

China Industrial Steel Pipe Fittings Industry Report (2016–2021), Development Prospect, Transformation & Upgrading

目 录

CONTENTS

Chapter 1: Overview of development of China's industrial steel pipe fittings industry

1.1 definition and status of the industry

1.1.1 definition of the industry

1.1.2 classification of products of the industry

1.2 analysis of market environment of China's industrial steel pipe fittings industry

1.2.1 analysis of policy environment of industrial steel pipe fittings industry

1.2.2 analysis of economic environment of industrial steel pipe fittings industry

1.2.3 analysis of technical environment of industrial steel pipe fittings industry

(1) analysis of patent application quantity of the industry

(2) changes of quantity of patent disclosures of the industry

(3) analysis of patent applicant of the industry

(4) analysis of hot technology of the industry

1.2.4 analysis of social environment of industrial steel pipe fittings industry

1.3 analysis of development opportunity and threat of China's industrial steel pipe fittings industry

Chapter 2: Analysis of raw materials market of industrial steel pipe fittings

2.1 analysis of supply and demand of steel industry

2.1.1 analysis of output of steel industry

2.1.2 analysis of import and export of steel industry

2.1.3 analysis of amount of apparent consumption of steel industry

2.1.4 analysis of supply and demand balance of steel industry

2.1.5 Forward's forecast of supply and demand trends of steel industry

2.2 analysis of competition of steel industry

2.3 analysis of price of steel

2.3.1 status quo of price of steel

2.3.2 Forward's forecast of price trends of steel

2.4 analysis of impact of steel industry on the industrial steel pipe fittings industry

Chapter 3: Analysis of development of China's industrial steel pipe fittings industry

3.1 analysis of market scale of China's industrial steel pipe fittings industry

3.1.1 analysis of corporate scale

3.1.2 analysis of supply of the industry

3.1.3 analysis of demand of the industry

3.1.4 analysis of import and export of the industry

industry

(2) analysis of product structure of import of industrial steel pipe fittings industry

(3) analysis of product structure of export of industrial steel pipe fittings industry

3.2 analysis of profitability of China's industrial steel pipe fittings industry

3.2.1 analysis of gross profit of the industry

3.2.2 analysis of product profitability of the industry

3.2.3 analysis of asset profitability of the industry

3.3 analysis of regional distribution of China's industrial steel pipe fittings industry

3.3.1 analysis of regional distribution of enterprises

3.3.2 regional distribution of industry output

3.3.3 analysis of regional distribution of industry demand

3.4 analysis of market competition of China's industrial steel pipe fittings industry

3.4.1 competition among existing enterprises

3.4.2 treat of potential entrants

3.4.3 bargaining power of suppliers

- 3.4.4 bargaining power of purchasers
- 3.4.5 threat of substitutes
- 3.4.6 summary of competition

3.5 development trends and forecast of China's industrial steel pipe fittings industry

- 3.5.1 Forward's prediction of development trends of industrial steel pipe fittings industry
- 3.5.2 Forward's forecast of industrial steel pipe fittings industry

Chapter 4: Analysis of subdivided markets of China's industrial steel pipe fittings industry and forecast

4.1 analysis of demand for industrial steel pipe fittings in petrochemical industry

- 4.1.1 application of industrial steel pipe fittings in petrochemical industry
- 4.1.2 demand for pipe fittings in oil and gas transmission
 - (1) output of oil and gas
 - (2) construction of oil and gas pipeline
 - (3) scale of demand for pipe fittings in oil and gas transmission
 - (4) forecast of demand for pipe fittings in oil and gas transmission
- 4.1.3 demand for pipe fittings in petrochemical equipment
 - (1) overview of development of petrochemical equipment industry
 - (2) scale of demand for pipe fittings in petrochemical equipment
 - (3) forecast of demand for pipe fittings in petrochemical equipment

4.2 analysis of demand for industrial steel pipe fittings in power industry

- 4.2.1 application of industrial steel pipe fittings in power industry
- 4.2.2 demand for pipe fittings in thermal power industry
 - (1) overview of development of thermal power industry
 - (2) scale of demand for pipe fittings in thermal power industry
 - (3) forecast of demand for pipe fittings in thermal power industry
- 4.2.3 demand for pipe fittings in nuclear power industry
 - (1) overview of development of nuclear power industry
 - (2) scale of demand for pipe fittings in nuclear power industry
 - (3) forecast of demand for pipe fittings in nuclear power industry

4.3 analysis of demand for industrial steel pipe fittings in shipbuilding industry

- 4.3.1 application of industrial steel pipe fittings in shipbuilding industry
- 4.3.2 status quo of development of shipbuilding industry and forecast
- 4.3.3 scale of demand for pipe fittings in shipbuilding industry
- 4.3.4 forecast of demand for pipe fittings in shipbuilding industry

Chapter 5: Analysis of operation of leading enterprises of China's industrial steel pipe fittings industry

5.1 analysis of the overall development of enterprises

- 5.1.1 corporate scale of industrial steel pipe fittings industry
- 5.1.2 industrial output of industrial steel pipe fittings industry
- 5.1.3 sales revenue and profit of industrial steel pipe fittings industry

5.2 case study of leading enterprises

- 5.2.1 Jiangyin Zhongnan Heavy Industries Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and main performance
 - (3) analysis of the company's R&D level
 - (4) analysis of the company's sales network
 - (5) analysis of the company's operation
 - 1) analysis of major economic indicators
 - 2) analysis of the company's profitability capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's solvency capability
 - 5) analysis of the company's development capability
 - (6) analysis of advantages and disadvantages of the company
 - (7) analysis of investment, merger and restructuring of the company
 - (8) analysis of the company's latest development trend
- 5.2.2 Hebei Canghai Heavy Industries Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's product structure
 - (3) analysis of the company's R&D level

- (4) analysis of the company's sales network
 - (5) analysis of the company's operation
 - 1) analysis of the company's profit-creating capability
 - 2) analysis of the company's solvency capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's profitability capability
 - 5) analysis of the company's development capability
 - (6) analysis of advantages and disadvantages of the company
 - (7) analysis of the company's latest development trend
- 5.2.3 Wuxi Xinfeng Pipe Industry Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure
 - (3) analysis of the company's technical level
 - (4) analysis of the company's main performance
 - (5) analysis of the company's operation
 - 1) analysis of the company's profit-creating capability
 - 2) analysis of the company's solvency capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's profitability capability
 - 5) analysis of the company's development capability
 - (6) analysis of advantages and disadvantages of the company
 - (7) analysis of the company's latest development trend
- 5.2.4 Hebei HongRun Heavy Industry Group Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's business model
 - (3) the company's product structure and technology
 - (4) the company's product performance
 - (5) analysis of the company's operation
 - 1) analysis of the company's profit-creating capability
 - 2) analysis of the company's solvency capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's profitability capability
 - 5) analysis of the company's development capability
 - (6) analysis of advantages and disadvantages of the company
 - (7) analysis of the company's latest development trend
- 5.2.5 Jiangsu Xingyang Pipe Industry Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's business model
 - (3) the company's product structure and technology
 - (4) the company's product performance
 - (5) analysis of the company's operation
 - 1) analysis of the company's profit-creating capability
 - 2) analysis of the company's solvency capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's profitability capability
 - 5) analysis of the company's development capability
 - (6) analysis of advantages and disadvantages of the company
- 5.2.6 Jiangyin Nanfang Pipe Manufacturing Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's business model
 - (3) the company's product structure and technology
 - (4) analysis of the company's operation
 - 1) analysis of the company's profit-creating capability
 - 2) analysis of the company's solvency capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's profitability capability
 - 5) analysis of the company's development capability
 - (5) analysis of advantages and disadvantages of the company
- 5.2.7 Bohai Heavy Industry Pipeline Co., Ltd.

- (1) brief introduction of the company's development
 - (2) analysis of the company's business model
 - (3) the company's product structure and technology
 - (4) application area of the company's products
 - (5) analysis of the company's operation
 - 1) analysis of the company's profit-creating capability
 - 2) analysis of the company's solvency capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's profitability capability
 - 5) analysis of the company's development capability
 - (6) analysis of advantages and disadvantages of the company
 - (7) analysis of the company's latest development trend
- 5.2.8 Jiangsu Huayang Metal Pipe Fittings Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's business model
 - (3) the company's product structure and technology
 - (4) the company's product performance
 - (5) analysis of the company's operation
 - 1) analysis of the company's profit-creating capability
 - 2) analysis of the company's solvency capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's profitability capability
 - 5) analysis of the company's development capability
 - (6) analysis of advantages and disadvantages of the company
 - (7) analysis of the company's latest development trend
- 5.2.9 Yangzhou Pipe Fittings Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's business model
 - (3) the company's product structure and technology
 - (4) the company's product performance
 - (5) analysis of the company's operation
 - 1) analysis of the company's profit-creating capability
 - 2) analysis of the company's solvency capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's profitability capability
 - 5) analysis of the company's development capability
 - (6) analysis of advantages and disadvantages of the company
 - (7) analysis of the company's latest development trend
- 5.2.10 Yantai Tianyi Metal Products Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's business model
 - (3) the company's product structure and technology
 - (4) analysis of the company's operation
 - 1) analysis of the company's profit-creating capability
 - 2) analysis of the company's solvency capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's profitability capability
 - 5) analysis of the company's development capability
 - (5) analysis of advantages and disadvantages of the company
- 5.2.11 Hebei Shengtian Pipe Group Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's business model
 - (3) the company's product structure and technology
 - (4) the company's product performance
 - (5) analysis of the company's operation
 - 1) analysis of the company's profit-creating capability
 - 2) analysis of the company's solvency capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's profitability capability

- 5) analysis of the company's development capability
- (6) analysis of advantages and disadvantages of the company
- 5.2.12 Wuxi Falan Forging Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's business model
 - (3) the company's product structure and technology
 - (4) the company's product performance
 - (5) analysis of the company's operation
 - 1) analysis of the company's profit-creating capability
 - 2) analysis of the company's solvency capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's profitability capability
 - 5) analysis of the company's development capability
 - (6) analysis of advantages and disadvantages of the company
- 5.2.13 Baotou Wind Power Technology Co., Ltd. of China Water Investment Group
 - (1) brief introduction of the company's development
 - (2) analysis of the company's business model
 - (3) the company's product structure and technology
 - (4) the company's product performance
 - (5) analysis of the company's operation
 - 1) analysis of the company's profit-creating capability
 - 2) analysis of the company's solvency capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's profitability capability
 - 5) analysis of the company's development capability
 - (6) analysis of advantages and disadvantages of the company
- 5.2.14 Hebei Jiangfeng Pipeline Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's business model
 - (3) the company's product structure and technology
 - (4) the company's product performance
 - (5) analysis of the company's operation
 - 1) analysis of the company's profit-creating capability
 - 2) analysis of the company's solvency capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's profitability capability
 - 5) analysis of the company's development capability
 - (6) analysis of advantages and disadvantages of the company
- 5.2.15 Shanxi Dingxiang Jinrui Hypertension Ring Limited
 - (1) brief introduction of the company's development
 - (2) analysis of the company's business model
 - (3) the company's product structure and technology
 - (4) the company's product performance
 - (5) analysis of the company's operation
 - 1) analysis of the company's profit-creating capability
 - 2) analysis of the company's solvency capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's profitability capability
 - 5) analysis of the company's development capability
 - (6) analysis of advantages and disadvantages of the company
- 5.2.16 Liaoyang Petrochemical Machinery Design Manufacturing Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's business model
 - (3) the company's product structure and technology
 - (4) the company's product performance
 - (5) analysis of the company's operation
 - 1) analysis of the company's profit-creating capability
 - 2) analysis of the company's solvency capability
 - 3) analysis of the company's operation capability

- 4) analysis of the company's profitability capability
- 5) analysis of the company's development capability
- (6) analysis of advantages and disadvantages of the company
- 5.2.17 Hebei Haihao High-pressure Pipe Fitting Group Limited
 - (1) brief introduction of the company's development
 - (2) analysis of the company's business model
 - (3) the company's product structure and technology
 - (4) the company's product performance
 - (5) analysis of the company's operation
 - 1) analysis of the company's profit-creating capability
 - 2) analysis of the company's solvency capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's profitability capability
 - 5) analysis of the company's development capability
 - (6) analysis of advantages and disadvantages of the company
- 5.2.18 Changle Honghe Falan Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) the company's product structure and technology
 - (3) the company's product performance
 - (4) analysis of the company's operation
 - 1) analysis of the company's profit-creating capability
 - 2) analysis of the company's solvency capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's profitability capability
 - 5) analysis of the company's development capability
 - (5) analysis of advantages and disadvantages of the company
- 5.2.19 Hebei Guanghao Pipe Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's business model
 - (3) the company's product structure and technology
 - (4) the company's product performance
 - (5) analysis of the company's operation
 - 1) analysis of the company's profit-creating capability
 - 2) analysis of the company's solvency capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's profitability capability
 - 5) analysis of the company's development capability
 - (6) analysis of advantages and disadvantages of the company
- 5.2.20 Jiangsu Runyang Fittings Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's business model
 - (3) the company's product structure and technology
 - (4) analysis of the company's product performance
 - (5) analysis of the company's operation
 - 1) analysis of the company's profit-creating capability
 - 2) analysis of the company's solvency capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's profitability capability
 - 5) analysis of the company's development capability
 - (6) analysis of advantages and disadvantages of the company
 - (7) analysis of the company's latest development trend
- 5.2.21 Jiangyin Dongfa Tube Manufacturing Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's business model
 - (3) the company's product structure and technology
 - (4) the company's product performance
 - (5) analysis of the company's operation
 - 1) analysis of the company's profit-creating capability
 - 2) analysis of the company's solvency capability

- 3) analysis of the company's operation capability
- 4) analysis of the company's profitability capability
- 5) analysis of the company's development capability
- (6) analysis of advantages and disadvantages of the company
- (7) analysis of the company's latest development trend
- 5.2.22 Zhangqiu Guangda Petrochemical Parts Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's business model
 - (3) the company's product structure and technology
 - (4) analysis of the company's operation
 - 1) analysis of the company's profit-creating capability
 - 2) analysis of the company's solvency capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's profitability capability
 - 5) analysis of the company's development capability
 - (5) analysis of advantages and disadvantages of the company
- 5.2.23 Jiangyin Jin Petrochemical Equipment Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's business model
 - (3) the company's product structure and technology
 - (4) the company's product performance
 - (5) analysis of advantages and disadvantages of the company
- 5.2.24 Yangzhou Longyang Falan Pipe Manufacturing Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) the company's product structure and technology
 - (3) the company's product performance
 - (4) analysis of advantages and disadvantages of the company
- 5.2.25 Hebei Bohai Pipe Manufacturing Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's business model
 - (3) the company's product structure and technology
 - (4) the company's product performance
 - (5) analysis of the company's operation
 - 1) analysis of the company's profit-creating capability
 - 2) analysis of the company's solvency capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's profitability capability
 - 5) analysis of the company's development capability
 - (6) analysis of advantages and disadvantages of the company
- 5.2.26 Yingkou Sifang Pipe Fittings Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's business model
 - (3) the company's product structure and technology
 - (4) analysis of the company's performance
 - (5) analysis of the company's operation
 - 1) analysis of the company's profit-creating capability
 - 2) analysis of the company's solvency capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's profitability capability
 - 5) analysis of the company's development capability
 - (6) analysis of advantages and disadvantages of the company
- 5.2.27 Nanjing Gaoning Forging Falan Plant
 - (1) brief introduction of the company's development
 - (2) analysis of the company's business model
 - (3) the company's product structure and technology
 - (4) application area of the company's products
 - (5) analysis of the company's operation
 - 1) analysis of the company's profit-creating capability
 - 2) analysis of the company's solvency capability

- 3) analysis of the company's operation capability
- 4) analysis of the company's profitability capability
- 5) analysis of the company's development capability
- (6) analysis of advantages and disadvantages of the company
- 5.2.28 Dalian Bicester Falan Manufacturing Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's business model
 - (3) the company's product structure and technology
 - (4) analysis of the company's operation
 - 1) analysis of the company's profit-creating capability
 - 2) analysis of the company's solvency capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's profitability capability
 - 5) analysis of the company's development capability
 - (5) analysis of advantages and disadvantages of the company
- 5.2.29 Yingkou BNV Piping Products Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's business model
 - (3) the company's product structure and technology
 - (4) application area of the company's products
 - (5) analysis of advantages and disadvantages of the company
- 5.2.30 Shanghai Pudong Pipe Fittings Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's business model
 - (3) the company's product structure and technology
 - (4) application area of the company's products
 - (5) analysis of advantages and disadvantages of the company

Chapter 6: Investment of China's industrial steel pipe fittings industry and suggestions

6.1 analysis of life cycle and critical success factors of China's industrial steel pipe fittings industry

- 6.1.1 analysis of life cycle of China's industrial steel pipe fittings industry
 - (1) theory of life cycle of the industry
 - (2) China's industrial steel pipe fittings industry is mature
- 6.1.2 analysis of critical success factors of China's industrial steel pipe fittings industry
 - (1) identification of related success factors of industrial steel pipe fittings industry
 - (2) assess the importance of relevant success factors
 - (3) establishment of related success factor ISM of industrial steel pipe fittings industry
 - (4) determination of critical success factors of industrial steel pipe fittings industry

6.2 analysis of investment of China's industrial steel pipe fittings industry

- 6.2.1 analysis of risks of investment of the industry
 - (1) analysis of economic risk
 - (2) analysis of competition risk
 - (3) analysis of risk of price fluctuations in raw materials
 - (4) analysis of technical risk
 - (5) analysis of policy risk
- 6.2.2 analysis of entry barriers of the industry
 - (1) certification barrier
 - (2) barrier for suppliers to get qualified
 - (3) capital barrier
 - (4) barrier of process technology
 - (5) barrier of quality control

6.3 Forward's suggestions for China's industrial steel pipe fittings enterprises

- 6.3.1 need to improve R & D capability and production capacity
- 6.3.2 strengthen brand building
- 6.3.3 strengthen management innovation and organizational change
- 6.3.4 strengthen building of qualified personnel
