

China Silicon Carbide Rod Industry Report (2016–2021), Market Forecast and Investment Strategic Planning

目 录

CONTENTS

Chapter 1: Overview of development of China's silicon carbide rod industry

- 1.1 definition and classification of silicon carbide rod industry
 - 1.1.1 concept and definition of the industry
 - 1.1.2 classification of major products of the industry
- 1.2 statistical standard of silicon carbide rod industry
 - 1.2.1 statistical offices and statistical method of the industry
 - 1.2.2 statistical methods of the industry
 - 1.2.3 data type of the industry
- 1.3 analysis of operation of upstream silicon carbide rod industry
 - 1.3.1 introduction of industry chain of the industry
 - 1.3.2 analysis of raw materials market of battery
 - 1.3.3 impact of upstream industry on silicon carbide rod industry
- 1.4 analysis of market environment of silicon carbide rod industry
 - 1.4.1 analysis of economic environment of the industry
 - (1) analysis of foreign and domestic economic environment
 - (2) analysis of impact of macro economy on the industry
 - 1.4.2 analysis of policy environment of the industry
 - (1) related standards of the industry
 - (2) summary of related policies of the industry
 - (3) development planning of the industry
 - 1.4.3 analysis of social environment of the industry
 - (1) status quo of social environment of the industry
 - (2) trends of social environment of the industry
 - 1.4.4 analysis of technical environment of the industry
 - (1) analysis of technical activity of the industry
 - (2) analysis of leading-technology enterprises of the industry
 - (3) analysis of hot technology of the industry
- 1.5 research methods and research unit of the report
 - 1.5.1 introduction of research unit
 - 1.5.2 overview of research methods

Chapter 2: Analysis of development of China's silicon carbide rod industry

- 2.1 analysis of development of China's silicon carbide rod industry
 - 2.1.1 overview of overall development of the industry
 - 2.1.2 major characteristics of development of the industry
 - 2.1.3 analysis of influencing factors of the industry
- 2.2 analysis of operation of China's silicon carbide rod industry
 - 2.2.1 analysis of operation benefit of the industry
 - 2.2.2 analysis of profitability capability of the industry
 - 2.2.3 analysis of operation capability of the industry
 - 2.2.4 analysis of solvency capability of the industry
 - 2.2.5 analysis of development capability of the industry
- 2.3 analysis of supply and demand balance of China's silicon carbide rod industry
 - 2.3.1 analysis of supply of the industry
 - (1) analysis of output of the industry
 - 1) analysis of scale of yield of the industry
 - 2) regional distribution of yield of the industry
 - (2) analysis of output value of the industry
 - 1) analysis of scale of output value of the industry
 - 2) regional distribution of output value of the industry

- 2.3.2 analysis of demand of the industry
 - (1) analysis of sales value of the industry
 - 1) analysis of sales value of the industry
 - 2) regional distribution of sales value
- (2) analysis of sales revenue of the industry
 - 1) analysis of sales revenue of the industry
 - 2) regional distribution of sales revenue
- 2.3.3 analysis of supply and demand balance of the industry
- 2.4 analysis of import and export of China's silicon carbide rod industry**
 - 2.4.1 analysis of export of the industry
 - (1) overall situation of export of the industry
 - (2) structure of export product of the industry
 - 2.4.2 analysis of import of the industry
 - (1) overall situation of import of the industry
 - (2) structure of import product of the industry

Chapter 3: Analysis of market competition of China's silicon carbide rod industry

- 3.1 analysis of competition of the international market**
 - 3.1.1 development of the international silicon carbide rod industry
 - 3.1.2 analysis of competition of the international silicon carbide rod industry
 - 3.1.3 analysis of investment of the international silicon carbide rod enterprises in China
 - 3.1.4 analysis of development trends of the international silicon carbide rod industry
- 3.2 analysis of competition of the domestic market**
 - 3.2.1 analysis of concentration of domestic silicon carbide rod industry
 - (1) analysis of sales concentration of the industry
 - (2) analysis of assets concentration of the industry
 - (3) analysis of profit concentration of the industry
 - 3.2.2 analysis of five forces of domestic silicon carbide rod industry
 - (1) analysis of bargaining power of the upstream
 - (2) analysis of bargaining power of the downstream
 - (3) threat of new entrants
 - (4) threat of substitutes
 - (5) analysis of status quo of industry competition
 - (6) summary of competition
 - 3.2.3 analysis of competition of different economic types of enterprises of the industry
 - (1) characteristics of different economic types of enterprises
 - (2) analysis of economic-type concentration of the industry
 - 3.2.4 analysis of investment, merger and restructuring of silicon carbide rod enterprise
 - (1) characteristics of investment, merger and restructuring of the industry
 - (2) trends of investment, merger and restructuring of the industry

Chapter 4: Analysis of main product markets of China's silicon carbide rod industry

- 4.1 analysis of structural characteristics of products of silicon carbide rod industry**
- 4.2 analysis of product market classified by function and shape**
 - 4.2.1 analysis of U-type silicon carbide rod market
 - 4.2.2 analysis of gun-type silicon carbide rod market
 - 4.2.3 analysis of hill-type silicon carbide rod market
 - 4.2.4 analysis of hill-type silicon carbide rod market
 - 4.2.5 analysis of door-type silicon carbide rod market
- 4.3 analysis of product market classified by diameter**
 - 4.3.1 analysis of GC-type silicon carbide rod market
 - 4.3.2 analysis of GD-type silicon carbide rod market
- 4.4 analysis of product market classified by different application areas**
 - 4.4.1 analysis of silicon carbide rod market in the field of ceramics
 - (1) development of ceramics market
 - (2) silicon carbide rod market in the field of ceramics
 - (3) forecast of silicon carbide rod market in the field of ceramics
 - 4.4.2 analysis of silicon carbide rod market in the field of glass
 - (1) development of glass market
 - (2) silicon carbide rod market in the field of glass
 - (3) forecast of silicon carbide rod market in the field of glass

- 4.4.3 analysis of silicon carbide rod market in the field of powder metallurgy
 - (1) development of powder metallurgy market
 - (2) silicon carbide rod market in the field of powder metallurgy
 - (3) forecast of silicon carbide rod market in the field of powder metallurgy
- 4.4.4 analysis of silicon carbide rod market in the field of magnetic materials
 - (1) development of magnetic materials market
 - (2) silicon carbide rod market in the field of magnetic materials
 - (3) forecast of silicon carbide rod market in the field of magnetic materials
- 4.4.5 analysis of silicon carbide rod market in the field of rare earth
 - (1) development of rare earth market
 - (2) silicon carbide rod market in the field of rare earth
 - (3) forecast of silicon carbide rod market in the field of rare earth

Chapter 5: Analysis of operation of leading enterprises of China's silicon carbide rod industry

5.1 analysis of the overall development of silicon carbide rod enterprises

- 5.1.1 corporate scale of silicon carbide rod industry
- 5.1.2 industrial output of silicon carbide rod industry
- 5.1.3 sales revenue and profit of silicon carbide rod industry

5.2 case study of operation of leading enterprises of silicon carbide rod industry

- 5.2.1 Yishui Guanyu Hi-tech Silicon Carbide Ceramics Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's organizational structure
 - (3) analysis of the company's product structure and new product developments
 - (4) analysis of the company's operation
 - 1) analysis of major economic indicators
 - 2) analysis of the company's profitability capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's solvency capability
 - 5) analysis of the company's development capability
 - (5) analysis of advantages and disadvantages of the company
 - (6) analysis of investment, merger and restructuring of the company
 - (7) analysis of the company's latest development trend
- 5.2.2 Xuchang Hengxu Electric Components Factory
 - (1) brief introduction of the company's development
 - (2) analysis of the company's organizational structure
 - (3) analysis of the company's product structure and new product developments
 - (4) analysis of the company's operation
 - 1) analysis of major economic indicators
 - 2) analysis of the company's profitability capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's solvency capability
 - 5) analysis of the company's development capability
 - (5) analysis of advantages and disadvantages of the company
 - (6) analysis of investment, merger and restructuring of the company
 - (7) analysis of the company's latest development trend
- 5.2.3 Liaoyang Hongtu Carbide Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's organizational structure
 - (3) analysis of the company's product structure and new product developments
 - (4) analysis of the company's operation
 - 1) analysis of major economic indicators
 - 2) analysis of the company's profitability capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's solvency capability
 - 5) analysis of the company's development capability
 - (5) analysis of advantages and disadvantages of the company
 - (6) analysis of investment, merger and restructuring of the company
 - (7) analysis of the company's latest development trend
- 5.2.4 Shandong Basan Thermal Silicon Carbide Factory

- (1) brief introduction of the company's development
 - (2) analysis of the company's organizational structure
 - (3) analysis of the company's product structure and new product developments
 - (4) analysis of the company's operation
 - 1) analysis of major economic indicators
 - 2) analysis of the company's profitability capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's solvency capability
 - 5) analysis of the company's development capability
 - (5) analysis of advantages and disadvantages of the company
 - (6) analysis of investment, merger and restructuring of the company
 - (7) analysis of the company's latest development trend
- 5.2.5 Xi'an Jingde Abrasives Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's organizational structure
 - (3) analysis of the company's product structure and new product developments
 - (4) analysis of the company's operation
 - 1) analysis of major economic indicators
 - 2) analysis of the company's profitability capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's solvency capability
 - 5) analysis of the company's development capability
 - (5) analysis of advantages and disadvantages of the company
 - (6) analysis of investment, merger and restructuring of the company
 - (7) analysis of the company's latest development trend

there are another 15 enterprises

Chapter 6: Analysis of development trends and investment of China's silicon carbide rod industry

6.1 development trends and forecast of silicon carbide rod industry

- 6.1.1 analysis of development trends of silicon carbide rod industry
- 6.1.2 forecast of development prospects of silicon carbide rod industry

6.2 analysis of characteristics of investment of silicon carbide rod industry

- 6.2.1 analysis of entry barriers of silicon carbide rod industry
- 6.2.2 analysis of profit model of silicon carbide rod industry
 - (1) analysis of profit model of the industry
 - (2) analysis of profit factor of the industry

6.3 risks of investment of silicon carbide rod industry and suggestions

- 6.3.1 investment risks of the industry
- 6.3.2 investment proposals for the industry

Chapter 7: Transformation and upgrading of China's silicon carbide rod enterprises and strategy selection

7.1 transformation and upgrading of China's manufacturing industry

- 7.1.1 specialization and formation of the global industry value chain
- 7.1.2 major problems facing development of China's manufacturing industry
- 7.1.3 objectives of transformation and upgrading of China's manufacturing industry
- 7.1.4 main paths of transformation and upgrading of China's manufacturing industry
 - (1) from export to domestic sales
 - (2) from OEM to own brands
 - (3) from low-end to high-end
 - (4) from manufacturing to service
 - (5) integration of industrial chain resources
 - (6) from extensive management to fine management

7.2 problems of transformation and upgrading of silicon carbide rod industry

7.3 reference of experience of transformation and upgrading of silicon carbide rod enterprises and strategy selection

- 7.3.1 analysis of path of transformation and upgrading of enterprise
- 7.3.2 key factors of transformation and upgrading of enterprise
- 7.3.3 reference of experience of transformation and upgrading of enterprise
