- 1.3.3 analysis of impact of macro economy on the development of the industry

##### 1.4 analysis of consumption environment of online shopping industry

- 1.4.1 analysis of residents' income and spending level
- 1.4.2 analysis of residents' consumption structure
- 1.4.3 analysis of residents' sales methods
- 1.4.4 analysis of consumer confidence

#### Chapter 2: Analysis of development of supporting industries of China's online shopping industry

##### 2.1 Internet industry

- 2.1.1 status quo of development of Internet industry
  - (1) netizen scale
  - (2) features of structure of users
- 2.1.2 Internet-based resources
  - (1) overview of basic resources
  - (2) IP address
  - (3) domain name
  - (4) website
  - (5) webpage
  - (6) network speed
  - (7) international bandwidth
- 2.1.3 access method
  - (1) Internet devices
  - (2) Internet sites
  - (3) access time
- 2.1.4 users' network application behavior
  - (1) access to information
  - (2) business transactions
  - (3) communication
  - (4) network entertainment
- 2.1.5 analysis of mobile Internet behavior
  - (1) behavior of mobile Internet application

(2) features of structure of mobile phone users

## 2.2 logistics industry

2.2.1 analysis of development of logistics industry

(1) increase in total logistics volume and composition

(2) fixed asset investment of logistics and growth

(3) analysis of operation and benefit of logistics enterprise

2.2.2 analysis of development of express delivery service industry

(1) overview of development of China's express delivery service industry

(2) operation of China's express delivery service industry

2.2.3 construction of online shopping logistics network

(1) scale of online shopping express delivery firm

(2) scale of online shopping express delivery revenue

2.2.4 analysis of impact of logistics and distribution capabilities on e-business

2.2.5 analysis of development of logistics and distribution system of online shopping industry

2.2.6 analysis of development trends of logistics and distribution system of online shopping

## 2.3 instant messaging and social networking industry

2.3.1 status quo of development of instant messaging industry

(1) user scale

(2) account scale

(3) status quo of competition

(4) development trends

(1) gateway-based payment model

(2) credit payment mode

(3) comparison of payment model

(4) conflict of interest between third party payment companies and banks

2.4.4 analysis of development of major online payment certification system

(1) online banking

1) analysis of development of online banking market

2) analysis of online banking users

3) analysis of development trends of online banking market

(2) Paypal

1) analysis of development of Paypal market

2) analysis of Paypal user

3) development trends of Paypal market

(3) TenPay

1) analysis of development of TenPay market

2) analysis of TenPay user

3) development trends of TenPay market

(4) 99bill

1) analysis of development of 99bill market

2) analysis of 99bill user

3) development trends of 99bill market

(5) CHINAPAY

1) analysis of development of CHINAPAY market

2) analysis of CHINAPAY user

3) development trends of CHINAPAY market

2.4.5 development trends and forecast of China's online payment industry

## Chapter 3: Analysis of development of the global online shopping industry

### 3.1 analysis of development of the international online shopping industry

3.1.1 overview of development of the international online shopping industry

3.1.2 analysis of market scale of the international online shopping industry

3.1.3 analysis of competitive landscape of the international online shopping industry

3.1.4 analysis of development of the international online shopping industry in mainstream countries and regions

(1) analysis of development of online shopping industry in America

1) system construction of online shopping industry in America

2) consumption of online shopping industry in America

3) development trend of online shopping industry in America

(2) analysis of development of online shopping industry in Europe

1) system construction of online shopping industry in Europe

2) consumption of online shopping industry in Europe

3) development trend of online shopping industry in Europe

(3) analysis of development of online shopping industry in Japan

1) system construction of online shopping industry in Japan

2) consumption of online shopping industry in Japan

3) development trend of online shopping industry in Japan

3.1.5 reference of successful experience of the international online shopping industry

### **3.2 analysis of development trends of the international online shopping industry**

3.3.12 analysis of development of online group shopping industry

3.3.13 development trends and forecast of China's online group shopping industry

(1) development trends of China's online group shopping industry

(2) forecast of China's online group shopping industry

## **Chapter 4: Analysis of product market of China's online shopping industry**

### **4.1 analysis of online shopping market of apparel, hat and bag products**

4.1.1 analysis of market scale of China's apparel, hat and bag products

(1) sales and output of China's apparel, hat and bag market

(2) brands of China's apparel, hat and bag market

4.1.2 analysis of sales channel of China's apparel, hat and bag market

4.1.3 analysis of development of online shopping market of China's apparel, hat and bag products

(1) analysis of scale of online shopping market of apparel, hat and bag products

(2) analysis of brands of apparel, hat and bag online shopping market

(3) development trends of online shopping of apparel, hat and bag products

### **4.2 analysis of online shopping market of mobile phone, digital and electrical products**

4.2.1 analysis of market scale of China's mobile phone, digital and electrical products

(1) sales and output of China's mobile phone, digital and electrical products

(2) analysis of brands of China's mobile phone, digital and electrical products

4.2.2 analysis of sales channel of China's mobile phone, digital and electrical products

4.2.3 analysis of development of online shopping market of China's mobile phone, digital and electrical products

(1) analysis of scale of online shopping market of mobile phone, digital and electrical products

(2) analysis of online shopping market of mobile phone, digital and electrical products

(3) analysis of brands of online shopping market of mobile phone, digital and electrical products

(4) development trends of online shopping of mobile phone, digital and electrical products

#### **4.3 analysis of online shopping market of book, audio and video products**

4.3.1 analysis of market scale of China's book, audio and video products

(1) sales and output of China's book, audio and video products

(2) analysis of brands of China's book, audio and video products

4.3.2 analysis of sales channel of China's book, audio and video products

4.3.3 analysis of development of online shopping market of China's book, audio and video products

(1) analysis of scale of online shopping market of book, audio and video products

(2) analysis of online shopping market of book, audio and video products

(3) analysis of brands of book, audio and video products

(4) development trends of online shopping of book, audio and video products

#### **4.4 analysis of online shopping market of cosmetics**

4.4.1 analysis of market scale of China's cosmetics

(1) sales and output of China's cosmetics

(2) analysis of brands of China's cosmetics

4.4.2 analysis of sales channels of China's cosmetics

4.4.3 analysis of development of online shopping market of China's cosmetics

(1) analysis of scale of online shopping market of cosmetics

(2) analysis of online shopping market of cosmetics

(3) analysis of brands of cosmetics

(4) development trends of online shopping of cosmetics

#### **4.5 analysis of online shopping market of household necessities**

4.5.1 analysis of development of China's household necessities market

(1) sales and output of China's household necessities

(2) analysis of brands of China's household necessities

4.5.2 analysis of sales channels of China's household necessities

4.5.3 analysis of development of online shopping market of China's household necessities

(1) analysis of online shopping market of household necessities

(2) analysis of brands of household necessities

(3) development trends of online shopping of household necessities

#### **4.6 analysis of online shopping market of food**

4.6.1 analysis of development of China's food market

(1) sales and output of China's food

(2) analysis of brands of China's food

4.6.2 analysis of sales channels of China's food

4.6.3 analysis of development of China's food market

(1) analysis of online shopping market of food

(2) analysis of brands of food

(3) development trends of online shopping of food

#### **4.7 analysis of online shopping market of other products**

4.7.1 analysis of development of online shopping market of toys

4.7.2 analysis of development of online shopping market of baby products

4.7.3 analysis of development of online shopping market of travel

4.7.4 analysis of development of online shopping market of medical health products
