

China High-tech Industry Parks Indepth Research and Investment Strategy Planning Report, 2013-2017

目 录

CONTENTS

Chapter 1: Development Overview of High-tech Industry Park

1.1 Research Definition of High-tech Industry Park

- 1.1.1 Concept of High-tech Industry Park
- 1.1.2 Constitution of High-tech Industry Park
- 1.1.3 Innovative Carrier of High-tech Industry Park
- 1.1.4 Major Sources of High-tech Industry Park
- 1.1.5 Industries Related to High-tech Industry Park

1.2 Basic Features of High-tech Industry Park

- 1.2.1 Environment Feature of High-tech Industry Park
- 1.2.2 Behavior Objective Feature of High-tech Industry Park
- 1.2.3 Industrial Cluster Feature of High-tech Industry Park

1.3 Science and Technology Intermediary of High-tech Industry Park

- 1.3.1 Analysis of Domestic Science and Technology Intermediary of High-tech Industry Park
 - (1) Development Status of Science and Technology Intermediary in High-tech Zone
 - (2) Problems Faced by Science and Technology Intermediary in High-tech Zone
- 1.3.2 Analysis of Foreign Science and Technology Intermediary of High-tech Industry Park

(1) Analysis of Major Science and Technology Intermediaries Aboard

- 1) Science and Technology Intermediary in Silicon Valley
- 2) Science and Technology Intermediary in Cambridge Industrial District
- 3) Science and Technology Intermediary in Tsukuba Science City
- 4) Germany Science and Technology Intermediary System Status

(2) Development Features of Science and Technology Intermediary in Foreign High-tech Industry

Park

(3) Development Experiential Learning for Science and Technology Intermediary in Foreign High-tech Industry Park

1.4 Research Institutions and Methods of the Report

- 1.4.1 Introduction to Research Institutions for the Report
- 1.4.2 Overview of Research Methods in the Report
 - (1) Standards for Data Statistics
 - (2) Overview of Research Methods

Chapter 2: Analysis of Development Environment for High-tech Industry Park

2.1 Policy Environment for Developing High-tech Industry Park

2.1.1 Interpretation of “Twelfth Five-year” Development Plan for Industrialization of High-tech Technology

2.1.2 Interpretation of “Twelfth Five-year” Development Plan for High-tech Industry Park

2.1.3 Interpretation of “Twelfth Five-year” Development Plan for National Torch Program of China

2.1.4 Interpretation of “Twelfth Five-year” Development Plan for Productivity Promotion Center

2.1.5 Interpretation of “Twelfth Five-year” Development Plan for University National Science

Park

2.1.6 Interpretation of “Twelfth Five-year” Development Plan for Hi-tech Business Incubator

2.1.7 Interpretation of Development Plan for National “Twelfth Five-year” Science and Technology

2.1.8 Analysis of National Land Policies during “Twelfth Five-year” Period

2.2 Economic Environment for Developing High-tech Industry Park

2.2.1 Correlation between High-tech Industry Park and Macro-economic Development

2.2.2 Analysis of China's GDP Growth

2.2.3 Analysis of FAI Growth

2.2.4 Analysis of Resident Income and Expense Level

2.2.5 Prospects for China Macro-economic Development

2.3 Technology Environment for Developing High-tech Industry Park

- 2.3.1 Technology Development Level of High-tech Industry Park
- 2.3.2 Patent Application Situation of High-tech Industry
- 2.3.3 Patent Application Situation of High-tech Industry Segments
 - (1) Patent Application Situation of Pharmaceutical Manufacturing Industry
 - (2) Patent Application Situation of Medical Device Manufacturing Industry
 - (3) Patent Application Situation of Instrument And Apparatus Manufacturing Industry
 - (4) Patent Application Situation of Office Equipment Manufacturing Industry
 - (5) Patent Application Situation of Computer Manufacturing Industry
 - (6) Patent Application Situation of Communication Equipment Manufacturing Industry
 - (7) Patent Application Situation of Electronic Component Manufacturing Industry
 - (8) Patent Application Situation of Aerospace Vehicle Manufacturing Industry
 - (9) Patent Application Situation of Software Service Industry

2.4 Social Environment for Developing High-tech Park

- 2.4.1 Role of High-tech Industry Park in Developing Urbanization
- 2.4.2 Land Utilization Status and Planning of High-tech Industry Park
- 2.4.3 Construction and Environmental Protection Problems in High-tech Industry Park

Chapter 3: Analysis of Development Status of High-tech Industry

3.1 Development Overview of High-tech Industry

- 3.1.1 Definition and Classification of High-tech Industry
 - (1) Definition of High-tech Industry
 - (2) Classification of High-tech Industry
- 3.1.2 Development Features of High-tech Industry
- 3.1.3 Economic Position of High-tech Industry
 - (1) Position of High-tech Industry in Manufacturing Industry
 - (2) Position of High-tech Industry in National Economy

3.2 Overall Operation Situation of High-tech Industry

- 3.2.1 Overall Operation Situation of High-tech Industry
 - (1) Major Economic Index for High-tech Industry
 - (2) Total Output Value and Industry Distribution
 - (3) Labor Production Rate
- 3.2.2 R&D and Relevant Activities of High-tech Industry
 - (1) Human Resource Investment for R&D
 - (2) Budget for R&D
 - (3) Science and Technology Innovative Achievements

3.3 Analysis of Development Status of Pharmaceuticals Industry

- 3.3.1 Overall Development Information of Pharmaceuticals Industry
- 3.3.2 Analysis of Operation Benefits of Pharmaceuticals Industry
 - (1) Overall Operation Information of Pharmaceuticals Industry
 - (2) Analysis of Profit Level of Pharmaceuticals Industry
 - (3) Analysis of Development Capability of Pharmaceuticals Industry
- 3.3.3 Analysis of Competitive Landscape of Pharmaceuticals Industry
 - (1) Regional Market Landscape of Pharmaceuticals Industry
 - (2) Competitive Landscape of Pharmaceuticals Industry
- 3.3.4 Development Status of Pharmaceuticals Industry Cluster
- 3.3.5 Analysis of Investment Opportunities for Pharmaceuticals Industry
- 3.3.6 Analysis of Investment Risks in Pharmaceuticals Industry
- 3.3.7 Development and Construction Trend for Pharmaceuticals Industry Park

3.4 Analysis of Development Status of Medical Device Industry

- 3.4.1 Overall Development Information of Medical Device Industry
- 3.4.2 Analysis of Operation Benefits of Medical Device Industry
 - (1) Overall Operation Information of Medical Device Industry
 - (2) Analysis of Profit Level of Medical Device Industry
 - (3) Analysis of Development Capability of Medical Device Industry
- 3.4.3 Analysis of Competitive Landscape of Medical Device Industry
 - (1) Regional Market Landscape of Medical Device Industry
 - (2) Competitive Landscape of Medical Device Industry
- 3.4.4 Development Status of Medical Device Industry Cluster
- 3.4.5 Analysis of Investment Opportunities for Medical Device Industry
- 3.4.6 Analysis of Investment Risks in Medical Device Industry

3.4.7 Development and Construction Trend for Medical Device Industry

3.5 Analysis of Development Status of Software Industry

3.5.1 Development Overview of Software Industry

3.5.2 Analysis of Market Size of Software Industry

3.5.3 Development Potentials for Software Testing Market

3.5.4 Development Potentials for Software Outsourcing Market

3.5.5 Analysis of Competitive Landscape of Software Industry

3.5.6 Development Status of Software Industry Cluster

3.5.7 Analysis of Investment Opportunities for Software Industry

3.5.8 Analysis of Investment Risks in Software Industry

3.5.9 Development of Construction Trend for Software Industry Park

3.6 Analysis of Development Status of Electronic Information Industry

3.6.1 Overall Development Information of Electronic Information Industry

3.6.2 Analysis of Operation Benefits of Electronic Information Industry

(1) Overall Operation Information of Electronic Information Industry

(2) Analysis of Profit Level of Electronic Information Industry

(3) Analysis of Development Capability of Electronic Information Industry

3.6.3 Analysis of Competitive Landscape of Electronic Information Industry

(1) Regional Market Landscape of Electronic Information Industry

(2) Competitive Landscape of Electronic Information Industry

3.6.4 Development Status of Electronic Information Industry Cluster

3.6.5 Analysis of Investment Opportunities for Electronic Information Industry

3.6.6 Analysis of Investment Risks in Electronic Information Industry

3.6.7 Development and Construction Trend for Electronic Information Industry

3.7 Analysis of Development Status of Communication Equipment Industry

3.7.1 Overall Development Information of Communication Equipment Industry

3.7.2 Analysis of Operation Benefits of Communication Equipment Industry

(1) Overall Operation Information of Communication Equipment Industry

(2) Analysis of Profit Level of Communication Equipment Industry

(3) Analysis of Development Capability of Communication Equipment Industry

3.7.3 Analysis of Competitive Landscape of Communication Equipment Industry

(1) Regional Market Landscape of Communication Equipment Industry

(2) Competitive Landscape of Communication Equipment Industry

3.7.4 Development Status of Communication Equipment Industry Cluster

3.7.5 Analysis of Investment Opportunities for Communication Equipment Industry

3.7.6 Analysis of Investment Risks in Communication Equipment Industry

3.7.7 Development and Construction Trend for Communication Equipment Industry

3.8 Analysis of Development Status of Office Equipment Industry

3.8.1 Overall Development Information of Office Equipment Industry

3.8.2 Analysis of Operation Benefits of Office Equipment Industry

(1) Overall Operation Information of Office Equipment Industry

(2) Analysis of Profit Level of Office Equipment Industry

(3) Analysis of Development Capability of Office Equipment Industry

3.8.3 Analysis of Competitive Landscape of Office Equipment Industry

(1) Regional Market Landscape of Office Equipment Industry

(2) Competitive Landscape of Office Equipment Industry

3.8.4 Development Status of Office Equipment Industry Cluster

3.8.5 Analysis of Investment Opportunities for Office Equipment Industry

3.8.6 Analysis of Investment Risks in Office Equipment Industry

3.8.7 Development and Construction Trend for Office Equipment Industry

3.9 Analysis of Development Status of Aerospace Industry

3.9.1 Overall Development Information of Aerospace Industry

3.9.2 Analysis of Operation Benefits of Aerospace Industry

(1) Overall Operation Information of Aerospace Industry

(2) Analysis of Profit Level of Aerospace Industry

(3) Analysis of Development Capability of Aerospace Industry

3.9.3 Analysis of Competitive Landscape of Aerospace Industry

(1) Regional Market Landscape of Aerospace Industry

(2) Competitive Landscape of Aerospace Industry

- 3.9.4 Development Status of Aerospace Industry Cluster
- 3.9.5 Analysis of Investment Opportunities for Aerospace Industry
- 3.9.6 Analysis of Investment Risks in Aerospace Industry
- 3.9.7 Development and Construction Trend for Aerospace Industry

Chapter 4: Analysis of Operation Status of High-tech Park

4.1 Development Overview of High-tech Park

- 4.1.1 Development Stages of High-tech Park
 - (1) Initial Stage of High-tech Park
 - (2) Growth Stage of High-tech Park
 - (3) Maturation Stage of High-tech Park
- 4.1.2 Development Size of High-tech Park
- 4.1.3 Development Features of High-tech Park
 - (1) Emphasize Plan Formulation Work Led by Advanced Theory
 - (2) The Government Control and Regulate Land Market and Its Development & Management
 - (3) Formulate Preferential Policies to Attract Population and Industries Gathering
 - (4) Construct Infrastructure in Advance and Pay Attention to Improve the Environment
 - (5) Raise Construction Fund from Diversified Investment and Financing Channels

4.2 Analysis of Economic Benefit of High-tech Park

- 4.2.1 Overall Development Trend for High-tech Park
- 4.2.2 Analysis of Economic Index of High-tech Enterprises in Different Registered Type
- 4.2.3 Analysis of Economic Index of High-tech Enterprises Governed by Different Organization
- 4.2.4 Analysis of Economic Index of High-tech Enterprises in Different Income Size
- 4.2.5 Analysis of Economic Index of High-tech Enterprises in Different Size of Employment

4.3 Analysis of Balance between Production and Marketing of High-tech Park

- 4.3.1 Analysis of Total Output Value of High-tech Park
 - (1) Growth of Total Industrial Output Value
 - (2) Regional Distribution of Total Industrial Output Value
- 4.3.2 Analysis of Industrial Added Value of High-tech Park
 - (1) Growth of Industrial Added Value
 - (2) Regional Distribution of Industrial Added Value
- 4.3.3 Analysis of Gross Income of High-tech Park
 - (1) Growth of Gross Income
 - (2) Regional Distribution of Gross Income
 - (3) Structure of Gross Income
- 4.3.4 Analysis of Technical Income
 - (1) Growth of Technical Income
 - (2) Regional Distribution of Technical Income
- 4.3.5 Analysis of Product Sales Income of High-tech Park
 - (1) Growth of Product Sales Income
 - (2) Regional Distribution of Product Sales Income
- 4.3.6 Analysis of Commodity Sales Income of High-tech Park
 - (1) Growth of Commodity Sales Income
 - (2) Regional Distribution of Commodity Sales Income

4.4 Analysis of Industry Structure of High-tech Park

- 4.4.1 Development Overview of Strategic Emerging Industries in High-tech Park
- 4.4.2 Category Constitution of High-tech Product in Park
- 4.4.3 Output Value Constitution of High-tech Product in Park
- 4.4.4 Sales Income Constitution of High-tech Product in Park
- 4.4.5 Export Earning Constitution of High-tech Product in Park

4.5 Analysis of Innovation Capability of High-tech Park

- 4.5.1 Quantity of R&D Employees in High-tech Park
- 4.5.2 Investment of R&D Cost in High-tech Park
 - (1) Investment of R&D Cost in High-tech Park
 - (2) Corporate Independent Investment in High-tech Park
 - (3) Scientific and Technical Financial Grand for High-tech Park
- 4.5.3 Analysis of Science and Technology Innovative Achievements of High-tech Park
 - (1) Intellectual Resource in High-tech Park
 - (2) Scientific and Technical Project in High-tech Park
 - (3) Patent Application of High-tech Park

4.6 Analysis of Growth Capability of High-tech Park

- 4.6.1 Asset Income of Enterprises in High-tech Park
- 4.6.2 Scale Operation Capability of Enterprises in High-tech Park
- 4.6.3 Technical Development Capability of Enterprises in High-tech Park
- 4.6.4 Analysis of Internationalization of Enterprises in High-tech Park
- 4.6.5 High-tech Enterprises in the Park and Listing Enterprise Group

Chapter 5: Analysis of Fields Related to High-tech Park

5.1 Analysis of Development of Science and Technology Enterprise Incubator

- 5.1.1 Definition and Classification of Science and Technology Enterprise Incubator
 - (1) Definition of Science and Technology Enterprise Incubator
 - (2) Classification of Science and Technology Enterprise Incubator
- 5.1.2 Function and Effect of Science and Technology Enterprise Incubator
 - (1) Function of Science and Technology Enterprise Incubator
 - (2) Effect of Science and Technology Enterprise Incubator
- 5.1.3 Analysis of Economic Index of Science and Technology Enterprise Incubator
 - (1) Quantity and Floor Area of Incubator
 - (2) Quantity and Gross Income of Incubator Enterprise
 - (3) Quantity of Enterprises Graduating from Incubator
 - (4) Population in Enterprises Locating in Incubator
- 5.1.4 Development of National Science and Technology Incubator
 - (1) Employment Situation in National Science and Technology Incubator
 - (2) Enterprises in National Science and Technology Incubator
 - (3) Sites of National Science and Technology Incubator
 - (4) Situation of Enterprises in National Science and Technology Incubator
 - (5) Situation of Enterprises Graduating from National Science and Technology Incubator
- 5.1.5 Development of Non-national Science and Technology Incubator
 - (1) Employment Situation in Non-national Science and Technology Incubator
 - (2) Enterprises in Non-national Science and Technology Incubator
 - (3) Sites of Non-national Science and Technology Incubator
 - (4) Situation of Enterprises in Non-national Science and Technology Incubator
 - (5) Situation of Enterprises Graduating from Non-national Science and Technology Incubator
- 5.1.6 Problems in Developing Science and Technology Enterprise Incubator
- 5.1.7 Development Prospects Forecast for Science and Technology Enterprise Incubator

5.2 Analysis of Development of Productivity Promotion Center

- 5.2.1 Development Overview of Productivity Promotion Center
- 5.2.2 Capital Investment in Productivity Promotion Center
- 5.2.3 Development Size of Productivity Promotion Center
 - (1) Quantity of Center
 - (2) Regional Distribution of Center
 - (3) Constitution of Center
 - (4) Asset Size of Center
 - (5) Personnel Structure of Center
- 5.2.4 Service Content and Income of Productivity Promotion Center
 - (1) Total Service Income of Center
 - (2) Service Content of Center
 - (3) Service Content of National Demonstrated Center
- 5.2.5 Service Performance of Productivity Promotion Center
 - (1) Quantity of Service Enterprise
 - (2) Add Sales Revenue for Enterprise
 - (3) Increase Tax Revenue for Country
 - (4) Creating Jobs for Society
 - (5) Contact to R&D Institutions and Professors
 - (6) In Terms of Cooperating with International and Hong Kong/Macao
 - (7) Service Performance of National Demonstrated Center
- 5.2.6 Problems in Developing Productivity Promotion Center
- 5.2.7 Development Prospects Forecast for Productivity Promotion Center

5.3 Analysis of Development of National University Science Park

- 5.3.1 Development Overview of National University Science Park
- 5.3.2 Regional Distribution of National University Science Park

- 5.3.3 Development Size of National University Science Park
 - (1) Quantity of National University Science Park
 - (2) Total Incubation Fund for National University Science Park
 - (3) Fixed Asset of National University Science Park
- 5.3.4 Personnel Situation of National University Science Park
 - (1) Population of National University Science Park
 - (2) Personnel Structure of National University Science Park
- 5.3.5 Analysis of Incubator for National University Science Park
 - (1) Gross Area of National University Science Park
 - (2) Area Application National University Science Park
- 5.3.6 Analysis of Incubation Enterprises in National University Science Park
 - (1) Analysis of Enterprises in National University Science Park Incubator
 - (2) Analysis of Enterprises Graduating from National University Science Park Incubator
- 5.3.7 Problems in National University Science Park
- 5.3.8 Development Prospects Forecast for National University Science Park

5.4 Analysis of Development of Technical Contract Trading Market

- 5.4.1 Concept and Classification of Technical Contract
 - (1) Concept of Technical Contract
 - (2) Classification of Technical Contract
- 5.4.2 Analysis of Turnover of National Technical Contract
 - (1) Quantity of Technical Contract
 - (2) Turnover of Technical Contract
- 5.4.3 Analysis of Constitution of National Technical Contract
 - (1) Constitution of Technology Category
 - (2) Constitution of Property Right
 - (3) Constitution of Technical Field
 - (4) Constitution of Social Economic Goal
 - (5) Constitution of Planned Project
 - (6) Constitution of Seller's Institution
 - (7) Constitution of Buyer's Institution
- 5.4.4 Analysis of Constitution of Major Technical Contracts
 - (1) Constitution of Contract Category
 - (2) Constitution of Property Right
 - (3) Constitution of Technical Field
- 5.4.5 Registration Situation of National Technical Contract
 - (1) Registration Quantity of Technical Contract in Major Province and Cities
 - (2) Turnover of Technical Contract in Major Province and Cities
- 5.4.6 Technical Trading Situation in Key Regions
 - (1) Technical Trading Situation in East China
 - (2) Technical Trading Situation in Central China
 - (3) Technical Trading Situation in West China
 - (4) Technical Trading Situation in Northeast China
 - (5) Technical Trading Situation in Bohai Rim Zone
 - (6) Technical Trading Situation in Yangtze River Delta Zone
 - (7) Technical Trading Situation in Pearl River Delta Zone

5.5 Analysis of Development of National Torch Plans

- 5.5.1 Development Overview of National Torch Plans
- 5.5.2 Total Development Status of National Torch Plan Programs
 - (1) Quantity of National Torch Plan Programs
 - (2) Production and Marketing Size of National Torch Plan Programs
 - (3) Profit of National Torch Plan Programs
 - (4) Export Earning of National Torch Plan Programs
- 5.5.3 Analysis of Capital Source of National Torch Plan Programs
 - (1) Total Investment in National and Regional Programs
 - (2) Determined Money for National and Regional Programs
- 5.5.4 Development Status of Torch Plan Programs in Different Regions
 - (1) Program Quantity of National Torch Plan
 - (2) Technical Source of National Torch Plan in Different Regions
 - (3) Production and Marketing Volume of National Torch Plan in Different Regions

- (4) Profit of National Torch Plan in Different Regions
- 5.5.5 Development Status of National Torch Plans in Different Technical Fields
 - (1) Program Quantity Comparison among National Torch Plans in Different Technical Fields
 - (2) Production and Marketing Volume of National Torch Plans in Different Technical Fields
 - (3) Profit of National Torch Plans in Different Technical Fields
- 5.5.6 Development Status of National Torch Plan Programs in Different Institutions
 - (1) Program Quantity Comparison among National Torch Plans in Different Institutions
 - (2) Production and Marketing Volume of National Torch Plans in Different Institutions
 - (3) Profit of National Torch Plans in Different Institutions
- 5.5.7 Development Status of Torch Plan Programs with Different Sources of Technology
 - (1) Program Quantity Comparison among Torch Plan Programs with Different Sources of Technology
 - (2) Production and Marketing Volume of Torch Plan Programs with Different Sources of Technology
 - (3) Profit of Torch Plan Programs with Different Sources of Technology
- 5.5.8 Development Status of Torch Plan Programs with Different Size of Income
 - (1) Program Quantity Comparison among Torch Plan Programs with Different Size of Income
 - (2) Production and Marketing Volume of Torch Plan Programs with Different Size of Income
 - (3) Profit of Torch Plan Programs with Different Size of Income

Chapter 6: Analysis of Regional Development of High-tech Park

6.1 Construction Status and Plan of Beijing High-tech Park

- 6.1.1 Land Utilization Status and Planning of Beijing Development Zone
 - (1) Land Utilization Plan of Beijing Development Zone
 - (2) Land Utilization Situation of
 - (3) Land Utilization Situation of Beijing High-tech Park
- 6.1.2 Development Status and Plan of Beijing High-tech Industry
 - (1) Development Status of Beijing High-tech Industry
 - (2) Development Plan for Beijing High-tech Industry
- 6.1.3 Layout Status of Beijing High-tech Park
- 6.1.4 Investment Projects in Beijing High-tech Park
 - (1) Quantity of Investment Project Enterprise
 - (2) Investment Size of Investment Project
 - (3) Foreign Capital in Investment Project
 - (4) Foreign Investment Size of Investment Project
- 6.1.5 Construction Status of Beijing High-tech Park
 - (1) FAI
 - (2) Construction Area
 - (3) Income Growth
 - (4) Profit Growth
- 6.1.6 Development Opportunities for Beijing High-tech Park

6.2 Construction Status and Plan of Shanghai High-tech Park

- 6.2.1 Land Utilization Status and Plan of Shanghai Development Zone
 - (1) Land Utilization Status of Shanghai Development Zone
 - (2) Land Utilization Plan for Shanghai Development Zone
- 6.2.2 Development Status and Plan of Shanghai High-tech Industry
 - (1) Development Status of Shanghai High-tech Industry
 - (2) Development Plan for Shanghai High-tech Industry
- 6.2.3 Layout Status of Shanghai High-tech Park
- 6.2.4 Investment Projects in Shanghai High-tech Park
- 6.2.5 Operation Status of Shanghai High-tech Park
- 6.2.6 Development Opportunities for Shanghai High-tech Park

6.3 Construction Status and Plan of Guangdong High-tech Park

- 6.3.1 Land Utilization Status and Plan of Guangdong Development Zone
- 6.3.2 Development Status and Plan of Guangdong High-tech Industry
 - (1) Development Status of Guangdong High-tech Industry
 - (2) Development Plan for Guangdong High-tech Industry
- 6.3.3 Layout Status of Guangdong High-tech Park
- 6.3.4 Investment Projects in Guangdong High-tech Park
- 6.3.5 Operation Status of Guangdong High-tech Park
 - (1) Strategic Positioning of High-tech Park
 - (2) Development Status of High-tech Park

- (3) Innovation Carrier of High-tech Park
- (4) Service Platform of High-tech Park
- 6.3.6 Development Opportunities for Guangdong High-tech Park
- 6.4 Construction Status and Plan of Shandong High-tech Park**
- 6.4.1 Land Utilization and Plan of Shandong Development Zone
- 6.4.2 Development Status and Plan of Shandong High-tech Industry
 - (1) Development Status of Shandong High-tech Industry
 - (2) Development Plan of Shandong High-tech Industry
- 6.4.3 Layout Status of Shandong High-tech Park
- 6.4.4 Investment Project of Shandong High-tech Park
- 6.4.5 Construction Status of Shandong High-tech Park
- 6.4.6 Development Opportunities for Shandong High-tech Park
- 6.5 Construction Status and Plan of Zhejiang High-tech Park**
- 6.5.1 Land Utilization Status and Plan of Zhejiang Development Zone
- 6.5.2 Development Status and Plan of Zhejiang High-tech Industry
 - (1) Development Status of Zhejiang High-tech Industry
 - (2) Development Plan of Zhejiang High-tech Industry
- 6.5.3 Layout Status of Zhejiang High-tech Park
- 6.5.4 Investment Project of Zhejiang High-tech Park
- 6.5.5 Construction Status of Zhejiang High-tech Park
- 6.5.6 Development Opportunities for Zhejiang High-tech Park
- 6.6 Construction Status and Plan of Jiangsu High-tech Park**
- 6.6.1 Land Utilization Status and Plan of Jiangsu Development Zone
- 6.6.2 Development Status and Plan of Jiangsu High-tech Industry
 - (1) Development Status of Jiangsu High-tech Industry
 - (2) Development Plan of Jiangsu High-tech Industry
- 6.6.3 Layout Status of Jiangsu High-tech Park
- 6.6.4 Investment Project of Jiangsu High-tech Park
- 6.6.5 Construction Status of Jiangsu High-tech Park
- 6.6.6 Development Opportunities for Jiangsu High-tech Park
- 6.7 Construction Status and Plan of Liaoning High-tech Park**
- 6.7.1 Land Utilization Status and Plan of Liaoning Development Zone
- 6.7.2 Development Status and Plan of Liaoning High-tech Industry
 - (1) Development Status of Liaoning High-tech Industry
 - (2) Development Plan of Liaoning High-tech Industry
- 6.7.3 Layout Status of Liaoning High-tech Park
- 6.7.4 Investment Project of Liaoning High-tech Park
- 6.7.5 Construction Status of Liaoning High-tech Park
- 6.7.6 Development Opportunities for Liaoning High-tech Park
- 6.8 Construction Status and Plan of Jilin High-tech Park**
- 6.8.1 Land Utilization Status and Plan of Jilin Development Zone
- 6.8.2 Development Status and Plan of Jilin High-tech Industry
 - (1) Development Status of Jilin High-tech Industry
 - (2) Development Plan of Jilin High-tech Industry
- 6.8.3 Layout Status of Jilin High-tech Park
- 6.8.4 Investment Project of Jilin High-tech Park
- 6.8.5 Construction Status of Jilin High-tech Park
- 6.8.6 Development Opportunities for Jilin High-tech Park
- 6.9 Construction Status and Plan of Hubei High-tech Park**
- 6.9.1 Land Utilization Status and Plan of Hubei Development Zone
- 6.9.2 Development Status and Plan of Hubei High-tech Industry
 - (1) Development Status of Hubei High-tech Industry
 - (2) Development Plan of Hubei High-tech Industry
- 6.9.3 Layout Status of Hubei High-tech Park
- 6.9.4 Investment Project of Hubei High-tech Park
- 6.9.5 Construction Status of Hubei High-tech Park
- 6.9.6 Development Opportunities for Hubei High-tech Park
- 6.10 Construction Status and Plan of Hunan High-tech Park**
- 6.10.1 Land Utilization Status and Plan of Hunan Development Zone

- 6.10.2 Development Status and Plan of Hunan High-tech Industry
 - (1) Development Status of Hunan High-tech Industry
 - (2) Development Plan of Hunan High-tech Industry
- 6.10.3 Layout Status of Hunan High-tech Park
- 6.10.4 Investment Project of Hunan High-tech Park
- 6.10.5 Construction Status of Hunan High-tech Park
- 6.10.6 Development Opportunities for Hunan High-tech Park
- 6.11 Construction Status and Plan of Sichuan High-tech Park**
 - 6.11.1 Land Utilization Status and Plan of Sichuan Development Zone
 - 6.11.2 Development Status and Plan of Sichuan High-tech Industry
 - (1) Development Status of Sichuan High-tech Industry
 - (2) Development Plan of Sichuan High-tech Industry
 - 6.11.3 Layout Status of Sichuan High-tech Park
 - 6.11.4 Investment Project of Sichuan High-tech Park
 - 6.11.5 Construction Status of Sichuan High-tech Park
 - 6.11.6 Development Opportunities for Sichuan High-tech Park
- 6.12 Construction Status and Plan of Shaanxi High-tech Park**
 - 6.12.1 Land Utilization Status and Plan of Shaanxi Development Zone
 - 6.12.2 Development Status and Plan of Shaanxi High-tech Industry
 - (1) Development Status of Shaanxi High-tech Industry
 - (2) Development Plan of Shaanxi High-tech Industry
 - 6.12.3 Layout Status of Shaanxi High-tech Park
 - 6.12.4 Investment Project of Shaanxi High-tech Park
 - 6.12.5 Construction Status of Shaanxi High-tech Park
 - 6.12.6 Development Opportunities for Shaanxi High-tech Park
