

China Port and Harbor Industry Market Forecast and Investment Strategy Report, 2013–2017

目 录

CONTENTS

CONTENTS

Chapter 1: Development Environment of Port and Harbor Industry

1.1 Relevant Descriptions of Port and Harbor Industry

- 1.1.1 Definitions of Port and Harbor
- 1.1.2 Functions of Port and Harbor
- 1.1.3 Category of Port and Harbor

1.2 Relevant Introduction to Port and Harbor

- 1.2.1 Water Area of Port and Harbor
- 1.2.2 Berths of Port and Harbor

1.3 Development Environment of Port and Harbor Industry

1.3.1 Policy Environment of Port and Harbor Industry

- (1) Management System of Port and Harbor Industry
 - 1) Evolution of the Management System
 - 2) Setup of Administration
 - 3) Reform Pattern of the Management System
- (2) Overall Arrangement of Port and Harbor Industry
 - 1) Planning of Coastal Ports Arrangement
 - 2) Planning of Inland Waterway and Ports Arrangement
 - 3) Relevant Development Planning of Port and Harbor Industry
- (3) Policy, Laws and Regulation of Port and Harbor Industry

1.3.2 Macro-Economic Environment of Port and Harbor Industry

- (1) International Macro-Economic Environment
 - 1) Macro-Economic Environment in America
 - 2) Macro-Economic Environment in Europe
 - 3) Macro-Economic Environment in Japan and Korea
- (2) Macro-Economic Environment in China
 - 1) GDP Growth
 - 2) Import and Export Trading
 - 3) Growth of Per Capita Income
- (3) Influence of Macro-Economic to Port and Harbor

1.3.3 Overall Environment of Port and Harbor Industry

- (1) Operation of Transportation Industry
 - 1) Passenger Capacity and the Growth
 - 2) Freight Volume and the Growth
 - 3) Fixed Investment and the Growth
- (2) Operation of Waterway Transport

1.3.4 Port Environment of Port and Harbor Industry

- (1) Development Overview of Ports in China
- (2) Status of Major Ports
- (3) Bonded Areas in China
 - 1) Development Status of International Port and Harbor Industry

1.4 Overview of International Port and Harbor Industry

- 1.4.1 Development Overview of International Ports
- 1.4.2 Development of International Shipping Market
 - (1) International Container Transport Market
 - (2) International Dry-bulk Transport Market
 - (3) International Tanker Transport Market

1.5 Development of Port and Harbor in Europe and America

- 1.5.1 Development of Port and Harbor in Europe

- (1) Development Overview of Port and Harbor Industry in Europe
- (2) Development Status of Major Ports in Europe
 - 1) Rotterdam Port in Netherlands
 - 2) Hamburger Harbour in Germany
 - 3) Antwerp Port
 - 4) Bremen-Haven Port
- 1.5.2 Development of Port and Harbor in America
 - (1) Development Overview of Port and Harbor Industry in America
 - (2) Development Status of Major Ports in America
 - 1) South Louisiana Port
 - 2) New York Port
 - 3) Los Angeles Port
 - 4) New Orleans Port
 - 5) Long Beach Port
- 1.6 Development of Port and Harbor Industry in Asia**
 - 1.6.1 Development Overview of Port and Harbor Industry in Asia
 - 1.6.2 Development Status of Major Ports in Asia
 - (1) Port of Singapore
 - (2) Port of Hong Kong
 - (3) Port of Busan
 - (4) Port of Kaohsiung
 - (5) Port of Dubai
 - (6) Port of Tokyo
 - (7) Port of Yokohama
 - 1) Development Status of Port and Harbor Industry in China
- 1.7 Development Status of Port and Harbor Industry in China**
 - 1.7.1 Development of Port and Harbor Industry
 - 1.7.2 Development of the Interaction among Ports in Different Cities
 - 1.7.3 Existing Problems of Port and Harbor Industry
 - 1.7.4 Development Pattern and Trend of Port and Harbor Corporations
 - (1) Major Development Patterns of Port and Harbor Corporations
 - (2) Development Trend of Port and Harbor Corporations
 - 1.7.5 Period of Port and Harbor Industry in China
 - (1) Current Periodic Status of Port and Harbor Industry in China
 - (2) Periodic Trend of the Ports in the Future
- 1.8 Market Supply and Demand of Port and Harbor Industry**
 - 1.8.1 Market Supply of Port and Harbor Industry
 - 1.8.2 Market Demand of Port and Harbor Industry
- 1.9 Construction of Port and Harbor Industry in China**
 - 1.9.1 Strategy to the Construction of Container Ports
 - (1) Economic Circle of the Bohai Sea
 - (2) Economic Circle of Yangtse River Delta
 - (3) Economic Circle of Pearl River Delta
 - 1.9.2 Construction of Coastal and Inland Ports
 - 1.9.3 Construction Investment and Financing of China Port and Harbor
 - (1) Construction Investment of Port and Harbor
 - (2) Construction Financing of Port and Harbor
 - 1) Construction Financing Policy of Port and Harbor
 - 2) Construction Financing Strategy of Port and Harbor
- 1.10 Operation of Port and Harbor in China**
 - 1.10.1 Development Status of Port and Harbor Industry in China
 - (1) Operation Characteristics of the Ports
 - (2) Operation Status of Port and Harbor Corporations
 - 1.10.2 Analysis of the Operation of Port and Harbor Industry in China
 - (1) Operation of Port and Harbor Industry
 - (2) Operation of Major Ports
 - 1) Regional Development of Port and Harbor Industry in China
- 1.11 Development of the Port Group in Bohai Sea Area**
 - 1.11.1 Development Overview of the Port Group in Bohai Sea Area

- 1.11.2 Competition and Cooperation of the Port Group in Bohai Sea Area
- 1.11.3 Operation of Major Ports in Bohai Sea Area
 - (1) Dalian Port
 - (2) Yingkou Port
 - (3) Tianjin Port
 - (4) Qinhuangdao Port
 - (5) Qingdao Port
 - (6) Yantai Port
 - (7) Rizhao Port
- 1.12 Development of the Port Group in Yangtze River Delta**
 - 1.12.1 Development Overview of the Port Group in Yangtze River Delta
 - 1.12.2 Competition and Cooperation of the Port Group in Yangtze River Delta
 - 1.12.3 Operation of Major Ports in Yangtze River Delta
 - (1) Shanghai Port
 - (2) Ningbo-Zhoushan Port
 - (3) Lianyungang Port
 - (4) Nantong Port
 - (5) Zhenjiang Port
 - (6) Nanjing Port
 - (7) Suzhou Port
 - 1.12.4 Planning of the Port Group in Yangtze River Delta
- 1.13 Development of the Port Group in Pearl River Delta**
 - 1.13.1 Development Overview of the Port Group in Pearl River Delta
 - 1.13.2 Competition and Cooperation of the Port Group in Pearl River Delta
 - 1.13.3 Operation of Major Ports in Pearl River Delta
 - (1) Guangzhou Port
 - (2) Shenzhen Port
 - (3) Zhuhai Port
 - (4) Shantou Port
 - 1.13.4 Planning of the Port Group in Pearl River Delta
- 1.14 Development of the Port Group in Southeast Coastal Area**
 - 1.14.1 Overall Development of the Port Group in Southeast Coastal Area
 - 1.14.2 Operation of Major Ports in Southeast Coastal Area
 - (1) Xiamen Port
 - (2) Fuzhou Port
 - 1.14.3 Planning of the Ports of the West Coast of the Taiwan Straits
- 1.15 Development of the Port Group in Southwest Coastal Area**
 - 1.15.1 Overall Development of the Port Group in Southwest Coastal Area
 - 1.15.2 Operation of Major Ports in Southwest Coastal Area
 - (1) Zhanjiang Port
 - (2) Fangcheng Port
 - (3) Beihai Port
 - (4) Qinzhou Port
 - 1.15.3 Planning of the Port Group in Beibu Gulf
- 1.16 Development of the Inland Ports of Yangtze River System**
 - 1.16.1 Development Overview of Inland Water Transportation of Yangtze River System
 - 1.16.2 Development Overview of the Inland Ports of Yangtze River System
 - 1.16.3 Operation of Major Inland Ports of Yangtze River System
 - (1) Chongqing Port
 - (2) Wuhan Port
 - (3) Wuhu Port
 - (4) Anqing Port
 - (5) Ma-On-Shan Port
 - 1.16.4 Development Planning of the Inland Ports of Yangtze River System
- 1.17 Development of the Inland Ports of Pearl River System**
 - 1.17.1 Development Overview of Inland Water Transportation of Pearl River System
 - 1.17.2 Development Overview of the Inland Ports of Pearl River System
 - 1.17.3 Operation of Major Inland Ports of Pearl River System
 - (1) Nanning Port

- (2) Guigang Port
- (3) Wuzhou Port
- (4) Zhaoqing Port
- (5) Foshan Port
- 1.17.4 Development Planning of the Inland Ports of Pearl River System
- 1.18 Development of Port Logistics in China and the Pattern in Foreign Countries**
- 1.19 Development of Port Logistics in China**
 - 1.19.1 Major Content of Port Logistics
 - 1.19.2 Development Status of Port Logistics
 - 1.19.3 Development of Modern Port Logistics
 - 1.19.4 Existing Problems of Port Logistics in China
 - 1.19.5 Development Strategy of Port Logistics in China
- 1.20 Functional Change of the Ports and Structure of Logistics System**
 - 1.20.1 Functional Change of Modern Ports
 - 1.20.2 Structure of Port Logistics System
 - (1) Sub-system of Infrastructure
 - (2) Sub-system of Logistics Information
 - (3) Sub-system of Logistics Operation
 - (4) Sub-system of Port-centered Industry
 - (5) Coordinated and Supporting Sub-system
 - 1.20.3 Relationship among Port Logistics Sub-systems
- 1.21 Development Patterns of Port Logistics in Foreign Countries**
 - 1.21.1 Typical Port Logistics Patterns
 - 1.21.2 Port Logistics Pattern of Rotterdam Port
 - 1.21.3 Port Logistics Pattern of Antwerp Port
 - 1.21.4 Port Logistics Pattern of Singapore Port
 - 1.21.5 Port Logistics Pattern of Tokyo Port
- 1.22 Cooperation and Competition Framework of Port Logistics**
 - 1.22.1 Cooperation and Competition Framework of Port Logistics at Home and Abroad
 - 1.22.2 Cooperation and Competition Theory and Comment of Port Logistics
 - 1.22.3 Cooperation and Competition Framework of Port Logistics in China
 - (1) Cooperation and Competition System of Port Cities Logistics
 - (2) Cooperation and Competition System of Port Hinterland Logistics
 - (3) Cooperation and Competition System of Coastal and Inland Port Logistics
 - (4) Cooperation and Competition System of the Port Group
 - 1) Market Competition of Port and Harbor Industry
- 1.23 Competition Status of International Port and Harbor Market**
 - 1.23.1 Competition Status of International Port and Harbor Market
 - 1.23.2 Competition Trend of International Port and Harbor Market
 - 1.23.3 Competition of Transnational Corporation in China
- 1.24 in China**
 - 1.24.1 Competition of Different Transportation Ways
 - (1) Transportation Structure in China
 - (2) Operation of Transportation Industry
 - (3) Compare of Different Transportation Ways
 - (4) Competitive Status of Port and Harbor Industry
 - 1.24.2 Competitive Structure of China Port and Harbor Industry
 - (1) Competitive Structure of Three Major Port Groups in China
 - (2) Competitive Structure of Container Ports
 - (3) Comprehensive Competitive Index of the Ports in China
- 1.25 Substitution of China Port and Harbor Industry**
 - 1.25.1 Development of Highway Transportation Industry
 - (1) Development of Highway Transportation
 - (2) Substitution of Highway Transportation to Waterway Transportation
 - 1.25.2 Development of Railway Transportation Industry
 - (1) Development of Railway Transportation
 - (2) Substitution of Railway Transportation to Waterway Transportation
 - 1.25.3 Development of Air Transportation Industry
 - (1) Development of Air Transportation

- (2) Substitution of Air Transportation to Waterway Transportation
- 1.25.4 Development of Pipeline Transportation Industry
 - (1) Development of Pipeline Transportation
 - (2) Substitution of Pipeline Transportation to Waterway Transportation
 - 1) Competitiveness of Port and Harbor Market in China
- 1.26 Competitiveness Evaluation of Container Ports**
 - 1.26.1 Competitiveness Evaluation Index of Container Port
 - (1) Competitiveness Evaluation Index of Fundamentals
 - (2) Competitiveness Evaluation Index of Supply Chain
 - (3) Competitiveness Evaluation Index of Container Ports
 - 1.26.2 Evaluation Methods to Container Ports' Competitiveness
 - (1) Fundamentals Benchmark Evaluation
 - 1) Shipping Density
 - 2) Fairway Depth
 - 3) Port Investment Amount
 - 4) Amount of Container Bridge Crane
 - 5) Amount of Container Berth
 - 6) Container Throughput
 - 7) Location of Container Port
 - (2) Supply Chain Benchmark Evaluation
 - 1) Operation Efficiency of the Ports
 - 2) Added-value Service
 - 3) Handling Expense of the Ports
 - 4) Clearance Efficiency
 - 5) Customs Charge
 - 6) Collecting and Distributing System
 - 1.26.3 Summary of Evaluation Methods to Container Ports' Competitiveness
- 1.27 Development of Container Port Competition Pattern**
 - 1.27.1 Supply Chain Competition Pattern that Port as Core
 - (1) Supply Chain that Port as Core
 - (2) Function Expansion of Container Ports
 - (3) Cases Study of the Pattern
 - 1) Hong Kong Competition Pattern
 - 2) Singapore Competition Pattern
 - 3) Rotterdam Port Competition Pattern
 - 4) Hamburg Port Competition Pattern
 - 1.27.2 Port Competition Pattern Basing on Multimodal Transport
 - (1) Multimodal Transport Pattern of Container Ports
 - (2) Development Experience of International Multimodal Transport
 - 1) Development Experience of Multimodal Transport in America
 - 2) Development Experience of Multimodal Transport in Canada
 - 1.27.3 Port Competition Pattern Basing on Regional Economic Cooperation
 - (1) Competition Pattern of International Container Ports
 - 1) European Harbour Pattern
 - 2) Belgium-Netherlands Harbour Pattern
 - (2) Regional Planning Status of the Ports in China
- 1.28 Competitiveness Improvement Strategy for Container Ports**
 - 1.28.1 Competitiveness Improvement Factors for Container Ports
 - (1) Macro-level Factor
 - (2) Meso-level Factor
 - (3) Micro-level Factor
 - 1.28.2 Methods for Container Ports to Improve the Competitiveness
 - (1) Development of the Industries Relate to China Port and Harbor Industry
- 1.29 Development of Shipbuilding Industry**
 - 1.29.1 Scale of Shipbuilding Industry
 - 1.29.2 Production of Shipbuilding Industry
 - 1.29.3 Demand of Shipbuilding Industry
 - 1.29.4 Balance between Supply and Demand of Shipbuilding Industry
 - 1.29.5 Operation Characteristics and Trend of Shipbuilding Industry

1.30 Development of Container Manufacturing Industry

- 1.30.1 Scale of Container Manufacturing Industry
- 1.30.2 Production of Container Manufacturing Industry
- 1.30.3 Demand of Container Manufacturing Industry
- 1.30.4 Balance between Supply and Demand of Container Manufacturing Industry
- 1.30.5 Operation Characteristics and Trend of Container Manufacturing Industry

1.31 Development of Coal Mining and Washing Industry

- 1.31.1 Scale of Coal Mining and Washing Industry
- 1.31.2 Production of Coal Mining and Washing Industry
