# China Industrial Park Planning Layout and Operation Management Report

## 目 录

*CONTENTS*

Chapter 1: Background of China’s Economic Reform and Industrial Distribution
1.1 Background of China’s Economic Reform
1.2 Trend of Regional Undertaking Industrial Transfer
1.2.1 Industrial Transfer of Yangtze River Delta Economic Area
1.2.2 Industrial Transfer of Pearl River Delta Economic Area
1.2.3 Industrial Transfer of Circum-Bohai-Sea Economic Area
1.2.4 Industrial Transfer of Central Plains Economic Area
1.2.5 Industrial Transfer of West Part of China Economic Area
1.3 Trend of Regional Industrial Cluster
1.3.1 Major Characteristics of Industrial Cluster in China
1.3.2 Development Scale of Industrial Cluster in China
1.3.3 Regional Structure of Industrial Cluster in China
1.3.4 Organization Structure of Industrial Cluster in China
1.3.5 Development Model of Industrial Cluster in China
1.3.6 Distribution of the Development Industries of Industrial Cluster
(1) Distribution of Textile Clothing Industrial Cluster
(2) Distribution of Bio-Pharmaceutical Industrial Cluster
(3) Distribution of Information Industrial Cluster
(4) Distribution of Creative Industrial Cluster
(5) Distribution of other Industrial Clusters
1.4 Development Layout of the Industries in China
1.4.1 Distribution Model of Major Industries
1.4.2 Relationship between Industrial Distribution and Industrial Structure
1.4.3 Strategic Selection of China Industrial Distribution
Chapter 2: Operation Status of China Industrial Park
2.1 Overview of Industrial Park
2.1.1 Development Stage of Industrial Park
2.1.2 Primary Category and Definition of Industrial Park
(1) Science Park
(2) General Industrial Park
(3) Specialized Industrial Park
2.1.3 Management Structure Mode of Industrial Park
2.1.4 Regional Distribution of the Corporations
2.1.5 Life Cycle Characteristics of Industrial Park
(1) Major Factors Gathering Stage
(2) Industry Leading Stage
(3) Innovation Breakthrough Stage
(4) Modern Technological City Stage
2.2 Development Scale of Industrial Park
2.2.1 Amount and Scale of Industrial Park
2.2.2 Investment Scale of Industrial Park
2.2.3 Construction Area of Industrial Park
2.2.4 Scale of the Corporations in Industrial Park
2.2.5 Scale of the Employees in Industrial Park
2.3 Operation Benefit of Industrial Park
2.3.1 Profit Model of Industrial Park
(1) Profit Point of Industrial Park
(2) Profit Model of Industrial Park
(3) Comparison of the Profit Ways of Industrial Parks

2.3.2 Industrial Output Value of Industrial Park
2.3.3 Investment Revenue of Industrial Park
**2.4 Investment and Development Risks of Industrial Park**
2.4.1 Policy-oriented Risks
2.4.2 Periodicity-oriented Risks
2.4.3 Capital-chain-oriented Risks
Chapter 3: Principle Development Part of China Industrial Park
**3.1 Development Model of Industrial Park**
3.1.1 Development Model of "Park within Park"
3.1.2 Development Model of "Marketization"
3.1.3 Development Model of "Special Administration Region"
3.1.4 Development Model of "Government Assistance and Private Corporations Management"
**3.2 Principle Development Part of Residential Area**
3.2.1 Development Model of Residential Area
3.2.2 Business Model of Residential Area
3.2.3 Profit Model of Residential Area
3.2.4 Price of Residential Real Estate
3.2.5 Influencing Factors to Develop Residential Area
**3.3 Principle Development Part of Commercial Area**
3.3.1 Development Model of Commercial Area
3.3.2 Business Model of Commercial Area
3.3.3 Profit Model of Commercial Area
3.3.4 Price of Commercial Real Estate
3.3.5 Influencing Factors to Develop Commercial Area
**3.4 Principle Development Part of Industrial Area**
3.4.1 Development Model of Industrial Area
(1) Development Model of Industrial Park
(2) Industrial Land Agent Model
(3) Major Corporation Leading Model
(4) Private Owner Development Model
(5) Comprehensive Operation Model
3.4.2 Business Model of Industrial Area
3.4.3 Profit Model of Industrial Area
3.4.4 Price of Industrial Real Estate
3.4.5 Influencing Factors to Develop Industrial Area
**3.5 Government's Planning to Industrial Park**
3.5.1 Direction Selection Standards of the Industries for Industrial Park
3.5.2 Considering Factors for Corporations to Enter Industrial Park
3.5.3 Government's Positioning to the Development of Industrial Park
(1) Function Positioning and Researching Framework of Industrial Park
(2) Target Customer Selection Framework of Industrial Park
(3) Management System Researching Framework of Industrial Park
3.5.4 Government's Positioning to the Industries for Industrial Park
Chapter 4: Construction of Public Service Platform of China Industrial Park
**4.1 Construction and Function of Public Service Platform of Industrial Park**
4.1.1 Overall Structure of Public Service Platform of Industrial Park
4.1.2 Composing Factors of Public Service Platform of Industrial Park
(1) Principle Supply-and-Demand Parts of the Platform
(2) Intermediary Organs of the Platform Operation
(3) Hardware System of the Platform Operation
(4) Software System of the Platform Operation
4.1.3 Functional Modules of Public Service Platform of Industrial Park
(1) Data Inquiry Service System
(2) Intellectual Resources Service System
(3) Apparatus Sharing System
(4) Technology R&D Service System
(5) Small-sized Corporation Service System
(6) Testing Service System
(7) Pre-production Testing Service System

(8) Technology Transformation Service System
(9) Starting-Enterprise Service System
(10) Energy-Conservation-and-Environment-Protection Service System
**4.2 Operation and Service of Public Service Platform of Industrial Park**
4.2.1 Using Process of Public Service Platform
4.2.2 Operation Model of Public Service Platform
4.2.3 Service Model of Public Service Platform
(1) Charging Strategy of the Service Platform
(2) Charging Standards to User the Resources
**4.3 Construction and Guarantee of Public Service Platform of Industrial Park**
4.3.1 Principle Construction Parts of Public Service Platform
(1) Principle Parts to Invest the Platform
(2) Principle Parts to Construct and Manage the Platform
(3) Principle Parts to Participate the Platform
4.3.2 Guarantee Mechanism of Public Service Platform
(1) Capital Guarantee Mechanism
(2) System Guarantee Mechanism
(3) Operation Guarantee Mechanism
(4) Talent Guarantee Mechanism
(5) Environment Guarantee Mechanism
**4.4 Operation Cases of Guarantee Mechanism of Industrial Park**
4.4.1 Operation Case of Zhangjiang Hi-tech Park Public Service Platform
(1) Construction Content of the Platform
(2) Construction Characteristics of the Platform
(3) Operation Mechanism of the Platform
4.4.2 Operation Case of Zhongguancun Science and Technology Park Public Service Platform
(1) Construction Content of the Platform
(2) Construction Characteristics of the Platform
(3) Operation Mechanism of the Platform
4.4.3 Operation Case of Suzhou Industrial Park Public Service Platform
(1) Construction Content of the Platform
(2) Construction Characteristics of the Platform
(3) Operation Mechanism of the Platform
4.4.4 Operation Case of Xi' an Software Park Public Service Platform
(1) Construction Content of the Platform
(2) Construction Characteristics of the Platform
(3) Operation Mechanism of the Platform
4.4.5 Operation Case of Jiangsu Taizhou Medical Public Service Platform
(1) Construction Content of the Platform
(2) Construction Characteristics of the Platform
(3) Operation Mechanism of the Platform
**Chapter 5: Investment of Industrial Park Segment Fields in China**
**5.1 Investment of Hi-tech Industrial Park**
5.1.1 Basic Conditions of Hi-tech Industrial Park
(1) Development Scale of Hi-tech Industrial Park
(2) Operation Benefit of Hi-tech Industrial Park
(3) Natures of the Corporations in Hi-tech Industrial Park
(4) Product Structure of Hi-tech Industrial Park
(5) Exports of Hi-tech Industrial Park
5.1.2 Investment Planning to Bio-Pharmaceutical Industrial Park
(1) Development Model of Bio-Pharmaceutical Industrial Park
(2) Major Characteristics of Bio-Pharmaceutical Industrial Park
(3) Major Functions of Bio-Pharmaceutical Industrial Park
(4) Business Model of Bio-Pharmaceutical Industrial Park
(5) Profit Model of Bio-Pharmaceutical Industrial Park
(6) Investment Risks of Bio-Pharmaceutical Industrial Park
(7) Investment Progress and Tendency of Bio-Pharmaceutical Industrial Park
5.1.3 Investment of New-Material Industrial Park
