China Duty Free Industry Report of Market Prospective and Investment Strategy Planning, 2013-2017

目 录

CONTENTS

Chapter 1: Overview of duty free industry
1.1 Overview of duty free industry
1.1.1 definition and classification
(1) the definition and classification of duty free items
(2) the definition and classification of duty free shops
1.1.2 characteristics
1.1.3 Introduction of the duty free industry chain
1.2 Analysis of duty free industry' s development environment
1.2.1 policy environment analysis
(1) trade management system
(2) main industry laws and regulations
(3) main policies
1) the duty free market access and management policies
2) the duty free business policy
3) the relevant tax policy and foreign exchange management policy
1.2.2 economic environment analysis
(1) the international macroeconomic environment analysis
(2) the domestic macroeconomic environment analysis
(3) the correlation of macroeconomic and industry
1.2.3 consumer environmental analysis
1.2.4 social environment analysis
Chapter 2: Analysis of development of related China duty free industries
2.1 Tourism Development Analysis
2.1.1 the overall situation of the global tourism development
(1) analysis of global international tourist arrivals
(2) analysis of global international tourism revenues
(3) ranking of global international tourism expenditure
2.1.2 China new policies and regulations on tourism industry
(1) country to support the development of tourism
(2) country to support tourism development in the western region
(3) country' s policy of expanding domestic demand to promote the tourism market scale
2.1.3 analysis of the China tourism market segment
(1) China Inbound Tourism Market Analysis
1) Overview of China inbound tourism
2) the main features of inbound tourism
3) development forecast for the inbound tourism market
(2) analysis of China outbound tourism market
1) Overview of China outbound tourism
2) popular destinations of outbound tourism
3) development forecast for outbound tourism market
(3) China Domestic Tourism Market Analysis
1) Overview of the domestic tourism
2) characteristics of the development of domestic tourism
3) development forecast for the domestic tourism market
2.1.4 analysis of the impact of tourism development on the duty free industry
2.2 Analysis of Airport Development
2.2.1 Analysis of cost of revenues of the airport industry
(1) the cost composition
(2) the revenue composition

(3) increase non-aeronautical revenue into the development trend
2.2.2 China airport industry’s development status
(1) construction of airports
(2) Scale of airports
(3) the regional distribution of airports
(4) Airport traffic analysis
(5) Airport aircraft movements
2.2.3 analysis of the China airport non-aeronautical business development
(1) structural analysis of airport Income
(2) analysis of the airport non-aeronautical revenue
(3) the future earning points
2.2.4 China airport industry’s trends and prospects
2.2.5 analysis of the impact of airport development on duty free industry
2.3 Analysis of the aviation industry
2.3.1 the development of the aviation industry
(1) the total amount of air transportation
(2) air passenger quantity
(3) the route network analysis
(4) Analysis of External Relations
(5) Analysis of the normal rate of flights
(6) analysis of the level of air transportation
(7) analysis of airline operation
(8) efficiency analysis of air transport
(9) economic analysis of aviation
2.3.2 analysis of the airline industry’s consolidation trend
(1) accelerate the integration of the global aviation industry
(2) the competitive environment is unfavorable for private airlines
(3) prelude to bankruptcy of the domestic private airlines
(4) After the storm airlines differentiation will intensify

2.3.3 supply and demand forecast for the aviation industry capacity
(1) forecasting domestic aviation transportation capacity
(2) forecasting domestic aviation supply capacity
1) analysis of the impact of the aviation industry on duty free industry
Chapter 3: Analysis of development and operation of domestic duty free industry
3.1 development status of global duty free industry
3.1.1 development process of the global duty free industry
3.1.2 analysis of the size of the global duty free industry
3.1.3 analysis of the world’s leading duty free sales groups
3.1.4 analysis of the global duty free industry’s channels
(1) composition of sales channels
(2) analysis of the global market share of airport duty free shops
3.2 development status of China duty free industry
3.2.1 the development process of China duty free industry
3.2.2 China duty free industry development status
(1) profile analysis of China duty free industry
(2) sales analysis of China duty free industry
(3) area analysis of China duty free industry
(4) sales channel analysis of China duty free industry
3.2.3 seasonality of China duty free industry
3.2.4 analysis of the status of China in the global duty free industry
3.3 analysis of operation of domestic duty free industry
3.3.1 operation features of the duty free items
3.3.2 the way of the country operating duty free business
(1) The state designate state-owned professional companies unified management to by administrative means
(2) The Government determine franchisee by international bidding in duty free industry
3.4 typical business processes of China duty free industry
3.4.1 duty free wholesale business flowchart

3.4.2 duty free retail business flowchart
3.4.3 brand agency business processes
3.5 Main operation models of China duty free industry
3.5.1 procurement model
3.5.2 distribution model
3.5.3 sales model
3.6 Business model analysis of China duty free industry
3.6.1 demand for innovation and customer value
3.6.2 income exceeded / generation mode
3.6.3 reduce the cost
3.6.4 control and pricing
3.6.5 copy and extension
3.7 The development of China airport duty free purchasing gave birth to the network purchasing
3.7.1 Analysis of network purchasing market
3.7.2 analysis of purchasing generation
3.7.3 analysis of purchasing rate
Chapter 4: Analysis of domestic duty free market segmentation
4.1 Analysis of global duty free market segmentation
4.1.1 the product structure of global duty free industry
4.1.2 analysis of the global tobacco market share
4.1.3 analysis of the global fragrance market share
4.1.4 analysis of the global luxury market share analysis
4.2 Analysis of China Duty Free market segmentation
4.2.1 analysis of the product structure of the China duty free industry
4.2.2 analysis of the China tobacco and alcohol duty free market
(1) analysis of cigarettes duty free market
(2) analysis of wine duty free market
(3) analysis of spirits duty free market
4.3 market analysis of the China cosmetics and perfumes duty free
4.3.1 market analysis of tax free cosmetics
4.3.2 market analysis of tax free perfumes
4.4 Market analysis of the China duty free food
4.5 Market analysis of the China duty free domestic items
Chapter 5: Competitive analysis of duty free industry
5.1 competition of global duty free industry
5.1.1 analysis of the distribution of the global duty free and travel retail industry
5.1.2 analysis of the duty free industry in the Asia Pacific Market
(1) product structure analysis
(2) market share in global classified product sales
(3) Analysis of sales of various channels
5.2 Analysis of operation of leading international duty free operators
5.2.1 DFS Global Duty free Group
(1) Company Introduction
(2) the distribution of duty free shops
(3) The company operates duty free merchandise and brand
(4) price level
(5) shopping environment
(6) customer service
(7) competitive advantage
(8) competitive disadvantage
