

China Industrial Textiles Industry Report (2016–2021), Market Demand and Investment Forecast

目 录

CONTENTS

Chapter 1: Global market

1.1 analysis of status quo of development of global industrial textiles industry and competitive landscape

- 1.1.1 analysis of development of the global industrial textiles industry
 - (1) overview of development of the global industrial textiles industry
 - (2) market scale of the global industrial textiles industry
 - (3) competitive landscape of the global industrial textiles industry
- 1.1.2 analysis of development of the global leading industrial textiles enterprises
 - (1) Kesai Co., Ltd.
 - 1) brief introduction of the company's main development
 - 2) analysis of the company's main business
 - 3) analysis of the company's market position
 - 4) analysis of the company's operation
 - 5) analysis of status quo of the company's technology
 - 6) analysis of the company's investment trend
 - (2) South Korean Hyosung
 - 1) brief introduction of the company's main development
 - 2) analysis of the company's main business
 - 3) analysis of the company's market position
 - 4) analysis of the company's operation
 - 5) analysis of status quo of the company's technology
 - 6) analysis of the company's investment trend
 - (3) Teijin Group
 - 1) brief introduction of the company's main development
 - 2) analysis of the company's main business
 - 3) analysis of the company's market position
 - 4) analysis of the company's operation
 - 5) analysis of status quo of the company's technology
 - 6) analysis of the company's investment trend
 - (4) Bayer Material Science
 - 1) brief introduction of the company's main development
 - 2) analysis of the company's main business
 - 3) analysis of the company's market position
 - 4) analysis of the company's operation
 - 5) analysis of status quo of the company's technology
 - 6) analysis of the company's investment trend
 - (5) Swiss Sanitized
 - 1) brief introduction of the company's main development
 - 2) analysis of the company's main business
 - 3) analysis of the company's market position
 - 4) analysis of status quo of the company's technology
- 1.1.3 analysis of development trends of the global industrial textiles industry and forecast
 - (1) forecast of development of the global industrial textiles industry
 - (2) analysis of development trends of the global industrial textiles industry

Chapter 2: China Market

2.1 analysis of raw materials market of China's industrial textiles industry

- 2.1.1 analysis of industrial ordinary fiber market
 - (1) analysis of market of natural fiber
 - 1) analysis of characteristics of natural fiber products

- 2) analysis of market of natural fiber products
- (2) analysis of market of ordinary chemical fiber
 - 1) analysis of characteristics of ordinary chemical fiber products
 - 2) analysis of market of ordinary chemical fiber products
- 2.1.2 analysis of market of industrial high-tech fiber
 - (1) analysis of market of carbon fiber
 - 1) analysis of characteristics of carbon fiber products
 - 2) analysis of market of carbon fiber products
 - (2) analysis of kevlar market
 - 1) analysis of characteristics of kevlar products
 - 2) analysis of market of kevlar products
 - (3) analysis of market of glass fiber
 - 1) analysis of characteristics of glass fiber products
 - 2) analysis of market of glass fiber products
 - (4) analysis of market of other high-tech fiber
- 2.2 analysis of development of China's industrial textiles industry**
 - 2.2.1 overview of development of China's industrial textiles industry
 - (1) status quo of development of traditional textile industry
 - 1) main features of traditional textile industry
 - 2) development direction of products of traditional textile industry
 - (2) analysis of development of industrial textiles enterprises
 - 1) status quo of development of industrial textiles industry
 - 2) analysis of market demand of industrial textiles industry
 - 3) analysis of competitive advantages of industrial textiles industry
 - 4) characteristics of development of industrial textiles industry
 - 5) influencing factors of industrial textiles industry
 - 1. favorable factors affecting the development of the industry
 - 2. unfavorable factors affecting the development of the industry
 - 2.2.2 analysis of operation indicators of China's industrial textiles industry
 - (1) analysis of operation efficiency of the industry
 - (2) analysis of profitability capability of the industry
 - (3) analysis of operation capability of the industry
 - (4) analysis of solvency capability of the industry
 - (5) analysis of development capability of the industry
 - 2.2.3 analysis of supply and demand balance of China's industrial textiles industry
 - (1) analysis of overall supply of the industry
 - 1) analysis of total output value of the industry
 - 2) analysis of finished products of the industry
 - (2) analysis of supply in various regions
 - 1) top 10 regions ranking in total output value
 - 2) top 10 regions ranking in finished products
 - (3) analysis of overall demand of the industry
 - 1) analysis of sales value of the industry
 - 2) analysis of sales revenue of the industry
 - (4) analysis of demand in various regions
 - 1) top 10 regions ranking in total sales value
 - 2) top 10 regions ranking in total sales revenue
 - (5) analysis of sales-output ratio of the industry
 - 2.2.4 analysis of operation of China's industrial textiles industry
 - (1) analysis of scale of the industry
 - (2) analysis of capital / labor intensity of the industry
 - (3) analysis of sales-output ratio of the industry
 - (4) analysis of cost structure of the industry
 - (5) analysis of gains and losses of the industry
 - 2.2.5 analysis of market competition of industrial textiles industry
 - (1) analysis of competitive landscape of the industry
 - (2) analysis of layout of multinational companies in China
 - 1) Kesai Co., Ltd.
 - 2) South Korean Hyosung

- 3) Teijin Group
- 4) Bayer Material Science
- (3) analysis of competitive strategy of multinational companies
- (4) reference of development experience of multinational companies

2.3 analysis of import and export markets of China's industrial textiles industry

- 2.3.1 analysis of development of trade environment of the industry
 - (1) status quo of development of trade environment of the industry
 - (2) development trends of trade environment of the industry
 - (3) strategy responding to changes of trade environment
- 2.3.2 analysis of export market of the industry
 - (1) analysis of scale of export of the industry
 - (2) analysis of product structure and characteristics of export of the industry
 - (3) national and regional characteristics of export of the industry
 - (4) analysis of potential export markets of the industry
 - (5) forecast of import of the industry
- 2.3.3 analysis of import market of the industry
 - (1) analysis of scale of import of the industry
 - (2) analysis of product structure and characteristics of import of the industry
 - (3) national and regional characteristics of import of the industry
 - (4) forecast of export of the industry

2.4 analysis of operation of subdivided markets of China's industrial textiles industry

- 2.4.1 analysis of operation of cordage, rope and cable manufacturing industry
 - (1) analysis of scale of cordage, rope and cable manufacturing industry
 - (2) production of cordage, rope and cable manufacturing industry
 - (3) demand of cordage, rope and cable manufacturing industry
 - (4) analysis of supply and demand balance of cordage, rope and cable manufacturing industry
 - (5) analysis of financial operation of cordage, rope and cable manufacturing industry
 - (6) analysis of characteristics of operation and trends of cordage, rope and cable manufacturing

industry

- 2.4.2 analysis of operation of textile belt and cord manufacturing industry
 - (1) analysis of scale of textile belt and cord manufacturing industry
 - (2) production of textile belt and cord manufacturing industry
 - (3) demand of textile belt and cord manufacturing industry
 - (4) analysis of supply and demand balance of textile belt and cord manufacturing industry
 - (5) analysis of financial operation of textile belt and cord manufacturing industry
 - (6) analysis of characteristics of operation and trends of textile belt and cord manufacturing

industry

- 2.4.3 analysis of operation of nonwoven fabric manufacturing industry
 - (1) analysis of process of industrial nonwoven fabric manufacturing and processing
 - (2) analysis of scale of nonwoven fabric manufacturing industry
 - (3) production of nonwoven fabric manufacturing industry
 - (4) demand of nonwoven fabric manufacturing industry
 - (5) analysis of supply and demand balance of nonwoven fabric manufacturing industry
 - (6) analysis of financial operation of nonwoven fabric manufacturing industry
 - (7) analysis of characteristics of operation and trends of nonwoven fabric manufacturing

industry

2.5 analysis of downstream demand of China's industrial textiles industry

- 2.5.1 analysis of demand for textiles in health care
 - (1) analysis of characteristics of textiles in health care
 - 1) type of textiles in health care
 - 2) performance and requirements of textiles in health care
 - (2) analysis of market of textiles in health care
 - 1) analysis of market scale of China's health care industry
 - 2) analysis of international application scale of textiles in health care
 - 3) analysis of status quo of domestic application of textiles in health care
 - 1. scale of application
 - 2. obstacles to promote
 - 3. proposals to promote
 - (3) analysis of new applications of industrial textiles in health care

- (4) trends and forecast of application of industrial textiles in health care
- 2.5.2 analysis of demand for textiles in vehicle
 - (1) analysis of characteristics of textiles in vehicle
 - 1) type of textiles in vehicle
 - 2) performance and requirements of textiles in vehicle
 - 1. vehicle upholstery fabrics
 - 2. vehicle functional fabrics
 - (2) analysis of market of textiles in vehicle
 - 1) analysis of market scale of China's vehicle industry
 - 2) analysis of international application scale of textiles in vehicle
 - 3) analysis of status quo of domestic application of textiles in vehicle
 - 1. scale of application
 - 2. obstacles to promote
 - 3. proposals to promote
 - (3) analysis of new applications of industrial textiles in vehicle
 - (4) trends and forecast of application of industrial textiles in vehicle
- 2.5.3 analysis of demand for textiles in agriculture
 - (1) analysis of characteristics of textiles in agriculture
 - 1) type of textiles in agriculture
 - 2) performance and requirements of textiles in agriculture
 - 1. forestry fabrics
 - 2. aquatic fabrics
 - (2) analysis of application of subdivided textiles in agriculture
 - 1) fabrics and nonwovens are most widely used
 - 2) non-woven fabrics are used in-season crop yield instead of plastic film
 - 3) agricultural fiber network is used in a small scale but indispensable
 - (3) analysis of market of textiles in agriculture
 - 1) analysis of scale of China's agriculture
 - 2) analysis of international application of textiles in agriculture
 - 3) analysis of status quo of domestic application of textiles in agriculture
 - 1. scale of application
 - 2. obstacles to promote
 - 3. proposals to promote
 - (4) analysis of new applications of industrial textiles in agriculture
 - (5) trends and forecast of application of industrial textiles in agriculture
- 2.5.4 analysis of demand for textiles in construction
 - (1) analysis of characteristics of textiles in construction
 - 1) type of textiles in construction
 - 2) performance and requirements of textiles in construction
 - 1. fiber reinforcement materials
 - 2. roofing materials
 - 3. membrane structure building materials
 - 4. noise insulation materials
 - (2) analysis of market of textiles in construction
 - 1) analysis of market scale of China's construction industry
 - 2) analysis of international application scale of textiles in construction
 - 3) analysis of domestic application of textiles in construction
 - 1. scale of application
 - 2. obstacles to promote
 - 3. proposals to promote
 - (3) analysis of new applications of industrial textiles in construction
 - (4) trends and forecast of application of industrial textiles in construction
- 2.5.5 analysis of demand for textiles in safety protection
 - (1) analysis of characteristics of textiles in safety protection
 - 1) type of textiles in safety protection
 - 2) performance and requirements of textiles in safety protection
 - 1. antistatic textiles
 - 2. anti-electromagnetic radiation textiles
 - 3. heat-resistant textiles

- 4. thermal-resistant textiles
- 5. anti-virus textiles
- (2) analysis of market of textiles in safety protection
 - 1) analysis of international application scale of textiles in safety protection
 - 2) analysis of international application scale of textiles in safety protection
 - 1. scale of application
 - 2. obstacles to promote
 - 3. proposals to promote
 - (3) analysis of new applications of industrial textiles in safety protection
 - (4) trends and forecast of application of industrial textiles in safety protection
- 2.5.6 analysis of demand for textiles in sports and leisure
 - (1) analysis of characteristics of textiles in sports and leisure
 - 1) type of textiles in sports and leisure
 - 2) performance and requirements of textiles in sports and leisure
 - (2) analysis of market of textiles in sports and leisure
 - 1) analysis of scale of China's sports and leisure industry
 - 2) analysis of international application scale of textiles in sports and leisure
 - 3) analysis of international application scale of textiles in sports and leisure
 - 1. scale of application
 - 2. obstacles to promote
 - 3. proposals to promote
 - (3) analysis of new applications of industrial textiles in sports and leisure
 - (4) trends and forecast of application of industrial textiles in sports and leisure
 - 2.5.7 analysis of demand for textiles in military, defense and aerospace
 - (1) analysis of characteristics of textiles in military, defense and aerospace
 - 1) type of textiles in military, defense and aerospace
 - 2) performance and requirements of textiles in military, defense and aerospace
 - (2) analysis of market of textiles in military, defense and aerospace
 - 1) analysis of international application scale of textiles in military, defense and aerospace
 - 2) analysis of domestic application scale of textiles in military, defense and aerospace
 - 1. scale of application
 - 2. obstacles to promote
 - 3. proposals to promote
 - (3) analysis of new applications of industrial textiles in military, defense and aerospace
 - (4) trends and forecast of application of industrial textiles in military, defense and aerospace
 - 2.5.8 analysis of demand for textiles in environmental protection industry
 - (1) analysis of characteristics of textiles in environmental protection industry
 - 1) type of textiles in environmental protection industry
 - 2) performance and requirements of textiles in environmental protection industry
 - (2) analysis of market of textiles in environmental protection industry
 - 1) analysis of international application scale of textiles in environmental protection industry
 - 2) analysis of domestic application scale of textiles in environmental protection industry
 - 1. scale of application
 - 2. obstacles to promote
 - 3. proposals to promote
 - (3) analysis of new applications of industrial textiles in environmental protection industry
 - (4) trends and forecast of application of industrial textiles in environmental protection industry
 - 2.5.9 analysis of market demand for industrial textiles products in other fields
 - 2.6 forecast of development of industrial textiles industry and investment proposals**
 - 2.6.1 analysis of investment potential of industrial textiles industry
 - (1) forecast of development of the industry
 - (2) analysis of market concentration of the industry
 - (3) analysis of profit margins of the industry
 - 2.6.2 analysis of characteristics of investment of industrial textiles industry
 - (1) entry barriers of industrial textiles industry
 - (2) profit model of industrial textiles industry

Chapter 3: Enterprise

3.1 analysis of leading enterprises of China's industrial textiles industry

3.1.1 analysis of overall development of industrial textiles enterprises

- (1) sales revenue
- (2) industrial output
- (3) profit

3.1.2 case study of leading enterprises of industrial textiles industry

(1) ShenMa Group Co., Ltd.

- 1) brief introduction of the company's main development
- 2) analysis of the company's main business and products
- 3) the company's sales channels and network
- 4) analysis of the company's operation
 1. analysis of the company's major economic indicators
 2. analysis of the company's profitability capability
 3. analysis of the company's operation capability
 4. analysis of the company's solvency capability
 5. analysis of the company's development capability
- 5) analysis of the company's advantages and disadvantages
- 6) analysis of the company's investment, merger and restructuring

(2) Wuxi Taiji Industry Co., Ltd.

- 1) brief introduction of the company's main development
- 2) analysis of the company's main business and products
- 3) the company's sales channels and network
- 4) analysis of the company's operation
 1. analysis of the company's major economic indicators
 2. analysis of the company's profitability capability
 3. analysis of the company's operation capability
 4. analysis of the company's solvency capability
 5. analysis of the company's development capability
- 5) analysis of the company's advantages and disadvantages
- 6) analysis of the company's latest development trend

(3) Xinlong Holding (Group) Co., Ltd.

- 1) brief introduction of the company's main development
- 2) analysis of the company's main business and products
- 3) the company's sales channels and network
- 4) analysis of the company's operation
 1. analysis of the company's major economic indicators
 2. analysis of the company's profitability capability
 3. analysis of the company's operation capability
 4. analysis of the company's solvency capability
 5. analysis of the company's development capability
- 5) analysis of the company's advantages and disadvantages
- 6) analysis of the company's latest development trend

(4) Shanghai Shenda Co., Ltd.

- 1) brief introduction of the company's main development
- 2) analysis of the company's main business and products
- 3) the company's sales channels and network
- 4) analysis of the company's operation
 1. analysis of the company's major economic indicators
 2. analysis of the company's profitability capability
 3. analysis of the company's operation capability
 4. analysis of the company's solvency capability
 5. analysis of the company's development capability
- 5) analysis of the company's advantages and disadvantages
- 6) analysis of the company's investment, merger and restructuring

(5) Costin New Materials Group Limited

- 1) brief introduction of the company's main development
- 2) analysis of the company's main business and products
- 3) the company's sales channels and network
- 4) analysis of the company's operation

1. analysis of the company's major economic indicators
2. analysis of the company's profitability capability
3. analysis of the company's operation capability
4. analysis of the company's solvency capability
5. analysis of the company's development capability
- 5) analysis of the company's advantages and disadvantages
- 6) analysis of the company's latest development trend

there are another 25 enterprises
