

China Electrolytic Aluminum Industry Report (2016-2021), Production, Market Demand and Prospects

目 录

CONTENTS

Chapter 1: Background of development of Chinese electrolytic aluminum industry

- 1.1 definition of electrolytic aluminum industry
- 1.2 analysis of the economic environment of electrolytic aluminum industry
 - 1.2.1 analysis of international macroeconomic environment
 - (1) American economy: short-term weakness trend, long-term powerful
 - (2) Euro zone: moderate recovery
 - (3) Japan: the economy faces downside risks
 - (4) emerging economies: mingled hope and fear
 - 1.2.2 analysis of the domestic macroeconomic environment
 - (1) domestic GDP: yearly growth rate is down
 - (2) fixed asset investment: investment growth is declining year by year
 - (3) import and export: import and export situation gradually improves
 - 1.2.3 analysis of operation of non-ferrous metal industry
- 1.3 analysis of policy environment of electrolytic aluminum industry
 - 1.3.1 related policies of the industry
 - 1.3.2 related standards of the industry
 - 1.3.3 development planning of the industry
- 1.4 analysis of technical environment of electrolytic aluminum industry
 - 1.4.1 analysis of technical activity level of the industry
 - 1.4.2 analysis of companies leading in technology of the industry
 - 1.4.3 structure of patent applications of the industry

Chapter 2: Analysis of industry chain of Chinese electrolytic aluminum industry

- 2.1 introduction of industry chain of electrolytic aluminum industry
- 2.2 analysis of upstream industry chain of electrolytic aluminum industry
 - 2.2.1 analysis of market of alumina oxide
 - (1) analysis of output of alumina oxide
 - (2) analysis of apparent consumption quantity of alumina oxide
 - (3) analysis of price trends of alumina oxide
 - 2.2.2 analysis of market of carbon anodes for electrolytic aluminum
 - (1) analysis of output of carbon anodes for electrolytic aluminum
 - (2) analysis of demand of carbon anodes for electrolytic aluminum
 - (3) analysis of price trends of carbon anodes for electrolytic aluminum
 - 2.2.3 analysis of electricity market
 - (1) analysis of capacity of electricity generation
 - (2) analysis of capacity of electricity consumption
 - (3) analysis of price trends of electricity
- 2.3 analysis of downstream industry chain of electrolytic aluminum industry
 - 2.3.1 analysis of the development of construction industry and its demand for electrolytic aluminum
 - (1) development status quo of
 - (2) analysis of demand for electrolytic aluminum of
 - 2.3.2 analysis of the development of automotive industry and its demand for electrolytic aluminum
 - (1) development status quo of automotive industry
 - (2) analysis of demand for electrolytic aluminum of automotive industry
 - 2.3.3 analysis of the development of electronic information industry and its demand for electrolytic aluminum
 - (1) development status quo of electronic information industry
 - (2) analysis of demand for electrolytic aluminum of electronic information industry
 - 2.3.4 analysis of the development of machinery industry and its demand for electrolytic aluminum

- (1) development status quo of machinery industry
- (2) analysis of demand for electrolytic aluminum of machinery industry
- 2.3.5 analysis of the development of packaging industry and its demand for electrolytic aluminum
 - (1) development status quo of packaging industry
 - (2) analysis of demand for electrolytic aluminum of packaging industry
- 2.3.6 analysis of the development of power industry and its demand for electrolytic aluminum
 - (1) development status quo of power industry
 - (2) analysis of demand for electrolytic aluminum of power industry

Chapter 3: Analysis of the development of global electrolytic aluminum industry

3.1 development of the global electrolytic aluminum industry

- 3.1.1 analysis of production capacity of electrolytic aluminum
- 3.1.2 analysis of output of electrolytic aluminum
- 3.1.3 analysis of consumption of electrolytic aluminum
 - (1) analysis of consumption quantity of electrolytic aluminum
 - (2) regional distribution of electrolytic aluminum consumption
 - (3) analysis of consumption structure of electrolytic aluminum
 - (4) analysis of supply and demand balance of electrolytic aluminum
 - (5) analysis of price trends of electrolytic aluminum

3.2 analysis of development of electrolytic aluminum industry in major countries

- 3.2.1 analysis of development of American electrolytic aluminum industry
 - (1) analysis of output of electrolytic aluminum
 - (2) analysis of consumption quantity of electrolytic aluminum
 - (3) analysis of main producers
- 3.2.2 analysis of development of Russian electrolytic aluminum industry
 - (1) analysis of output of electrolytic aluminum
 - (2) analysis of consumption quantity of electrolytic aluminum
 - (3) analysis of main producers
- 3.2.3 analysis of development of Canadian electrolytic aluminum industry
 - (1) analysis of output of electrolytic aluminum
 - (2) analysis of consumption quantity of electrolytic aluminum
 - (3) analysis of main producers
- 3.2.4 analysis of development of Australian electrolytic aluminum industry
 - (1) analysis of output of electrolytic aluminum
 - (2) analysis of consumption quantity of electrolytic aluminum
 - (3) analysis of main producers
- 3.2.5 analysis of development of Brazilian electrolytic aluminum industry
 - (1) analysis of output of electrolytic aluminum
 - (2) analysis of consumption quantity of electrolytic aluminum
 - (3) analysis of main producers

3.3 analysis of operation of global electrolytic aluminum giants

- 3.3.1 Alcoa
 - (1) overview of the company's development
 - (2) analysis of the company's operation
 - (3) analysis of the company's competition in China
- 3.3.2 Alcan
 - (1) overview of the company's development
 - (2) analysis of the company's operation
 - (3) analysis of the company's competition in China
- 3.3.3 Hydro
 - (1) overview of the company's development
 - (2) analysis of the company's operation
 - (3) analysis of the company's competition in China
- 3.3.4 United Company Rusal
 - (1) overview of the company's development
 - (2) analysis of the company's operation
 - (3) analysis of the company's competition in China

3.4 forecast of the global electrolytic aluminum industry

- 3.4.1 forecast of output of global electrolytic aluminum
- 3.4.2 forecast of consumption quantity of global electrolytic aluminum

Chapter 4: Analysis of development of Chinese electrolytic aluminum industry**4.1 overview of development of Chinese electrolytic aluminum industry**

4.1.1 analysis of enterprise scale of electrolytic aluminum industry

4.1.2 analysis of characteristics of development of electrolytic aluminum industry

4.2 analysis of production and sales of Chinese electrolytic aluminum industry

4.2.1 analysis of output of electrolytic aluminum industry

(1) analysis of output of electrolytic aluminum

(2) analysis of output utilization of electrolytic aluminum

4.2.2 analysis of yield of electrolytic aluminum industry

(1) analysis of yield of electrolytic aluminum

(2) regional distribution of yield of electrolytic aluminum

4.2.3 analysis of consumption quantity of electrolytic aluminum

(1) analysis of consumption quantity of electrolytic aluminum

(2) analysis of consumption structure of electrolytic aluminum

4.3 analysis of five forces of Chinese electrolytic aluminum industry

4.3.1 analysis of the bargaining power of the upstream industry

4.3.2 analysis of the bargaining power of the downstream industry

4.3.3 analysis of competition within the industry

4.3.4 analysis of threat of alternatives

4.3.5 analysis of threat of new entrants

4.3.6 summary of competition

4.4 analysis of profitability of Chinese electrolytic aluminum industry

4.4.1 analysis of profit space of electrolytic aluminum industry

4.4.2 the overall profit of electrolytic aluminum industry

4.4.3 outlook for profit of electrolytic aluminum industry

4.5 analysis of import and export of China's electrolytic aluminum industry

4.5.1 analysis of import of electrolytic aluminum industry

4.5.2 analysis of export of electrolytic aluminum industry

4.6 forecast of China's electrolytic aluminum industry

4.6.1 analysis of development trends of Chinese electrolytic aluminum industry

4.6.2 forecast of China's electrolytic aluminum industry

(1) forecast of production capacity of electrolytic aluminum

(2) forecast of output of electrolytic aluminum

(3) forecast of consumption quantity of electrolytic aluminum

Chapter 5: Analysis of operation of main producers of electrolytic aluminum industry**5.1 analysis of the overall development of electrolytic aluminum producers**

5.1.1 enterprise scale of electrolytic aluminum industry

5.1.2 the industrial output of electrolytic aluminum industry

5.1.3 sales revenue and gross profit of electrolytic aluminum industry

5.2 case study of leading companies of electrolytic aluminum industry

5.2.1 China Aluminum Corporation Limited

(1) analysis of the company's development
