

# China Lithium Battery Cathode Materials Industry Development Prospects and Investment Forecast Report

## 目 录

### CONTENTS

#### Chapter 1: Background Introduction of Lithium Battery Cathode Materials Industry

##### 1.1 Overview of Lithium Battery Industry

###### 1.1.1 Definition and Introduction of Lithium Battery

- (1) Lithium Galvanic Cell
- (2) Lithium-ion Battery
- (3) Power Li-ion Battery

###### 1.1.2 Structure and Principles of Lithium Battery

###### 1.1.3 Advantages and Disadvantages Analysis of Lithium Battery

###### 1.1.4 Major Usage of Lithium Battery

##### 1.2 Overview of Lithium Battery Cathode Materials

###### 1.2.1 Brief Introduction of Lithium Battery Cathode Materials

###### 1.2.2 Classification of Lithium Battery Cathode Materials

###### 1.2.3 Requirements for Lithium Battery Cathode Materials

##### 1.3 Policy Environment of Lithium Battery Industry

###### 1.3.1 Industry Management System

###### 1.3.2 Standards Related to Industry

###### 1.3.3 Policies Related to Industry

###### 1.3.4 Industry Development Planning

#### Chapter 2: Development Analysis of Lithium Battery Industry

##### 2.1 Development Analysis of Global Lithium Battery Industry

###### 2.1.1 Development Overview of Global Lithium Battery Industry

###### 2.1.2 Market Size of Global Lithium Battery Industry

###### 2.1.3 Demand Pattern of Global Lithium Battery Industry

###### 2.1.4 Development Trend of Global Lithium Battery Industry

##### 2.2 Development Analysis of China Lithium Battery Industry

###### 2.2.1 Development Overview of China Lithium Battery Industry

###### 2.2.2 Market Size of China Lithium Battery Industry

###### 2.2.3 Output Distribution of China Lithium Battery Industry

###### 2.2.4 Development Trend of China Lithium Battery Industry

##### 2.3 Downstream Demand and Prospects Forecast of China Lithium Battery Industry

###### 2.3.1 Demand and Prospects Forecast for Cell Phone Lithium Battery

###### (1) Cell Phone Output Analysis

###### (2) Demand Status Analysis of Cell Phone Lithium Battery

###### (3) Demand Prospects Forecast of Cell Phone Lithium Battery

###### 2.3.2 Demand and Prospects Forecast for Laptop Lithium Battery

###### (1) Laptop Lithium Battery Output Analysis

###### (2) Demand Status Analysis of Laptop Lithium Battery

###### (3) Demand Prospects Forecast for Laptop Lithium Battery

###### 2.3.3 Demand and Prospects Forecast for Digital Camera Lithium Battery

###### (1) Digital Camera Output Analysis

###### (2) Demand Status Analysis of Digital Camera Lithium Battery

###### (3) Demand Prospects Forecast for Digital Camera Lithium Battery

###### 2.3.4 Demand and Prospects Forecast for MP3 Lithium Battery

###### (1) Demand Status Analysis of MP3 Lithium Battery

###### (2) Demand Prospects Forecast for MP3 Lithium Battery

###### 2.3.5 Demand and Prospects Forecast for Electric Vehicle Lithium Battery

###### (1) Electric Vehicle Output Analysis

###### (2) Demand Status Analysis of Electric Vehicle Lithium Battery

###### (3) Demand Prospects Forecast for Electric Vehicle Lithium Battery

- 2.3.6 Demand and Prospects Forecast for Electric Tools Lithium Battery
  - (1) Electric Tools Output Analysis
  - (2) Demand Status Analysis of Electric Tools Lithium Battery
  - (3) Demand Prospects Forecast for Electric Tools Lithium Battery

## Chapter 3: Development Analysis of Lithium Battery Cathode Materials Industry

### 3.1 Development Analysis of Global Lithium Battery Cathode Materials Industry

- 3.1.1 Development Overview of Global Lithium Battery Cathode Materials Industry
- 3.1.2 Competitive Landscape Analysis of Global Lithium Battery Cathode Materials Industry
- 3.1.3 Sales Volume Analysis of Global Lithium Battery Cathode Materials Industry
- 3.1.4 Demand Size Forecast of Global Lithium Battery Cathode Materials Industry

### 3.2 Development Analysis of China Lithium Battery Cathode Materials Industry

- 3.2.1 Development Overview of China Lithium Battery Cathode Materials Industry
- 3.2.2 Market Competitive Analysis of China Lithium Battery Cathode Materials Industry
- 3.2.3 Sales Volume Analysis of China Lithium Battery Cathode Materials Industry
- 3.2.4 Market Size Forecast of China Lithium Battery Cathode Materials Industry

### 3.3 Market Analysis of Different Types of Lithium Battery Cathode Materials

- 3.3.1 Output Analysis of Different Types of Lithium Battery Cathode Materials
- 3.3.2 Market Shares Analysis of Different Types of Lithium Battery Cathode Materials
- 3.3.3 Capacity and Output Comparison of Different Types of Lithium Battery Cathode Materials
- 3.3.4 Capacity Analysis of Major Global Lithium Battery Cathode Materials Manufacturers

### 3.4 Competition Influence Analysis of Lithium Battery Cathode Materials Industry

- 3.4.1 Analysis of Industry Bargaining Power
- 3.4.2 Analysis of Potential Competitors
- 3.4.3 Analysis of Industry Substitute Threats

## Chapter 4: Development Status and Trend Analysis of Lithium Battery Cathode Materials

### 4.1 Development Status and Trend Analysis of Lithium Cobalt Oxide (LCO)

- 4.1.1 Lithium Cobalt Oxide Structure and Preparation Methods
  - (1) Structure Principles
  - (2) Preparation Methods
- 4.1.2 Development Overview of LCO Market
- 4.1.3 Market Analysis of LCO Material
- 4.1.4 Major Leading LCO Manufacturing Enterprises
- 4.1.5 Modification Research on LCO
  - (1) Doping
  - (2) Cladding
- 4.1.6 Analysis of LCO Material Advantages and Disadvantages
- 4.1.7 Future Development Trend of LCO Material

### 4.2 Development Status and Trend Analysis of Lithium Manganese Oxide (LMO)

- 4.2.1 LMO Structure and Preparation Methods
  - (1) Structure Principle
  - (2) Preparation Methods
- 4.2.2 Development Overview of LMO Market
- 4.2.3 Market Analysis of LMO Material
- 4.2.4 Major Leading LMO Manufacturing Enterprises
- 4.2.5 Modification Research on LMO
  - (1) Doping
  - (2) Cladding
- 4.2.6 Analysis of LMO Material Advantages and Disadvantages
- 4.2.7 Future Development Trend of LMO Material

### 4.3 Development Status and Trend Analysis of Lithium Iron Phosphate (LiFePO<sub>4</sub>/LFP)

- 4.3.1 LFP Structure and Preparation Methods
  - (1) Structure Principles
  - (2) Preparation Methods
  - (3) Processing Improvement History
- 4.3.2 Development Overview of LFP Market
- 4.3.3 Market Analysis of LFP Materials
- 4.3.4 Major LFP Manufacturing Enterprises
- 4.3.5 Modification Research on LFP
- 4.3.6 Analysis of LFP Advantages and Disadvantages

#### 4.3.7 Future Development Trend of LFP Materials

### 4.4 Development Status and Trend of Ternary Material

#### 4.4.1 Structure Principles

#### 4.4.2 Preparation Methods

#### 4.4.3 Processing Improvement History

- (1) Development Overview of Ternary Material
- (2) Market Analysis of Ternary Material
- (3) Major Ternary Material Manufacturing Enterprises
- (4) Modification Research on Ternary Research
- (5) Analysis of Ternary Material Advantages and Disadvantages
- (6) Future Development Trend of Ternary Materials

### 4.5 Research Progress of New Lithium Battery Cathode Materials

#### 4.5.1 Characteristics and Performance of Traditional Cathode Materials

#### 4.5.2 Performance Analysis of New Cathode Materials

- (1) Si Cathode Materials
- (2) V Cathode Materials
- (3) Organic Cathode Materials
- (4) Other Cathode Materials

#### 4.5.3 Research Progress of China Lithium Battery Cathode Materials

## Chapter 5: Upstream Supply and Development Prospects of Lithium Battery Cathode Materials

### 5.1 Lithium Battery Resources

#### 5.1.1 Supply Analysis of Lithium Market

#### 5.1.2 Development Prospects of Lithium Mineral Resources

### 5.2 Cobalt Resources

#### 5.2.1 Classification and Distribution of Cobalt Resources

#### 5.2.2 Supply Analysis of Cobalt Market

#### 5.2.3 Development Prospects of Cobalt Mineral Resources

#### 5.2.4 Nickel Resources

#### 5.2.5 Classification and Distribution of Nickel Resources

#### 5.2.6 Supply Analysis of Nickel Market

#### 5.2.7 Development Prospects of Nickel Mineral Resources

#### 5.2.8 Manganese Resources

#### 5.2.9 Classification and Distribution of Manganese Resources

#### 5.2.10 Supply Analysis of Manganese Market

#### 5.2.11 Development Prospects of Manganese Resources

### 5.3 Iron Resources

#### 5.3.1 Classification and Distribution of Iron Resources

#### 5.3.2 Supply Analysis of Iron Market

#### 5.3.3 Development Prospects of Iron Resources

### 5.4 Resources Advantages and Disadvantages Analysis of China Lithium Battery Cathode Materials

### 5.5 Development Prospects Analysis of China Lithium Battery Cathode Materials

## Chapter 6: Production Operational Analysis of Leading Enterprises in Lithium Battery Cathode Materials Industry

### 6.1 Overall Situation Analysis of Lithium Battery Cathode Materials Enterprises

#### 6.1.1 Enterprise Sizes of Lithium Battery Cathode Materials Industry

#### 6.1.2 Industrial Output Value Situation of Lithium Battery Cathode Materials

#### 6.1.3 Sales Revenue and Profits of Lithium Battery Cathode Materials Industry

#### 6.1.4 Innovative Capability Analysis of Major Lithium Battery Cathode Materials Enterprises

### 6.2 Leading Enterprises Analysis of Lithium Battery Cathode Materials Industry

#### 6.2.1 Operational Situation Analysis of Hunan Shanshan Toda Advanced Materials Co., Ltd.

- (1) Brief Analysis of Enterprise Development
- (2) Analysis of Enterprise Qualification Capability
- (3) Analysis of Enterprise Product and Technology
- (4) Analysis of Enterprise Marketing Channels and Networks
- (5) Analysis of Enterprise Management Situation
- (6) Analysis of Enterprise Production and Marketing Capability
- (7) Analysis of Enterprise Profitability
- (8) Analysis of Enterprise Operational Capability
- (9) Analysis of Analysis of Enterprise Debt-paying Ability

- (10) Analysis of Enterprise Development Capability
  - (11) Analysis of Enterprise Advantages and Disadvantages
  - (12) Enterprise Latest Development Trend
- 6.2.2 Operational Situation Analysis of Ningbo Jinhe New Materials Co., Ltd.
- (1) Brief Analysis of Enterprise Development
  - (2) Analysis of Enterprise Qualification Capability
  - (3) Analysis of Enterprise Product and Technology
  - (4) Analysis of Enterprise Marketing Channels and Networks
  - (5) Analysis of Enterprise Management Situation
  - (6) Analysis of Enterprise Production and Marketing Capability
  - (7) Analysis of Enterprise Profitability
