

China Gas Genset Industry Report 2016–2021, In-depth Research and Investment Strategic Planning

目 录

CONTENTS

Chapter 1: Overview of development of gas genset industry

1.1 introduction of gas genset industry

- 1.1.1 definition of gas genset
- 1.1.2 classification of gas genset
- 1.1.3 working principle of gas genset
- 1.1.4 analysis of characteristics of gas genset

1.2 analysis of characteristics of gas genset industry

- 1.2.1 cyclical property of the industry
- 1.2.2 seasonal property of the industry

1.3 analysis of correlation between upstream and downstream industries of gas genset industry

- 1.3.1 upstream and downstream industries of the industry
 - (1) analysis of upstream industries
 - (2) analysis of downstream industries

1.4 correlation between the industry and upstream and downstream industries

- 1.4.1 correlation with upstream industries
- 1.4.2 correlation with downstream industries

Chapter 2: Status quo of development and prediction of trends of international gas genset industry

2.1 analysis of development of the international gas genset industry

- 2.1.1 overview of development of the international gas genset industry
- 2.1.2 market scale of the international gas genset industry

2.2 analysis of international leading gas genset enterprises

- 2.2.1 General Electric Company – Jenbacher gas genset
 - (1) brief introduction of the company's development
 - (2) analysis of the company's technology and product advantages
 - (3) analysis of the company's competition in China
- 2.2.2 Caterpillar
 - (1) brief introduction of the company's development
 - (2) analysis of the company's technology and product advantages
 - (3) analysis of the company's competition in China
- 2.2.3 Daimler
 - (1) brief introduction of the company's development
 - (2) analysis of the company's technology and product advantages
 - (3) analysis of the company's competition in China
- 2.2.4 German Mannheim
 - (1) brief introduction of the company's development
 - (2) analysis of the company's technology and product advantages
 - (3) analysis of the company's competition in China
- 2.2.5 American Waukesha
 - (1) brief introduction of the company's development
 - (2) analysis of the company's technology and product advantages
 - (3) analysis of the company's competition in China
- 2.2.6 Cummins
 - (1) brief introduction of the company's development
 - (2) analysis of the company's technology and product advantages
 - (3) analysis of the company's competition in China

2.3 development trends of global gas genset industry and forecast

- 2.3.1 development trends of global gas genset industry
- 2.3.2 forecast of global gas genset industry

Chapter 3: Status quo of development and prediction of trends of China's gas genset industry

- 3.1 Analysis of development of China's gas genset industry**
 - 3.1.1 development process of China's gas genset industry
 - 3.1.2 status quo of development of China's gas genset industry
 - 3.1.3 competitive landscape of China's gas genset industry
 - 3.1.4 analysis of push factors of China's gas genset industry
 - 3.1.5 analysis of unfavorable factors of China's gas genset industry
- 3.2 analysis of market of China's gas genset industry**
 - 3.2.1 domestic market scale of gas genset industry
 - 3.2.2 analysis of import and export of gas genset industry
- 3.3 analysis of development trends of China's gas genset industry**
 - 3.3.1 analysis of market trends of China's gas genset industry
 - 3.3.2 forecast of domestic market scale of gas genset industry

Chapter 4: Analysis of market environment of gas genset industry

- 4.1 analysis of policy environment of the industry**
 - 4.1.1 authorities and regulatory regime of the industry
 - 4.1.2 laws and regulations and industrial policies of the industry
- 4.2 analysis of economic environment of the industry**
 - 4.2.1 analysis of macro economic environment
 - 4.2.2 forecast of macro economic environment
- 4.3 analysis of consumption environment of the industry**
 - 4.3.1 analysis of status quo of consumption of the industry
 - 4.3.2 analysis of consumption trends of the industry
- 4.4 analysis of technical environment of the industry**
 - 4.4.1 analysis of quantity of patent applications of industry technology
 - 4.4.2 analysis of patent applicant of the industry
 - 4.4.3 analysis of development of hot technology of the industry

Chapter 5: Application market and forecast of scale of gas genset industry

- 5.1 analysis of market of communications industry and forecast of scale**
 - 5.1.1 analysis of status quo of development of communications industry
 - 5.1.2 analysis of application of gas genset in communications industry
 - 5.1.3 competitive landscape of communications gas genset market
 - 5.1.4 scale and forecast of communications gas genset market
 - 5.1.5 status quo of import and export and forecast of export of communications gas genset market
 - 5.1.6 impact of development of communications industry on gas genset industry
- 5.2 analysis of market of power industry and forecast of scale**
 - 5.2.1 analysis of status quo of development of power industry
 - 5.2.2 analysis of application of gas genset in power industry
 - 5.2.3 competitive landscape of power gas genset market
 - 5.2.4 scale and forecast of power gas genset market
 - 5.2.5 impact of development of power industry on gas genset industry
- 5.3 analysis of application fields of gas genset for different uses**
 - 5.3.1 application market of standby power
 - (1) status quo of nuclear power plant construction and analysis of demand for standby power
 - (2) status quo of thermal power plant construction and analysis of demand for standby power
 - (3) analysis of demand for standby power in hospitals, banks, airports
 - (4) analysis of other application markets of standby power
 - (5) forecast of application of standby power
 - 5.3.2 application market of mobile power
 - (1) analysis of power supporting equipment market for natural disaster emergency
 - (2) analysis of demand for mobile power in grid overhaul and geological exploration
 - (3) analysis of other application markets of mobile power
 - (4) forecast of application of mobile power
 - 5.3.3 application market of alternative power
 - (1) analysis of demand for alternative power in regions lack of electricity popularity
 - (2) analysis of demand for alternative power in regional blackouts
 - (3) forecast of application of alternative power
- 5.4 analysis of major buyers of gas genset**

- 5.4.1 government agency
- 5.4.2 communications enterprise
 - (1) China Mobile Communications Group
 - (2) China Radio International
 - (3) China United Network Communications Group Company Limited
 - (4) China Telecom Corporation
- 5.4.3 metallurgical enterprise
- 5.4.4 plant enterprise
 - (1) Chongqing Second Waste Incineration Plant
 - (2) Qinghai Datang International Zhiganglaka Hydropower Development Co., Ltd.
 - (3) State Grid Energy Development Co., Ltd.
 - (4) Jinshajiang Xiangjiaba Hydropower Station
- 5.4.5 Analysis of other buyers

Chapter 6: Analysis of operation of major enterprises of China's gas genset industry

6.1 analysis of the overall development of gas genset enterprises

- 6.1.1 scale of gas genset enterprises
- 6.1.2 industrial output value of gas genset industry
- 6.1.3 sales revenue and profit of gas genset industry

6.2 case study of leading enterprises of gas genset industry

- 6.2.1 Shandong Huali Electromechanical Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's products and technology
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's operation
 - 1) analysis of the company's major economic indicators
 - 2) analysis of the company's profitability capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's solvency capability
 - 5) analysis of the company's development capability
 - (5) analysis of advantages and disadvantages of the company's operation
 - (6) analysis of the company's latest development trend
- 6.2.2 SDNE Technology Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's products and technology
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's operation
 - 1) analysis of the company's capabilities of production and marketing
 - 2) analysis of the company's profitability capability
 - 3) analysis of the company's operation capability
 - 4) analysis of the company's solvency capability
 - 5) analysis of the company's development capability
 - (5) analysis of advantages and disadvantages of the company's operation
 - (6) analysis of the company's latest development trend
- 6.2.3 Camda New Energy Equipment Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's products and technology
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's operation
 - (5) analysis of advantages and disadvantages of the company's operation
 - (6) analysis of the company's latest development trend
- 6.2.4 Guangdong Liyu New Energy Technology Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's products and technology
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's operation
 - (5) analysis of advantages and disadvantages of the company's operation
 - (6) analysis of the company's latest development trend
- 6.2.5 Zibo Zicai New Energy Co., Ltd.
 - (1) brief introduction of the company's development

- (2) analysis of the company's products and technology
- (3) analysis of the company's sales channels and network
- (4) analysis of the company's operation
- (5) analysis of advantages and disadvantages of the company's operation
- (6) analysis of the company's latest development trend

there are another 15 enterprises

Chapter 7: Forecast of investment of gas genset industry

7.1 analysis of characteristics of investment of gas genset industry

7.1.1 analysis of entry barriers of the industry

- (1) technical barrier
- (2) barrier of market access
- (3) barrier of authorization of upstream manufacturers
- (4) capital barrier
- (5) barrier of customer resources and personalized services

7.1.2 analysis of profit model of the industry

7.1.3 analysis of profit factor of the industry

7.2 risks of investment of gas genset industry

7.2.1 policy risk

7.2.2 technical risk

7.2.3 market risk

7.2.4 other risks

7.3 investment advice for gas genset industry

7.3.1 analysis of status quo of investment of the industry

7.3.2 major investment advice for the industry
