Analysis of Development Profile
- (2) Analysis of Organization Structure
- (3) Analysis of Main Business and Qualification
- (4) Analysis of Design Project
- (5) Analysis of Human Resource
- (6) Analysis of Operational Advantages and Disadvantages
- (7) Analysis of Latest Development Trend

#### 7.3.5 Analysis of Zhubo Design Group Co., Ltd.

- (1) Analysis of Development Profile
- (2) Analysis of Organization Structure
- (3) Analysis of Main Business and Qualification
- (4) Analysis of Design Project
- (5) Analysis of Human Resource
- (6) Analysis of Operational Advantages and Disadvantages
- (7) Analysis of Latest Development Trend

#### 7.3.6 Analysis of United Design Group Co. Ltd.

- (1) Analysis of Development Profile
- (2) Analysis of Organization Structure
- (3) Analysis of Main Business and Qualification
- (4) Analysis of Design Project
- (5) Analysis of Human Resource
- (6) Analysis of Operational Advantages and Disadvantages

#### 7.3.7 Analysis of Huasen Architectural & Engineering Designing Consultant Ltd.

- (1) Analysis of Development Profile
- (2) Analysis of Organization Structure

- (3) Analysis of Main Business and Qualification
- (4) Analysis of Design Project
- (5) Analysis of Human Resource
- (6) Analysis of Operational Advantages and Disadvantages
- (7) Analysis of Latest Development Trend
- 7.3.8 Analysis of Urban Architecture Design Ltd.
  - (1) Analysis of Development Profile
  - (2) Analysis of Main Business and Qualification
  - (3) Analysis of Human Resource
  - (4) Analysis of Operational Advantages and Disadvantages
- 7.3.9 Analysis of Jizhun Fangzhong Architectural Design Associates Chengdu Group P.R.C.
  - (1) Analysis of Development Profile
  - (2) Analysis of Organization Structure
  - (3) Analysis of Main Business and Qualification
  - (4) Analysis of Design Project
  - (5) Analysis of Human Resource
  - (6) Analysis of Operational Advantages and Disadvantages
- 7.3.10 Analysis of Architectural Design and Research Institute of Tsinghua University
  - (1) Analysis of Development Profile
  - (2) Analysis of Organization Structure
  - (3) Analysis of Main Business and Qualification
  - (4) Analysis of Design Project
  - (5) Analysis of Human Resource
  - (6) Analysis of Operational Advantages and Disadvantages
  - (7) Analysis of Latest Development Trend
- 7.3.11 Analysis of Beijing Victory Star Architectural & Civil Engineering Design Co., Ltd.
  - (1) Analysis of Development Profile
  - (2) Analysis of Organization Structure
  - (3) Analysis of Main Business and Qualification
  - (4) Analysis of Design Project
  - (5) Analysis of Human Resource
  - (6) Analysis of Operational Advantages and Disadvantages
  - (7) Analysis of Latest Development Trend
- 7.3.12 Analysis of Shandong Tong Yuan Design Group Co., Ltd.
  - (1) Analysis of Development Profile
  - (2) Analysis of Organization Structure
  - (3) Analysis of Main Business and Qualification
  - (4) Analysis of Human Resource
  - (5) Analysis of Operational Advantages and Disadvantages
  - (6) Analysis of Latest Development Trend
- 7.3.13 Analysis of Shenyang New World Construction Design Co., Ltd.
  - (1) Analysis of Development Profile
  - (2) Analysis of Main Business and Qualification
  - (3) Analysis of Human Resource
  - (4) Analysis of Operational Advantages and Disadvantages
- 7.3.14 Analysis of CAPOL International Engineering Design Co., Ltd.
  - (1) Analysis of Development Profile
  - (2) Analysis of Organization Structure
  - (3) Analysis of Main Business and Qualification
  - (4) Analysis of Design Project
  - (5) Analysis of Human Resource
  - (6) Analysis of Operational Advantages and Disadvantages
  - (7) Analysis of Latest Development Trend
- 7.3.15 Analysis of Hordor Design Group
  - (1) Analysis of Development Profile
  - (2) Analysis of Organization Structure
  - (3) Analysis of Main Business and Qualification
  - (4) Analysis of Human Resource
  - (5) Analysis of Operational Advantages and Disadvantages

## (6) Analysis of Latest Development Trend

**Chapter 8: Analysis of Development Prospects and Investment & Financing in China Civil Architecture Industry****8.1 Development Trend for Civil Architecture Industry**

- 8.1.1 Environment Change of China Civil Architecture Construction Market
- 8.1.2 Development Trend for Product in China Civil Architecture Industry

**8.2 Market Prospects Forecast for China Civil Architecture Industry**

- 8.2.1 Prospects Forecast for Newly-build Construction Market
  - (1) Forecast for Newly-build Residential Areas
  - (2) Investment Forecast for Newly-build Residential Areas
- 8.2.2 Prospects Forecast for Newly-build Public Construction Market
  - (1) Forecast for Newly-build Public Construction Areas
  - (2) Investment Forecast for Newly-build Public Construction Areas

**8.3 Analysis of Investment of China Civil Architecture Industry**

- 8.3.1 Analysis of Entry Barriers to Civil Architecture Industry
  - (1) Corporate Qualification Barrier
  - (2) Corporate Capital Barrier
  - (3) Technology and Talent Barrier
  - (4) Working Experience Barrier
- 8.3.2 Analysis of Investment Risk and Opportunity of Civil Architecture Industry
  - (1) Risk and Opportunity Brought by National Policies
  - (2) Risk and Opportunity Brought by Market Fluctuation
  - (3) Risk and Opportunity Brought by Internal Corporate Management
- 8.3.3 Analysis of Investment in Civil Architecture Industry
  - (1) Capital Source
  - (2) Investment Way
  - (3) Investment Size
  - (4) Investment Subject
  - (5) Investment Prospects
- 8.3.4 Analysis of Profit Models for Civil Architecture Industry
- 8.3.5 Analysis of Profit Factors of Civil Architecture Industry

**8.4 Analysis of Financing of China Civil Architecture Industry**

- 8.4.1 Analysis of Financing of Civil Architecture Industry
  - (1) Financing Model
  - (2) Financing Channel
  - (3) Financing Prospects
- 8.4.2 Analysis of Credit Loans for Civil Architecture Industry
  - (1) Development Status of Credit Loans in the Industry
  - (2) Development Trend for Credit Loans in the Industry
  - (3) Development Opportunity for Credit Loans in the Industry
  - (4) Analysis of Major Banking Credit Acts

**8.5 Research on Integration and M&A Strategies for Civil Architecture Industry**

- 8.5.1 Analysis of Global M&A Trend
  - (1) Overview of Global M&A Market
  - (2) Forecast for Global M&A Trend
- 8.5.2 Analysis of Global M&A Trend in Domestic China
  - (1) Review of Overall China M&A Market
  - (2) Factors of Driving M&A Trading in China Capital Market
  - (3) Restraints of M&A in China Capital Market in History
- 8.5.3 New Rules Associated with Laws of China M&A Market
  - (1) Large Inventory to M&A Legislation
  - (2) Explanation of Major M&A Laws
  - (3) Prospects for China M&A Laws
- 8.5.4 Analysis of M&A in China Civil Architecture Industry
  - (1) Adopt Diversified M&A Ways to Adjust Business
  - (2) Carry out Vertical M&A for Some Purposes
  - (3) Private Construction Enterprises Purchase Lots of State-owned Enterprises
  - (4) Achieve Goal of Fast Expansion through M&A with Capital Operation
