

Report of Prospects and Investment Strategy Planning on China Emergency Response Industry (2022–2027)

目 录

CONTENTS

Chapter 1: The Overview of Emergency Response Industry and the Description of Data Sources

- 1.1 The Definition of Emergency Response Industry
- 1.2 The Classification of Emergency Response Industry
- 1.3 The Explanation of Emergency Response Industry Terminology
- 1.4 The Research Scope of the Report
- 1.5 The Data Sources and Statistical Standards of the Report

Chapter 2: The Analysis of the Macro Environment of China Emergency Response Industry (PEST)

- 2.1 The Analysis of the Policy Environment of China Emergency Response Industry
- 2.2 The Analysis of the Economic Environment of China Emergency Response Industry
- 2.3 The Analysis of the Social Environment of China Emergency Response Industry
- 2.4 The Analysis of the Technology Environment of China Emergency Response Industry

Chapter 3: The Research of Current Status and Market Trend of Global Emergency Response Industry

- 3.1 The Development History of Global Emergency Response Industry
- 3.2 The Analysis of the Political and Legal Environment of Global Emergency Response Industry
- 3.3 The Analysis of the Current Status of Global Emergency Response Industry
- 3.4 The Market Size and Volume of Global Emergency Response Industry
- 3.5 The Regional Development Pattern and Key Regional Research of Global Emergency Response Industry
- 3.6 The Competition and Key Enterprises Case Study of Global Emergency Response Industry
- 3.7 The Trend Forecast and Market Prospect Forecast of Global Emergency Response Industry
- 3.8 The Experience of Global Emergency Response Industry

Chapter 4: The Panoramic Analysis of Enterprise Big Data of China Emergency Response Industry

- 4.1 The Types of Market Entities and Entry Methods of China Emergency Response Industry
- 4.2 The Analysis of the Characteristics of Registered Enterprises in China Emergency Response Industry

Chapter 5: The Analysis of Supply–Demand Situation and Pain Points of China Emergency Response Industry

- 5.1 The Analysis of Development History of China Emergency Response Industry
- 5.2 The Analysis of Market Characteristics of China Emergency Response Industry
- 5.3 The Construction of Management System of China Emergency Response Industry
- 5.4 The Analysis of the Supply Situation of China Emergency Response Industry
- 5.5 The Analysis of the Demand Situation of China Emergency Response Industry
- 5.6 The Interpretation the Bidding Market of China Emergency Response Industry
- 5.7 The Market Scale Measurement of China Emergency Response Industry
- 5.8 The Analysis of the Operating Efficiency of China Emergency Response Industry
- 5.9 The Analysis of Pain Points of China Emergency Response Industry

Chapter 6: The Analysis of Market Competition and Financing M&A in China Emergency Response Industry

- 6.1 The Competitive Layout of China Emergency Response Industry
- 6.2 The Analysis of Market Competition Pattern of China Emergency Response Industry
- 6.3 The Analysis of Market Concentration of China Emergency Response Industry
- 6.4 The Michael Porter's Five Forces Model of China Emergency Response Industry
- 6.5 The Investment, Financing, Mergers and Acquisitions in China Emergency Response Industry

Chapter 7: The Chain Structure and Upstream Market Layout of China Emergency Response

Industry

- 7.1 The Analysis of Structural Attributes (Industry Chain) of China Emergency Response Industry
- 7.2 The Analysis of Value Attributes (Value Chain) of China Emergency Response Industry
- 7.3 The Analysis of Hardware Equipment Market of China Emergency Response Industry
- 7.4 The Analysis of Science and Technology Service Platform of China Emergency Response Industry
- 7.5 The Impact of Upstream Market Layout on Emergency Response Industry

Chapter 8: The Segmentation of China Emergency Response Industry

- 8.1 The Segmentation Market Structure of China Emergency Response Industry
- 8.2 The Segmentation of China Emergency Response Industry I: Safety and Protection
- 8.3 The Segmentation of China Emergency Response Industry II: Monitoring and Early Warning
- 8.4 The Segmentation of China Emergency Response Industry III: Emergency Disposal and Rescue
- 8.5 The Segmentation of China Emergency Response Industry IV: Security Emergency Services
- 8.6 The Segmentation of China Security Market IV: Contraband Security Inspection
- 8.7 The Strategic Position Analysis of China Emergency Response Industry

Chapter 9: The Demand Situation of the Segmentation Application Market of China Emergency Response Industry

9.1 The Distribution of Downstream Application Scenarios/Industry Fields in China Emergency Response Industry

- 9.2 The Segmentation Application Market of China Emergency Response Industry I: Natural Disaster
- 9.3 The Segmentation Application Market of China Emergency Response Industry II: Accident and

Disaster

- 9.4 The Segmentation Application Market of China Emergency Response Industry III: Public Health
- 9.5 The Segmentation Application Market of China Emergency Response Industry IV: Public Safety
- 9.6 The Strategic Position Analysis of the Segmentation Application Market in China Emergency

Response Industry

Chapter 10: The Case Studies on Key Enterprises in China Emergency Response Industry

- 10.1 The Summary and Comparison of Key Enterprises in China Emergency Response Industry
- 10.2 The Case Analysis of Key Enterprises in China Emergency Response Industry (Customizable)

Chapter 11: The Market Forecast and Trend Prediction of China Emergency Response Industry

- 11.1 The SWOT Analysis of China Emergency Response Industry
- 11.2 The Assessment of Development Potential of China Emergency Response Industry
- 11.3 The Development Prospect of China Emergency Response Industry
- 11.4 The Forecast of Development Trend of China Emergency Response Industry

Chapter 12: The Investment Strategy Planning and Suggestions for China Emergency Response Industry

- 12.1 The Entry and Exit Barriers of China Emergency Response Industry
- 12.2 The Investment Risk Warning of China Emergency Response Industry
- 12.3 The Investment Value Assessment of China Emergency Response Industry
- 12.4 The Analysis of Investment Opportunities of China Emergency Response Industry
- 12.5 The Investment Strategies and Suggestions of China Emergency Response Industry
- 12.6 The Suggestions for Sustainable Development of China Emergency Response Industry

图表目录

- Chart 1: The Definition of Emergency Response Industry
- Chart 2: The Classification of Emergency Response Industry in Classification and Codes of National Economic Industries
- Chart 3: The Classification of Emergency Response Industry
- Chart 4: The Explanation of Security Terminology
- Chart 5: The Research Scope of the Report
- Chart 6: The Authoritative Data Sources of the Report
- Chart 7: The Main Research Methods and Statistical Standards in the Report
- Chart 8: The Regulatory System of China Emergency Response Industry
- Chart 9: China Emergency Response Industry Administration
- Chart 10: China Emergency Response Industry Self-Regulatory Organizations

- Chart 11: China Security Standard System Construction
- Chart 12: China Security Current Standards
- Chart 13: China Security Standards to be Implemented
- Chart 14: Interpretation of Key Standards of China Security
- Chart 15: The Summary of China Emergency Response Industry Development Policies as of.....2022
- Chart 16: The Summary of China Emergency Response Industry Development Plans as of.....2022
- Chart 17: The Summary of Emergency Response Industry Policies and Plans in 31 Provinces and Cities
- Chart 18: The Interpretation of Development Goals of Emergency Response Industry in 31 Provinces and Cities
- Chart 19: The Analysis of the Impact of "14th Five-Year Plan" on Emergency Response Industry
- Chart 20: The Impact of "Industrial Structure Adjustment Catalogue" on the Development of Emergency Response Industry
- Chart 21: The Impact of Policy Environment on the Development of Emergency Response Industry
- Chart 22: The Current Situation of Macroeconomic Development in China
- Chart 23: The Outlook of China's Macroeconomic Development
- Chart 24: The Correlation Analysis between the Development of China Emergency Response Industry and Macroeconomy
- Chart 25: The Analysis of the Social Environment of China Emergency Response Industry
- Chart 26: The Impact of Social Environment on the Development of Emergency Response Industry
- Chart 27: The Scientific Research Investment in China Emergency Response Industry
- Chart 28: The Patent Applications in China Emergency Response Industry
- Chart 29: The Patent Disclosure in China Emergency Response Industry
- Chart 30: The Popular Applicants in China Emergency Response Industry
